

Paintable Caulk for Concrete and Steel

NOTE: Refresh the page to view the most current list.

The following list of products and manufacturers meet the requirements of DMS-8142, “Paintable Caulk for Concrete and Steel.”

The Department reserves the right to perform random audits of test reports and to conduct random sampling and testing to evaluate the performance of materials. In case of variance, the Department’s tests will govern. The Department will select random samples from materials submitted to the Department on Contracts or direct State purchase orders. Failure to comply with the requirements of this Specification may be cause for removal from the MPL.

For more information, contact CST/M&P’s Coatings and Traffic Materials Branch at (512) 506-5870.

Product	Producer
Loxon H1	Sherwin Williams
SCS7000	GE/Momentive
