

## NOTICE OF PUBLIC MEETING State Highway (SH) 183 (Airport Freeway) Segment 2E

SouthGate Mobility Partners (SGMP) will conduct a Public Meeting to present design changes in Segment 2E on the west end of the Midtown Express project.

The Texas Department of Transportation (TxDOT) in 2014 entered into a Development Agreement with SGMP, awarding SGMP the rights and responsibilities to design, build, finance, operate and maintain the existing highway and additional managed lanes until 2043.

The project area includes State Highway (SH) 183 from Wilshire Dr./Reliance Pkwy to Interstate 35 East (I-35E), Loop 12/I-35E from Spur 408 to I-35E, and SH 114 from International Parkway to SH 183. The design changes in consideration are on SH 183 from Wilshire Dr./Reliance Pkwy to just east of American Blvd/Bear Creek Pkwy. This project was part of an environmental assessment (EA) prepared for the 10.8-mile SH 183 (Airport Freeway) project and a Finding of No Significant Impact (FONSI) and Section 4(f) de minimus determination were obtained from the Federal Highway Administration (FHWA) on October 26, 2009. The EA covered two segments, a western segment (2W) between IH 820 and west of Industrial Boulevard, and an eastern segment (2E) that continues to SH 161. A reevaluation for Segment 2W was approved by FHWA on June 1, 2011. Segment 2W completed construction in January 2015. Segment 2E was reevaluated in 2014 to address a new phased construction approach, and received environmental approval on March 11, 2014. The project is being reevaluated for Segment 2E due to the proposed design change.

The public meeting will be held on **Thursday, March 19 from 4:00-7:00 p.m. at the First Baptist Church Euless, Campus West Facility, 205 N. Industrial Blvd., Bedford TX 76021.** The purpose of the meeting is to present design changes and solicit public feedback from residents and businesses along the SH 183 2E corridor.

This event will be in an open house, "come and go" format, with no formal presentations. Maps, photo simulations, drawings and other information about the project will be on display. Project staff will be available at the displays to assist in orientation and interpretation of the visuals and other materials.

Attendees will have the opportunity to provide the project team with written comments or questions. All interested persons are invited to attend this Public Meeting. Written comments from the public may also be submitted by mail by Monday, March 30, 2015 to:

Selma Stockstill, Public Information Manager  
SouthGate Mobility Partners  
7651 Esters Blvd., Suite 150  
Irving, TX 75063

Persons interested in attending the meeting who have special communication or accommodation needs are encouraged to contact SouthGate Mobility Partners (972) 374-4540. Requests should be made at least 72 hours prior to the public meeting. Every reasonable effort will be made to accommodate those needs.

For more information on the project, please visit the project website at [www.DriveMidtown.com](http://www.DriveMidtown.com) or call the project hotline at (844) 418-3114.

**The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 16, 2014, and executed by FHWA and TxDOT**
