

Roadway Illumination Pole and Luminaire Arm Fabrication Plants

Material Producer List

Materials and Tests Division

Roadway Illumination Pole and Luminaire Arm Fabrication Plants

Reference

Refer to the Department's *Standard Specifications for Construction and Maintenance of Highways, Streets, and Bridges* for information on the following.

- Item 610, "Roadway Illumination Assemblies"

Fabrication Plants

The following fabrication plants that produce roadway illumination poles, including luminaire arms, have been approved in accordance with DMS-7380, "Steel Non-Bridge Member Fabrication Plant Qualification," which is referenced in Item 610. This includes fabricators of aluminum roadway illumination poles and luminaire arms.

Producer Code	Fabricator	Location
99190	Ameron Pole Products	Tusla, OK
99530	Hapco Pole Products (◆)	Abingson, VA
98067	KW Industries, Inc.	East Bernard, TX
98013	Millerbernd Manufacturing Company	Winsted, MN
99591	Pelco Structural, L.L.C. (*)	Claremore, OK
99951	Structural and Steel Products	Fort Worth, TX
99608	Valmont Industries, Inc.	Brenham, TX
99606	Valmont Industries, Inc.	Valley, NE

(*) – Luminaire arms only

(◆) – Approved to produce aluminum roadway illumination poles only

NOTE: Roadway illumination pole assemblies will have either a TxDOT monogram or the fabricator's designated approval stamp as shown on the following page.

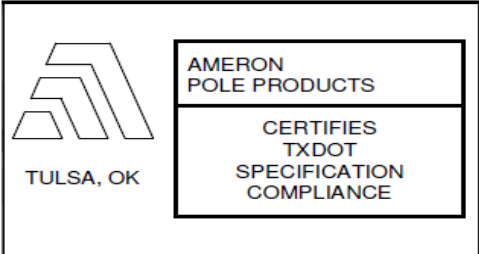

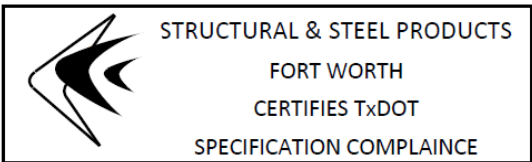

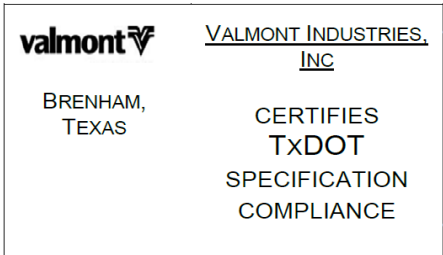

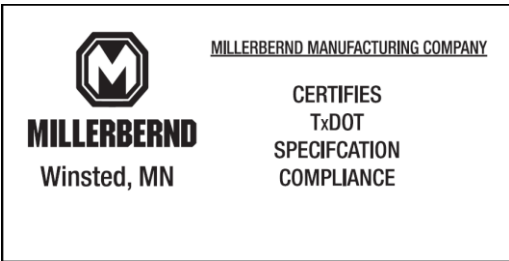

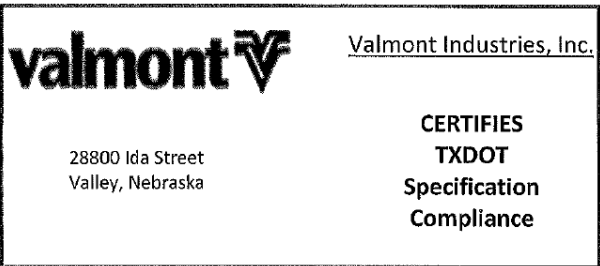

General

The Department reserves the right to conduct random sampling and testing and visual inspections of materials from approved fabrication plants. Department representatives may sample and inspect material from the fabrication plant or the project site. Materials and Tests Division (MTD) reserves the right to test samples to verify compliance with Item 610.

For more information, contact MTD's Structural Materials Section at (512) 506-5924.
