

PUBLIC MEETING

Monday, November 14, 2016
SL 335 Segment B-2 from FM 2590 to SW 9th Avenue

The Texas Department of Transportation, in conjunction with the Amarillo Metropolitan Planning Organization, cordially invites you to attend a public meeting for the proposed State Loop 335, Segment B-2, from FM 2590 to SW 9th Avenue in Potter and Randall counties. This project is a sub segment of SL 335 Corridor Development, which proposes the conversion of the existing SL 335 to a controlled access freeway. The proposed project would require ROW from the Amarillo Helium Plant property located at Helium Road and Amarillo Boulevard; however, the project would not impact any of the existing buildings on the property. The Helium Plant was previously determined eligible for listing in the National Register of Historic Places for its association with the federal government's helium program as the headquarters and primary research laboratory.

Please join us on **Monday, November 14, 2016** from **6 p.m. to 8 p.m.** at:
Hillside Christian Church - Amarillo West Campus
6100 Soncy Road
Amarillo, Texas 79119
