(♦) denotes Fabricator is approved to produce and certify only RC pipe to Department projects

NOTE: Precast products will have either a TxDOT monogram stamp or the fabricator’s designated approval stamp as shown on the following pages.
General

The Department reserves the right to conduct random sampling and testing and visual inspections of materials from approved fabrication plants. Department representatives may sample and inspect material from the fabrication plant or the project site. CST/M&P reserves the right to test samples to verify compliance with Items 462 and 464.

For more information, contact CST/M&P’s Structural Materials Branch at (512) 506-5924.
