

**ECONOMIC IMPACT • 2011**  
General Aviation in Texas • Executive Summary

**KEY FACTS ABOUT THE TEXAS AIRPORT SYSTEM:**

- The Texas System's 25 commercial airports enplaned 67.7 million passengers in 2010.
- Dallas-Fort Worth International Airport is the 4th busiest airport in the nation with more than 27 million passenger enplanements.
- George Bush Intercontinental Airport in Houston is the 7th busiest airport in the nation.
- More than 7.8 billion pounds of cargo landed at Texas airports in 2010.
- Texas has almost 51,000 certificated pilots.
- In 2009 there were over 19,400 active aircraft in Texas, 2nd highest total in the nation.
- Stinson Field in San Antonio has the 5th busiest contracted airport traffic control tower in the nation. Denton Municipal is the 8th.

The presence of a high quality network of publicly accessible airports supporting general aviation activities in Texas has never been more important to the state's economy. Business and flight support activities at these airports generate billions of dollars in economic activity, create jobs, and improve business operating efficiencies that help Texas to recruit and retain some of the nation's best companies. In addition, Texas' network of safe and efficient airports helps communities across the state attract business and leisure visitors bringing new spending to their local economies. Quantifying these impacts allows the Aviation Division of the Texas Department of Transportation to better plan aviation support and infrastructure development projects supporting economic growth across the state.

TASP System Airports

### CAPITAL SPENDING IMPACTS

TASP Capital Improvement Projects have boosted construction and related spending in Texas by almost \$2.3 billion from 2006 through 2010. These expenditures have:

- Generated \$4.7 billion in new economic activity.
- Supported over 37,000 job-years of employment.
- Boosted labor income by \$1.8 billion.

## Economic Impacts Texas Airport System Plan Airports State of Texas, 2010

Description	Impacts
<b>General Aviation Activities:</b>	
Output	\$ 14,582,332,000
Labor Income	\$ 3,127,309,000
Jobs	56,635
<b>Commercial Activities:</b>	
Output	\$ 44,928,225,000
Labor Income	\$ 20,103,760,000
Jobs	714,720
<b>Total Aviation Activities:</b>	
Output	\$ 59,510,557,000
Labor Income	\$ 23,231,069,000
Jobs	771,355

Sources: UNT Center for Economic Development and Research, Wilbur Smith Associates, and IMPLAN

Economic impact analysis estimates how spending flows through the economy. This analysis examines the impacts of operations and capital spending at Texas Aviation System Plan (TASP) airports for operations and capital improvements, the business operations of airport tenants, and visitor spending by itinerant pilots and their passengers. All of these business activities create downstream spending by vendors and employees creating a multiplier effect. The impacts are adjusted to capture just local spending, so the fuel sold by an FBO does not create many downstream jobs in the local economy – unless there is a fuel refinery nearby. The impacts reported to the left are based on statewide spending patterns. The tables on the following pages report the impacts of individual airports on their local economies. Our analysis estimates the impacts of aviation-related spending and business operations on:

- Output – the value of all directly and indirectly related business transactions.
- Labor Income – salaries, wages, and benefits paid to employees.
- Jobs – the number of jobs supported by all related business activities.

# Economic Impacts of General Aviation Airports on Local Economies

(based on data provided by airports)

City	Airport	Output	Labor Income	Jobs
Addison	Addison	\$369,749,760	\$136,329,552	2,339.9

## Economic Impacts of Commercial Airports on Local Economies

**What business people are saying:**

***I couldn't do business without Texas airports!***

--Terry County Airport  
Out-of-state Visitor/Pilot

***I have customers who come to South Texas from as far away as California, El Paso, Austin...to learn to fly with me.***

--Flight Instructor  
at Mid Valley Airport

***My business has operations over most of the state. The airport system is the only way to cover our operations.***

--Slaton Visitor/Pilot

***We can do business better, more efficient because of this airfield.***

--Nacogdoches Visitor/Pilot  
from Midwest

***We...have clients that have moved to the City of Weslaco's Industrial Park because of the proximity to the airport***

--Real Estate Executive

## What pilots are saying:

*We have been in Texas to support the Texas Forest Service on fire missions. Abilene Airport and [FBO] have been supporting these missions very well.*

--USDA Forest Service Pilot

We use [Monahans] Airport to visit local and surrounding stores.

--Texas Pilot

*Most of my travel is by private plane, even from the ranch where we live. We couldn't survive without small GA airports.*

--Alpine-based Pilot

*[Scholes Int'l at Galveston is] important for island access for tourism.*

*Would not have come [to College Station] if [there were] no [GA] airport.*

--Virginia based pilot
