

I-10/Major Drive, Jefferson County Project and Meeting Location Map

Thurs. Oct. 22, 2015
3 p.m. - 7 p.m.
Ben J. Rodgers Regional
Visitors Center
5055 I-10 South
Beaumont, TX 77705

FM 364/Major Drive will be widened to five lanes—two lanes in each direction, with a center turning lane.

The current “jughandle” design of the I-10 and FM 364/Major Drive intersection will be reconstructed as eastbound and westbound frontage roads with turnarounds.

New traditional frontage road will be constructed for westbound traffic.
