HOUSTON District

In Harris County, the Houston District has requested the designation of the existing roadway within Sheldon Lake State Park as Park Road 138 (PR 138) from the intersection of Garrett Road southward to Business U.S. Highway 90-U, a distance of approximately 2.25 miles.

Pursuant to Texas Transportation Code, §§201.103 and 221.001, the executive director of the Texas Department of Transportation has recommended that PR 138 be designated on the state highway system.

The Texas Transportation Commission (commission) finds that the designation of PR 138 will facilitate the flow of traffic, promote public safety, and maintain continuity of the state highway system and is necessary for the proper development and operation of the system. The designation will also improve public access to facilities within the park.

IT IS THEREFORE ORDERED by the commission that PR 138 be designated on the state highway system, a distance of approximately 2.25 miles, as shown in Exhibit A.
