

# Cementitious Grouts and Mortars for Miscellaneous Applications

---

## Material Producer List

Materials & Tests Division

## Grouts for Post-Tensioning

### Overview

The following post-tensioning grout products have been prequalified according to DMS-4675, "Cementitious Grouts and Mortars for Miscellaneous Applications."

The Department reserves the right to randomly sample and evaluate pre-qualified materials for conformance with DMS-4675 and to perform random audits of documentation. Department representatives may sample material from the manufacturing plant, warehouse, or the project site. The Materials & Tests Division reserves the right to test samples to verify compliance with DMS-4675.

For more information, contact the Material & Tests Division's Rigid Pavements and Concrete Materials Section at (512) 506-5858.
