FOR

TRAMMEL FRESNO ROAD IMPROVEMENT PROJECT

WIDENING FROM FORT BEND PARKWAY TO FM F21

IN

FORT BEND COUNTY, TEXAS

CSJ 0912-34-144

May 2010

PUBLIC MEETING SUMMARY
Trammel Fresno Road Improvement Project
Widening from Fort Bend Parkway to FM 521
CSJ 0912-34-144

The Texas Department of Transportation (TxDOT) Houston District and Fort Bend County, Texas conducted a public meeting concerning the widening of Trammel Fresno Road from Fort Bend Parkway to FM 521 on April 29, 2010 in the cafeteria of the Hightower High School, located at 3333 Hurricane Lane in Missouri City, Texas, 77459. The improvement consists of widening the corridor to four (4) travel lanes with a center turn lane. The improvements also include construction of a sidewalk from Chimney Rock Road to Hurricane Lane, and improvements to existing traffic signals at Hurricane Lane and FM 521. The project length is 3.021 miles. No additional right-of-way (ROW) or displacements will be necessary for the proposed project.

The Notice of Public Meeting was published in the *Houston Chronicle*, *La Subasta*, and *Fort Bend Sun* newspapers. The notice and affidavits of publication are attached. In addition, post cards notifying the public of the meeting were mailed to adjacent property owners and neighborhood associations identified in the neighborhoods along the section of Trammel-Fresno Road where improvements are proposed. These notifications were mailed on April 5, 2010. A total of 302 post card notifications were mailed. A copy of the mailing list and post card are attached.

The public meeting was held, from approximately 6:00 p.m. to 8:00 p.m. in an open house format. A registration table was located inside the entrance of the cafeteria where attendees were invited to sign-in. A total of 60 citizens signed in at the registration table. Each person was provided with a blank, pre addressed comment form to share thoughts regarding the proposed project, along with an information handout which contained a brief project description, need and purpose of the proposed project.

Citizens were provided the opportunity to view the various exhibits on display (see attachments). Exhibits included information on the project (description, need and purpose, typical sections, existing conditions photos, project area with environmental elements) and an overview of the proposed project onto an aerial (2008) of the existing corridor. Additionally, project management staff was available at each station to provide information and answer questions from citizens regarding the proposed project.

Public Comments

The public was encouraged to ask questions and make comments. All verbal questions and comments were immediately addressed at this meeting. A total of twenty-two (22) comment forms were submitted at the public meeting and no additional comment forms (0) were submitted via regular mail and email by the deadline of May 13, 2010. Input gathered from meeting attendees will be evaluated and may be incorporated into the final design of the roadway improvements. Due to the repetition found within the written comments, similar comments were consolidated and paraphrased to reduce duplication. As a result, comments that appear in this summary are not the precise words found in the written forms. The intent of this action is to provide a summary and not in any way obscure the comments provided. A summary of the written forms received; along with copies of the forms themselves have been attached.

The written questions/comments received and responses below are as follows:

Comment #1 -9 – Are ramps connecting Trammel Fresno Road to the Fort Bend Parkway included as part of this project? (Appeared on a total of nine comment forms)

Response: It was noted that residents in the Trammel Fresno Road area wanting to use the Parkway (Toll Road) cannot get to an entrance without traveling to State Highway 6 first. Developing and constructing this ramp is not part of this project, overwhelming support from those in attendance for such a project was recorded.

Comment #10-11 – There were questions/concerns about the results of the noise assessment completed for this project. (Appeared on a total of two comment forms)

Response: It was noted that at this time, noise impacts are still being determined and it is unknown whether noise walls will be required at this time.

Comment #12-16 – There were questions/concerns about the projected impact on traffic of construction along Trammel Fresno Road. (Appeared on a total of four comment forms)

Response: The first phase of construction will add new lanes of traffic adjacent to the existing roadway. The second phase will shift to the newly constructed lanes while the existing roadway is reconstructed. Two lanes would be open to traffic during all phases of construction, as is the case now. Traffic may experience some localized slowdowns due to moving construction equipment. Existing driveways would be made accessible during most of construction. When the construction crews must block a driveway, they would notify the landowner. Access would be maintained to adjacent properties at all times.

Comment #17-19- – There were questions/concerns about changes in storm-water drainage as a result of the Trammel Fresno Road project. (Appeared on a total of three comment forms)

Response: The project engineers have identified improvements to the existing drainage system which would not impact or affect the flow required for serving nearby areas, while still meeting the needs of this specific project. Overall, the project would not affect storm water flow. The project will include improved ditches and subsurface drainage that would help carry the additional runoff from the roadway.

Comment #20-21 – There were questions about the safety of property adjacent to the corridor once the widening takes place. (Appeared on a total of two comment forms)

Response: In the case of these comments, the residents in question are on the north side of the roadway, between Caldera Way and Chimney Rock Road. The proposed widening of Trammel-Fresno Road should improve motorist safety and operational efficiency along the corridor. This proposed segment of roadway also includes barrier curbs, which in conjunction with the improved motorist safety should help to protect the adjacent property owners.

Comment #22 – It was understood that some, if not all, the trees would need to be removed along the corridor and whether new trees will replace what is taken. (Appeared on one comment form)

Response: There will be some vegetation removed along the corridor to facilitate construction. A comprehensive tree survey has been made to identify trees which are worthy of protection due to their age and/or species. At this time, the plan will not impact any significant trees along the corridor. Only those trees which are required will be removed. At this time, there are no plans to landscape the corridor following construction, other than the restoration of grasses on shoulders and in proposed drainage canals.

Comment #23-28 – Could sidewalks be continued east beyond the limits shown (Hurricane Lane to Chimney Road)? (Appeared on six comment forms)

Response: At this time, the project only calls for sidewalks in the area shown. Sidewalks will not be constructed east of Chimney Rock Road as part of this project.

PUBLIC MEETING NOTICES

NOTICE OF PUBLIC MEETING

The Texas Department of Transportation (TxDOT) and Fort Bend County will be conducting a public meeting to discuss the proposed improvements to Trammel-Fresno Road from the east bridge approach of Fort Bend Parkway to Farm-to-Market Road 521 (FM 521). The proposed project consists of widening the existing road from 2 to 4 lanes. The purpose of this meeting is to present the proposed design and gather public input on the proposed improvements of this facility.

This meeting will be structured in an open house format from 6:00 pm to 8:00 pm on Thursday, April 29, 2010, in the gymnasium of the Hightower High School, located at 3333 Hurricane Lane, Missouri City, TX 77459. Exhibits will be displayed and representatives from TxDOT and their study team will be available to answer individual questions. Public comments are encouraged. Forms will be available to submit written comments, which should be postmarked by Thursday, May 13, 2010 and sent to the Director of Project Development, Texas Department of Transportation, P.O. Box 1386, Houston, Texas 77251-1386.

Persons interested in attending the public meeting who have special communication or accommodation needs are encouraged to contact the TxDOT District Public Information Office at (713) 802-5072. Since the public meeting will be conducted in English, any requests for language interpreters or other special communication needs should be made at least two days prior to the meeting. TxDOT will make every reasonable effort to accommodate these needs.

Aviso de Reunión Pública

El Departamento de Transporte de Texas (TxDOT) conducirá una reunión pública para discutir las mejoras propuestos a la calle Trabar-Fresno desde la subida al puente de Fort Bend Parkway de lado este hasta la carretera FM 521. El proyecto propuesto abarcará la reconstrucción de dos carriles ya existente con cuatro carriles. El propósito de esta reunión es de presentar el diseño propuesto y recibir comentarios del público de las mejoras propuestos del proyecto.

La reunión se llevará a cabo el 29 de abril de 2010, en el gimnasio de la escuela Hightower, situado en 3333 Hurricane Lane, Missouri City, TX 77459. El formato de la reunión será de casa abierta y el horario es de 6:00 a 8:00 p.m. Las exhibiciones serán demostradas y los representantes de TxDOT y su equipo de estudio estarán disponibles para contestar preguntas individuales. Los comentarios públicos son animados y se tomaran en cuenta.

Las formas estarán disponibles para someterse comentarios escritos, que deben ser matasellados por el jueves, el 13 de mayo de 2010 y enviado al Director of Project Development, Texas Department of Transportation, P.O. Box 1386, Houston, Texas 77251-1386.

Las personas interesadas en asistir a la junta que tienen necesidades especiales de comunicación o alojamiento son incentivadas a contactar al District Public Information Officer a (713) 802-5072 al menos con dos días laborales antes de la junta. La junta pública se llevará a cabo en inglés. Las solicitudes de intérpretes de lenguaje u otras necesidades de comunicación especial se deben hacerse por lo menos dos días laborales antes de la junta pública. TxDOT hará cada esfuerzo razonable para acomodar a estas necesidades.

PUBLIC MEETING NOTIFICATION-POST CARD

TRAMMEL-FRESNO ROAD IMPROVEMENT PROJECT
EAST OF FORT BEND PARKWAY TO FM 521
PUBLIC INFORMATION MEETING
THURSDAY, APRIL 29, 2010 • 6:00-8:00 PM
HIGHTOWER HIGH SCHOOL, 3333 HURRICANE LANE, MISSOURI CITY, TX

The Texas Department of Transportation (TxDOT) and Fort Bend County will be conducting a public meeting to discuss the proposed improvements to Trammel-Fresno Road from the east bridge approach of Fort Bend Parkway to Farm-to-Market Road 521 (FM 521). The proposed project consists of widening the existing road from 2 to 4 lanes. The purpose of this meeting is to present the proposed design and gather public input on the proposed improvements of this facility.

This meeting will be structured in an open house format from 6:00 pm to 8:00 pm on Thursday, April 29, 2010, at Hightower High School, located at 3333 Hurricane Lane, Missouri City, TX 77459. Exhibits will be displayed and representatives from TxDOT and their study team will be available to answer individual questions.

Persons interested in attending the public meeting who have special communication or accommodation needs are encouraged to contact the TxDOT District Public Information Office at (713) 802-5072. Since the public meeting will be conducted in English, any requests for language interpreters or other special communication needs should be made at least two days prior to the meeting. TxDOT will make every reasonable effort to accommodate these needs.

CSJ No. 0912-34-144 • *Fort Bend County, Texas*

PUBLIC MEETING COMMENTS

Comment Form Number	Received	Name of Commentor	Comment as written in the space provided on the comment form
1	April 29, 2010	Paul Torres	We are 100% behind this project. We do however, have some concerns about the noise and safety of our property once it begins. We would respectfully request the results of the noise assessment. We also understand that some, if not, all the trees would need to go, but we would like to know if there will be something to replace what is taken. While I know that my next concern is not part of this project, I feel that it should be mentioned. I speak of a possible on-ramp from Trammel-Fresno to the Fort Bend Toll Way. We would like to at least get some information as to where that project is or isn't.
2	April 29, 2010	Ana Torres	We 100% support the expansion. Over the last 6 years we have seen enormous expansion and traffic flow. Our main concerns for the project consist on the noise/safety/and privacy matters. Our property faces north and the southern side faces Trammel-Fresno w/ only a fence, some raggedy trees and a ditch to protect us from vehicles. I would like to request results/information that would directly affect any action or decisions on these topics. As an after fact we would like to request that an on ramp from Trammel-Fresno onto the northbound side of the toll way be considered in the near future as a driver that uses the toll every morning I believe this would alleviate the abundance of traffic flow and congestion currently in existence at Toll Way and Highway 6.
3	April 29, 2010	Rodrigo Carreon	Taxpayer need a Tramme-Fresno Road exit into the Fort Bend Park Toll Road to go north along. The Fresno residents need sidewalks from Hurricane Lane to FM521 along Trammel-Fresno Road. Prohibit to begin project at the overpass of the Fort Bend Pkwy Toll Road. It best to begin a S.H. 6 thence to F.M.521 and to include Trammel-Fresno exits into the Fort Bend Pkwy Toll Road north and south to travel along, These north and south exits into Fort Bend Pkwy. Toll Road. Toll Road over pass bridge. Middle turn lane. Vail Road to FM521 right way.
4	April 29, 2010	Nicole Alexander	I would be interested in meeting to find out how this project will affect traffic especially mornings for work and school. Will this project be in phases affecting different sections?
5	April 29, 2010	Teresa Elizondio	Why do sidewalks end at Teal Bend? Why do they not put lights at front of stores? Taxes just as high or higher than subdivisions. What will happen to existing roads at end. Ditches?

Comment Form Number	Received	Name of Commentor	Comment as written in the space provided on the comment form
6	April 29, 2010	Maria S. Lopez	**Comment as received:** Mi pregunta es por que rason en el plano no nos tienen sidewalk en la seccion que yo vivo y es Blok 3 Lot 1 and Lot 2. yo miro que es muy necesario que tambien continue el sidewalk de chimney rock ast a la calle school road. **Comment as translated:** My question is what is the reason in the plan that we do not have sidewalks on the section where I live (block 3 Lot 1 and Lot 2)? I look at it as necessary to continue the sidewalk past Chimney Rock Road to the School Street.
7	April 29, 2010	Robert Dixon	I'd like to know will there be an entrance and exit ramp from and to the Fort Bend Toll Road? It is very much needed. Also the need for sidewalks from beginning to end of the project.
8	April 29, 2010	Santos S. Castillo	No comment
9	April 29, 2010	Stacy Dixon	I would like to see the project include an on and off ramp onto the toll way from Trammel-Fresno. Also to please include sidewalks from Hurricane Lane to 521.
10	April 29, 2010	Anthony Holmes	Looks like a great project - much needed.
11	April 29, 2010	Sandra Taylor	Was interested in walk way extending from Jane St. to California along Trammel-Fresno. I have a preschool and several parents reside in neighborhood and a walkway would be appreciated.
12	April 29, 2010	Canelance Robinson	Please add a ramp from Trammel-Fresno to the Fort Bend tollway. There is a critical need for it. The volume in the morning is horrible.
13	April 29, 2010	Maureen Blocker	As property owners, we have not been contacted directly concerning purchasing property (if needed) of a privately owned driveway.

Comment Form Number	Received	Name of Commentor	Comment as written in the space provided on the comment form
14	April 29, 2010	Terry & Carmyn Hawkins	It would be nice to be able to access Ft. Bend Toll Road from Trammel - Fresno. Traffic backs up at Hwy. 6 & Ft. Bend Toll Road from Hurricane Lane. Widening Trammel - Fresno is a great improvement to our neighborhood.
15	April 29, 2010	Vera Robinson	Concern: Will have access to Fort Bend toll?
16	April 29, 2010	Regina Caldwell	Concern if it would be possible for access opening to Fort Bend Toll Road from Trammel-Fresno.
17	April 29, 2010	Wyett Robbins	N/A
18	April 29, 2010	Rodrigo Carreon	Prohibit future rain floods with new plans of Trammel-Fresno Road being develop to be level with Chimmey Rock and Teal Bend Blvd. for safer road and prohibit other people being killed, along Trammel-Fresno, Fresno residents need more sidewalks from F.M. 521 and South Hwy. 6 to start or end this project. Trammel-Fresno Road new project need two exit roads into the Fort Bend Parkway toll road to travel north or south along the Toll Road from Vicksburg, also one life dead is too many!
19	April 29, 2010	Mark A. Hill	Very informational, host who very helpful. I want to be informed of the next meeting. MAH.Tophill@hotmail.com; MarkHillElectric@att.net.
20	April 29, 2010	Tom Sullivan	There is a Lot problem Traffic between Fort Bend Toll Road and Fresno. This section should be done first at 521. The quarter Mile West should be done second to allow more traffic to turn 521.
21	April 29, 2010	Melissa Shelton	Proposed - on next project to have the road linked to the Fort Bend Toll Road.

Comment Form Number	Received	Name of Commentor	Comment as written in the space provided on the comment form
22	April 29, 2010	Eneida Martinez	**Comment as received:** Me parece muy buen éste proyecto, por que tendremos muchos beneficios con la ampliacian de la calle, pero me gustaria que proximamente nos ayudaran con lo del drenage para tener uno comunidad más limpia. **Comment as translated:** It seems very good this project, we will have many benefits with the enlargements of the street, but soon I would like to help us with the drainage to have a cleaner community.

I am primarily interested in the project from the standpoint of a:

- [x] Residential Property Owner or Renter
- [ ] Business Property Owner or Renter
- [ ] Roadway user
- [ ] Other (Please explain):

How did you learn about this meeting?

- [ ] Newspaper
- [x] Letter
- [ ] TxDOT Website
- [ ] Other (Please Explain):

COMMENTS:

Why do sidewalks end at Teal Bend?
Why do they not put lights @ front of Stores?
Taxes just as high or higher than subdivisions.
What will happen to existing Roads @ end. Ditch?

Please make additional comments on the back

COMMENTS:

It would be nice to be able to access Ft. Bend Toll Rd from Trammel-Fresno. Traffic backs up @ Hwy 6 & Ft. Bend Toll Rd from Hurricane Lane.

Widening Trammel-Fresno is a great improvement to our neighborhood.
