- Enforcement Mechanisms
- Design Build Projects
- Local Government Monitoring and Reporting
CUF Reviews
CUF Forms Revised and Developed

- Included a time frame in which the CUF review must be performed after a DBE initiates work on a project and by which date the CUF review must be completed.
- Separated sections of the CUF form to be completed by the inspectors and record keepers.
- Configured the form to populate sections applicable to the work performed by the DBE.

According to DOT, recipients must perform monitoring of every contract on which DBE participation is claimed, including contracts for professional services.

- Developed a CUF form for professional and scientific services.
CUF Form 2182
Detected main heading: Disadvantaged Business Enterprise (DBE) Program

Commercially Useful Function (CUF)

For 49 CFR 26.9, "An DBE performs a commercially useful function when it is responsible for execution of the work under contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. If DBE does not perform a CUF if also is limited to that of an active participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation." This form is for the purpose of reviewing DBEs for compliance with the CUF requirements for credit.

CuDOT field staff will perform CUF reviews on DBEs. A minimum of one CUF review must be performed for each DBE on each project with or without a DBE goal. With the assistance of the DBE Coordinator, a CUF review should be completed for each DBE by the field/office staff within 60 days of initiation. The CUF review should be submitted with all supporting documentation (invoices, payroll, pictures, equipment, DWR and list of employees). The Area Office will submit the completed CUF form to the DBE Coordinator, who must review and finalize within 30 days. A CUF review must be conducted to assess performance and compliance should be monitored throughout the course of the project. The following information on this form should be answered by the DBE Owner or DBE Superintendent.

Sections labeled “Part I” should be completed by field staff. Sections with “Part II” should be completed by office staff.

CUF Form 2183
Disadvantaged Business Enterprise (DBE) Program
Commercially Useful Function (CUF) for Professional and Scientific Services

Per 49 CFR 26.55, "A DBE performs a commercially useful function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. A DBE does not perform a CUF if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation..." This form is for the purposes of reviewing DBEs for compliance with the CUF requirements for credit.

District field staff will perform CUF reviews on DBE subcontracts and material suppliers; and perform a minimum of one review for each DBE for each project with and without a DBE goal. The review should be conducted when the DBE first begins work, and compliance should be monitored throughout the course of the project.

**County:**

**Project ID:**

**Contract-CBJ:**

**DBE Company Name:**

**DBE Company Owner:**

**Review Date:**

**Reviewer Title:**

**Professional Services**

DBE firm is performing the following services:

- Architecture
- Engineering
- Landscape
- Private Consulting
- Real Estate
- Appraisal
- ROW
- Acquisition
- Surveying
- Other

**Scientific Services**

DBE firm is performing the following services:

- Archaeology
- Architectural Historian Services
- Biology
- Environmental Coordination and Documentation
- Geology
- Historian Services
- NEPA Compliance Admin

- Other

Please provide a brief description of the DBE’s scope of work. (Obtain a copy of the Subcontract Agreement and/or Purchase Order and submit with this form.)

[Blank space for description]
### Performing
- Does the DBE firm have the required expertise for the subcontracted work? [ ] Yes [ ] No
- Is the DBE firm working without assistance from the prime contractor or another subcontractor? [ ] Yes [ ] No
- Is the DBE firm performing at least 30% of its work? [ ] Yes [ ] No

### Managing
- Is the DBE scheduling work activities and other related actions for performance of the work? [ ] Yes [ ] No
- Is the DBE managing the work if it has been subcontracted to perform? [ ] Yes [ ] No
- Is the DBE submitting invoices and payroll? (Attach a sample of invoices and the certified payroll.) [ ] Yes [ ] No

### Supervising
- Does the DBE firm have an experienced Project Manager on the project? [ ] Yes [ ] No
- If yes, please provide the Project Manager's name: ____________________________
- Is the Project Manager a full-time employee? [ ] Yes [ ] No
- Is the DBE supervising its employees and their work? [ ] Yes [ ] No

### Equipment
- Is the DBE only using equipment it owns, rents, or leases? (Attach equipment list and any rental/lease agreements.) [ ] Yes [ ] No

### Commensurate
- Is payment received by the DBE commensurate with the work being performed? [ ] Yes [ ] No

### CUF Comments/Observations

---

This page contains the second page of the CUF Form 2183, focusing on various aspects of project management and supervision, including questions about expertise, scheduling, and equipment usage.

**DBE Material Supplier is performing as (select all that apply):**
- [ ] Manufacturer
- [ ] Regular Dealer
- [ ] Broker

Is your firm providing materials and/or supplies to be used on the project to a firm other than the prime contractor?  
- [ ] Yes
- [ ] No

If yes, provide the following:

<table>
<thead>
<tr>
<th>Name of Contractor</th>
<th>Primary Contact</th>
</tr>
</thead>
</table>

Please provide copies of the following:

- Your subcontract agreement or purchase order
- Your firm’s price quotation to the prime and/or subcontractor for which you will supply materials and/or supplies
- Copies of cancelled checks for payments from the prime
- Interviews to the prime

3a. Explain your firm’s process for negotiating and obtaining prices for materials and supplies.

3b. Please list the name and title of the individual(s) responsible for the acquisition of the materials and/or supplies.
4a. Please provide the following information for the supplier(s)/manufacturer(s) from whom you are receiving materials and/or supplies:

<table>
<thead>
<tr>
<th>Name</th>
<th>Title</th>
<th>Company</th>
<th>Email</th>
<th>Phone Number</th>
</tr>
</thead>
</table>

Please provide recent samples of invoices from each supplier/manufacturer listed above, noting your firm's customer number.

4b. Please provide the dollar amount billed to the contractor by your firm: $

4c. Please provide the dollar amount paid to your firm: $

4d. Please provide the name and title of the individual(s) responsible for placing orders with the supplier/manufacturer:

<table>
<thead>
<tr>
<th>Name</th>
<th>Title</th>
</tr>
</thead>
</table>

5b. Are all of the individuals listed above employed by your firm?  Yes  No

6a. Does your firm stock/inventory the materials required under contract as a normal part of your business?  Yes  No

Please provide a list of your current inventory.

6b. Where is project material coming from?  Stock  Supplemented from Stock  Special Order

6c. Please provide the name and title of the individual(s) at your firm who are responsible for releasing the materials required under this contract:

<table>
<thead>
<tr>
<th>Name</th>
<th>Title</th>
</tr>
</thead>
</table>

7a. Does your firm have the capability to deliver the materials or supplies?  Yes  No

7b. Is your firm delivering the materials or supplies?  Bulk Name  Yes  No

7c. Please list the equipment your firm uses for distributing the material and/or supplies.

7d. For this project, which type of equipment is being used for delivery? (Please provide copies of the delivery ticket.)
7. If leased, is it a long-term lease and not a lease specifically for the project?  
   - Yes  
   - No

8. Did the prime contractor, or another subcontractor, assist you with obtaining delivery equipment or with the financing of equipment related to this project?  
   - By your firm  
   - By the prime or another subcontractor

9. How are your suppliers paid for the materials and/or supplies you are providing for this project?  
   - By your firm  
   - By the prime or another subcontractor

Monitoring DBE Goal Commitments
Monitoring DBE Goal Commitments

Pre-award Monitoring and Reviews
- Commitments
- Good Faith Efforts
- Bidders List

Post-award Monitoring
- Commitments
- Payments to DBEs
- Prompt Payment
- Terminations and Substitutions
- Site Reviews
Pre-award Monitoring and Reviews
Monitoring after a contract goal has been developed.

Did bidder meet good faith efforts by either:
  • Meeting the contract goal, or
  • Exercising adequate good faith efforts?

Did bidder provide an adequate Bidders List and include the following information?
  • Name of firm
  • Address of firm
  • Firm’s DBE Status
  • Age of firm
  • Annual Gross Receipts (range)
Pre-award Monitoring and Reviews

Commitment Analysis
- DBE Utilization form
- Meet or exceed goal?
- Verify DBE certified & proper crediting

Adequate Good Faith Efforts
- GFE Documentation
- Meet 26.53 and Appendix A?
- State DOT GFE review?

Commitment vs. Goal
- DBE Commitments supersede the DBE goal
- Repeat for Change Orders or Amendments if necessary
Pre-award Monitoring and Reviews

Good Faith Efforts

Every proposal/bid that contains a contract goal requires Good Faith Efforts to meet the goal.

All proposals/bids require the following DBE information:

- Name and Address of DBE firm included
- Description of the work being performed by DBE
- Dollar amount committed to each DBE firm
- Bidder’s commitment to use DBE firm listed
- Written confirmation from DBE firm that it is participating in work and amount listed

If the Bidder fails to meet the contract goal, Good Faith Effort documentation is required!
## Pre-award Monitoring

<table>
<thead>
<tr>
<th>Item #</th>
<th>Mechanism Description</th>

<tbody>
<tr>
<td>1.</td>
<td>Attendance at Pre-Bid, Pre-Proposal, or Pre-Statement of Qualifications (SOQ) Meeting</td>
</tr>
</tbody>
</table>
| 2.     | Advertisement of Opportunity:  
|        | • Names and dates of all advertisements  
|        | • Copies or proofs of publication  
|        | • Evidence that opportunity was solicited with sufficient time to allow response to IFB/RFP/Solicitation and or Task Order request |
| 3.     | Written Notices to DBE Firms  
|        | • List of all certified DBEs solicited  
|        | • Copies of letters sent  
|        | • Documentation of follow-up performed |
| 4.     | Work identified for DBE Firms  
|        | • Demonstrate that sufficient work was identified for DBE subcontractors |
| 5.     | List of rejected DBEs and reasons for rejection  
|        | • Include name, address, and telephone number(s)  
|        | • Include price/quote if selected contractor is not a DBE |
| 6.     | List of efforts made to interested DBEs in obtaining bonds, lines of credit, insurance, and information about scope of work, plans and specifications. |
| 7.     | List any efforts made to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services |
| 8.     | List the minority/women agencies, organizations or groups contacted to provide assistance in contracting, reporting and using DBEs |
| 9.     | Documentation that DBEs were negotiated with in good faith |
Post-award Monitoring

**DBE Payment to Commitment Analysis**

- Are the award amounts equal to the commitment amounts?
- Is the scope of work the same?
- Is the DBE authorized to perform the work?

**Award Analysis**

- Monitor payments to DBEs
- Are non-DBE subcontractors performing work?
- Are DBEs being paid promptly?

**Payment Analysis**

- Is DBE performing the work authorized?
- Are payments tracking with commitments?
- Perform commercially useful function reviews

**Monitor DBE Performance**
Post-award Monitoring

Additional DBE Monitoring

Terminations & Substitutions
- Are DBE terminations being properly conducted?
- Are substitutions meeting GFE requirements
- Is the same value of work being substituted?

DBE Crediting Analysis
- Are DBE invoices being reviewed for non-DBE lower tier subcontractors?
- Are non-DBE subcontractors performing work?
- Are suppliers and brokers being properly credited?

Subcontract Reviews
- Is scope and amount of work the same as commitment?
- Are DBE prompt payment terms included?
- Are other flow down terms included?
Post-award Monitoring
Termination and Substitution

Causes for termination or substitution of a DBE

- DBE fails or refuses to execute a written contract
- DBE fails or refuses to perform the work
- DBE fails or refuses to meet prime's bond requirements
- DBE becomes bankrupt, insolvent, or exhibits credit unworthiness
- DBE is suspended or debarred
- DBE is not a responsible contractor
- DBE voluntarily withdraws from project
- DBE is ineligible to receive DBE credit
- DBE owner dies
- Other documented good cause
Termination and Substitution

STEP 1 • Prime notifies DBE

STEP 2 • DBE responds to Prime

STEP 3 • Prime submits request to Agency

STEP 4 • Agency reviews request

STEP 5 • Agency approves or denies request
Understanding the Monitoring Process

1. Develop DBE goal & requirements
2. Incorporate in Solicitation
3. Receive Proposals with DBE Commitments
4. Evaluate Proposals & conduct GFE analysis
5. Select contractor & Set DBE commitments
6. Monitor commitments & payments
7. Enforce DBE requirements
8. Invoke Penalties and withholdings
Monitoring Requirements to Incorporate into Your Solicitation

Monitoring Requirements

• DBE commitments – include new commitments
• Submit monthly report with payments to DBEs
• Require DBE subcontractor payment verifications
• Require submission of subcontracts
• Require termination and substitution notices and GFE
• Commercially Useful Function reviews
• Invoice reviews – proper DBE credit
Monitoring Requirements to Incorporate into Your Solicitation

Advanced Monitoring

• Joint check requirements must comply with FHWA guidelines
  – Joint Check Agreement
  – Ensure DBE subcontractor is receiving materials
  – Ensure DBE subcontractor is recording material/supplies as accounts payable
  – Review copies of check
  – Other reviews may be required

• Non-DBE trucking credit – Should be in your DBE Program Plan

• DBE subcontracting or performance plan – Used for Alternative Delivery Method projects
Enforcement Mechanisms
Enforcement Mechanisms

How do you enforce compliance?

- Add requirements to your contract
  - Monitoring is required to determine noncompliance
  - Clauses that work for you

Which mechanisms are available?

- Liquidated Damages Clause
- Penalties
- Withholding
Enforcement Mechanisms

Adding enforcement requirements to your contract

- Enforcement requirements should be identified in your solicitation
  - Reports due on specific dates
  - Non-compliance with certain requirements considered a material breach of contract
  - Reporting of subcontractor payments required on timely basis
  - Proper DBE terminations required
  - Good Faith Efforts to award, pay, and substitute DBEs required
- If compliance is not met – enforcement mechanism is invoked
Enforcement Mechanisms

Contractor must comply with DBE regulations

- Assurance – nondiscrimination throughout performance
- 49 CFR Part 26 compliance

Failure to comply with DBE regulations is a material breach subject to the following remedies:

- Withholding of monthly progress payments
- Assessing sanctions
- Liquidated damages
- Disqualification from bidding on work – non-responsibility
Enforcement Mechanisms

Withholding

- Entire progress payment
- Up to $10,000
- 2% of progress payment up to $10,000

Assessing Sanctions

- Cancelled checks
- Affidavits for all invoices
- Monthly meetings
- Increase CUF Reviews
- Approval of subcontracts required
- Removal of contractor staff

Liquidated Damages

- Impose LD amount for late reports (i.e., $500)
- No payment for work performed by unapproved subcontractor
- LD for failure to meet DBE commitment
Design-Build Projects
Design-Build Projects

- Overview of Alternative Delivery Method/ Design-Build Procurement
- Key Concepts for Diversity Programs
- Best Practices for Diversity Programs
- Managing Diversity Programs
- Lessons Learned
- Q&A
Overview of DBE and Alternative Delivery Projects

Alternative Technical Concepts:

- Provide equal or better solution
- Do not conflict with criteria agreed upon in environmental process
- RFP clearly describes requirements for ATC content, submission and review
- Include procedures for confidential meetings, if used
- Compliance with Federal or State permitting and legal requirements
1993 Design-Build State Procurement Laws
2017 Design-Build Authorization for Transportation
Alternative Delivery Method
Design-Build Delivery Method

Traditional Method:
- Preliminary Design
- Detail Drawings
- Bid
- Construction

Cost Estimated

Project Duration
- Design-Build Delivery
- Traditional Design-Bid-Build
“Design-Build” or “Turnkey” Project

49 CFR Part 26.53(e)

Design-Build (Master) Contractor Responsibilities

- Steps into the shoes of the Recipient
- May establish subcontract goals
- Conduct activities consistent with Part 26
  - DBE requirements apply regardless of the number of lower tiers
  - Compliance Monitoring/Reporting
  - Prime Contractor/Team is responsible!
Key Diversity Program Concepts

Preparing for Alternative Delivery Procurements

• Goal Setting
• Solicitation language and requirements
• Pre Award Documents

Managing Diversity Program Post-Award

• Program Compliance
• Goal(s) Achievement
• Compliance Documentation- Forms and Electronic
DBE/Diversity Goal Approaches for Design-Build Projects

Traditional Method

- Develop Contract Specific goal **before** IFB or RFP release
- Hold Contractor to DBE/Diversity commitments or ensure GFE is ok
- Monitor contractor DBE/Diversity performance after award

Design-Build Method

- Develop goal, goals, or overall project goal
- Ask Contractor to attest to meeting the goal(s)
- Hold Contractor to DBE/Diversity Commitments
- Monitor contractor DBE/Diversity performance after award

</tbody>
</table>
What are some challenges when applying the traditional DBE/Diversity contract goals method to alternative delivery method projects?

- Setting contract goal with limited information
- Any new process can create confusion among proposers and potential subs
- Some engineering-related DBE/Diverse firms say they are left out
- Can be long lead time between proposal date and when subs actually used in construction phase
- Agency may not have staff to monitor DBE/Diversity commitments
- Agency may not have knowledgeable staff to implement new DBE/Diversity Program
DBE/Diversity Goals Strategies for Alternative Delivery Projects

1. One overall goal for Project and specific contract goals for various segments
2. One goal for all the work
3. One goal for Design and one goal for Construction
4. One goal for Design and multiple goals for construction phases
DBE/Diversity Goals Strategies for Alternative Delivery Projects

- Establish a DBE/Diversity Goal or Goals
  - When?
- Require Contractor provide affidavit or certification at time of proposal that it will exercise GFE to meet the goal
- Require Contractor submit a plan on how it will achieve the DBE/Diversity goal
- Monitor the Plan
Why a Subcontracting Plan?

- Some subcontracting opportunities unknown at the time of award
- Allows monitoring throughout performance
- Allows for adjustments and quick action
- Helps everyone meet or exceed DBE/Diversity goals
Subcontracting Plan Elements

- Introduction
- Communication
- DBE & SB commitments
- DBE & SB Database-Directories
- DBE Participation
- Quarterly Strategy meetings
- DBE Supportive Services
- DBE & SB Program Reporting
Experience when using new methods for goals for Design-Build projects

• Require a DBE/Diversity plan at time of proposal rather than specific DBE/Diverse commitments can achieve more objectives of Federal DBE or local diversity Program

• Agency can require more strategies for assisting DBE/Diverse firms and other small businesses

• Many times, higher DBE/Diversity commitments will be achieved

• Monitoring must focus on whether DBE/Diversity plans are implemented
Key to Success on Design-Build Contracts

Comprehensive Goal Evaluation -
  • Relevant Capacity and Opportunities

Coordination
  • Owner, Contractor and Subcontractors

Communication -
  • Expectations and Requirements
  • Appropriate Documentation and Process

Compromise
  • Flexible and Innovative (revised Paperwork v. Electronic)
Local Governments
Local Government Checklist

• All federal-aid projects are subject to Disadvantaged Business Enterprise (DBE) requirements.
• The Local Government (LG) must implement TxDOT’s DBE program and coordinate closely with the TxDOT district.
• LGs adopt TxDOT’s DBE program, which requires monitoring and reporting on the performance of its DBE participation.
• The LG DBE Compliance & Monitoring Guide includes an extensive discussion of the DBE program background, contract provision, and monitoring & reporting requirements.
Local Government (LG) Project Disadvantaged Business Enterprise (DBE) Compliance Monitoring Checklist

Pre-Award Project Checklist
1. Did the apparent low bidder submit their DBE commitment information with their bid or within the time frame as required in the DBE Special Provision? □Yes □No
2. Prior to award, was the contractor's DBE participation plan reviewed and approved to ensure the contract goal will be satisfied in accordance with provisions in the bid document? □Yes □No
3. Has the contractor's DBE participation plan been approved? □Yes □No
4. Is the established project goal, as set by TxDOT, included in the contract? □Yes □No

Please attach a copy of the contract.
If no, please explain.

5. Is the DBE special provision included in the contract? □Yes □No
6. Are the DBE Commitment Agreements (form SMS-4901, SMS-4901-M/W/S, or 2660) on file? □Yes □No

Please attach copies of the DBE Commitment Agreement forms.
If no, please explain.

6. Are the Commitment Agreements (form SMS-4901, SMS-4901-M/W/S, or 2660) signed by both the prime and the DBE? □Yes □No

If no, please explain.
The LG Must...

- Ensure the DBEs are certified under the Texas Unified Certification Program
- Review the DBE participation plan prior to contract award to ensure contract goals will be satisfied.
- Conduct CUF reviews
- Monitor progress during construction to assure the goal is met or good faith efforts are made
- Report final progress payment information
- Use the LG Checklist Form 2658 to document compliance with the DBE program requirements during the course of the project.
District Responsibilities

- Ensure the LG federal-aid projects are administered with DBE requirements as outlined in 49 CFR Part 26.
- Use the LG checklist Form 2658 to audit the LG’s federal-aid project.
Benefits of the LG Checklist Form

1. Ensure Compliance with DBE Contract Requirements
   • As LG staff complete various phases of the project, they use the checklist as a reference to ensure they adhere to the DBE contract monitoring and reporting requirements previously noted.

2. Monitor Performance
   • TxDOT and LG staff can use checklist data to analyze the DBE project administration compliance of a project.

3. Identify Areas of Improvement
   • The checklist helps target problems and implements changes for compliance. For example, the audit might reveal that not all CUF reviews were conducted by LG staff.
