

Paint, One Coat Overcoat

NOTE: Refresh the page to view the most current list.

The following manufacturers of overcoat paints received preliminary approval during the development of DMS-8105, "Paint, One Coat Overcoat." This Specification describes the procedure for approval.

The materials listed below are approved for use when DMS-8105 is referenced.

The materials will require sampling and testing once per project.

The Department reserves the right to perform random audits of test reports and to conduct random sampling and testing to evaluate the performance of materials. In case of variance, the Department's tests will govern. The Department will select random samples from materials submitted to the Department on Contracts or direct State purchase orders. Failure to comply with the requirements of this DMS-8105 may be cause for removal from the MPL.

For more information, contact Materials and Tests Division (MTD) Coatings and Traffic Materials Branch at (512) 506-5870.

Producer	Product
Carboline	Carbomastic 15
CSL	Si-Coat 579
Sherwin-Williams	Epoxy Mastic Aluminum II
