*General*

The Department reserves the right to conduct random sampling and testing, and visual inspections of materials from approved prestressed member multi-project fabricators. Department representatives may sample and inspect material at the fabrication plant or the project site. CST/M&P reserves the right to test samples to verify compliance with Item 424.

The fabricator's monogram stamp is only to be placed on TxDOT-inspected product. This stamp should not be placed on product for which TxDOT has not provided Quality Assurance inspection.

Misuse of the approved fabricator's monogram stamp may result in plant disqualification in accordance with Article 7300.5.D of DMS-7300.

For more information, contact Construction Division's Structural Materials Branch at (512) 506-5924.

Refer to the next page for approved fabricators' monogram stamps.
