

Fiscal Year 2018

Current Letting Schedule by District

September 2017 through August 2018

Financial Management Division

FOREWORD *

This document contains candidate projects which have been identified by districts as ready for letting or obligation of funds in fiscal year 2018 by TxDOT.

There are five sections to this document:

1. Projects that are scheduled to let through the statewide letting process at Austin headquarters
2. Projects that are approved by the TxDOT administration to let by a local entity such as a city or county
3. Other financial obligations that do not go through a letting process
4. Project selected as Comprehensive Development Agreement
5. Projects selected as Design Build

Projects and other financial obligations are funded by various funding sources, the details of which are provided on the following page. The State Highway Fund is TxDOT's traditional method of project funding and in recent years the department has received additional financial tools from the Legislature to advance projects.

The projects and financial obligations in this schedule are based on the current estimated construction costs of the projects and the current forecast of available funds for fiscal year 2018. Changing conditions may result in projects being removed or added to this Letting Schedule. These changes could include financial issues such as receiving more or less revenues than forecasted, adjustments to fit within obligation limits, the execution of funding agreements, bids on projects being higher or lower than the project estimates, and increasing or decreasing cost on existing contracts through change orders or quantity overruns. Likewise, some projects and financial obligations may move out of or into the Letting Schedule due to project development issues associated with receiving environmental clearance or required right of way, changes in project priorities at the local or statewide level, or conflicts with other ongoing construction or maintenance work.

*The following list includes projects known at the time of publication based on input from the districts. The current letting schedule will be reflected each week according to district requested project scheduling changes.

**FISCAL YEAR 2018 CURRENT STATEWIDE SUMMARY
 INCLUDES STATEWIDE LETTINGS, LOCAL LETTINGS
 AND OTHER OBLIGATIONS (In Millions)**

ALL PROJECTS BASED ON CURRENT ESTIMATE
