

## Fiberglass Sign Substrate

**NOTE: Refresh the page to view the most current list.**

The following manufacturers of fiberglass sign substrate have complied with “DMS-8305, Fiberglass Sign Substrate.” This Specification describes the procedure for pre-approval.

The materials listed below are pre-approved for use when DMS-8305 is referenced. The materials may require sampling and testing before use. The Department reserves the right to conduct random sampling of pre-approved, certified materials for testing and to perform random audits of test reports. Department representatives may sample material from the manufacturing plant, the project site, and the warehouse.

For more information, contact CST/M&P’s Coatings and Traffic Materials Branch at (512) 506-5870.
