Junction Boxes, Manholes, and Inlets Fabrication Plants (Multi-Project)

Reference

Refer to the Spec Book for information on the following.

- Item 465, “Junction Boxes, Manholes, and Inlets”

General

The following multi-project fabrication plants [as defined in Item 424, “Precast Concrete Structures (Fabrication)”] that produce precast junction boxes, manholes, and inlets have been approved in accordance with **DMS-7305, “Fabrication and Qualification Procedure for Multi-Project Fabrication Plants of Precast Concrete Drainage Structures,”** which is referenced in Item 465.

The Department reserves the right to conduct random sampling and testing, and visual inspections of materials from approved precast junction boxes, manhole, and inlet multi-project fabricators. Department representatives may sample and inspect material from the fabrication plant or the project site. Materials and Tests Division (MTD) reserves the right to test samples to verify compliance with Item 465.

For more information, contact MTD’s Structural Materials Section at (512) 506-5924.
