

# High Mast Ring and Support Assembly Fabrication Plants

---

## Material Producer List

Materials and Tests Division – Prefabricated Structural Materials Section

## High Mast Ring and Support Assembly Fabrication Plants

### Reference

Refer to the Department's *Standard Specifications for Construction and Maintenance of Highways, Streets, and Bridges* for information on the following:

- Item 614, "High Mast Illumination Assemblies"

### General

The following high mast ring and support assembly fabrication plants have been approved in accordance with DMS-7380, "Steel Non-Bridge Member Fabrication Plant Qualification," which is referenced in Item 614.

The Department reserves the right to conduct random sampling and testing and visual inspections of materials from approved fabrication plants. Department representatives may sample and inspect material from the fabrication plant or the project site. Materials and Tests Division (MTD) reserves the right to test samples to verify compliance with Item 614.

For more information, contact MTD's Prefabricated Structural Materials Section at (512) 506-5924.

Producer Code	Fabricator	Location
99587	Brookfield Fabricating Corporation	Brookfield, MO
