

Lime

NOTE: Refresh the page to view the most current list.

The following producers are pre-qualified to supply hydrated lime, commercial lime slurry, and quicklime.

The Department reserves the right to conduct random sampling of pre-qualified materials for testing and to perform random audits of test reports. Department representatives may sample material from the manufacturing plant, the project site, and the warehouse. CST/M&P reserves the right to test samples to verify compliance with DMS-6350, "Lime and Lime Slurry."

Hydrated Lime

Producers of hydrated lime are pre-qualified in accordance with DMS-6330, "Pre-Qualification of Lime Sources." Required sampling includes one sample per producer per project.

Hydrated Lime
