35Express Project Hosts Community Meetings Along the Corridor

Community members and commuters to receive update on I-35E Expansion

LEWISVILLE, Texas — Commuters, residents and business owners are invited to learn more about the 35Express Project, an expansion of Interstate 35E between US Highway 380 in Denton County and I-635 in Dallas County, by attending one of three community meetings. All meetings begin at 6:30 p.m. and will highlight a different segment of the 30-mile corridor.

Middle Segment (Cities of Lewisville, Highland Village, Hickory Creek, and Lake Dallas)

Thursday, Oct. 8

6:30 p.m.

MCL Grand Theater

100 North Charles Street

Lewisville, Texas 75057

North Segment (Cities of Corinth and Denton)

Thursday, Oct. 15

6:30 p.m.

Denton Civic Center

321 East McKinney Street

Denton, Texas 76201

South Segment Meeting (Cities of Dallas, Farmers Branch and Carrollton)

Monday, Oct. 19

6:30 p.m.

Farmers Branch City Hall

13000 Williams Dodson Parkway

Farmers Branch, Texas 75234

Those not able to attend the meeting in person can follow along on Twitter, @35Express, use #35ExpressChat to ask questions or join in on the conversation. For more information about the 35Express Project visit www.35Express.org or call 214-483-7777.

About 35Express:

The 35Express Project is a 30-mile, \$1.4 billion design build expansion of the Interstate 35E corridor from US Highway 380 in Denton County to I-635 in Dallas County. Running through nine North Texas cities in Denton and Dallas counties, I-35E is known as one of the most congested interstates in Texas. Construction of the 35Express Project is being managed by AGL Constructors for the Texas Department of Transportation and is expected to be complete by mid-2017.

35Express Community Meetings

About AGL Constructors:

AGL Constructors is a joint venture between Archer Western Contractors L.L.C., Granite Construction Incorporated and The Lane Construction Corporation in partnership with the design team of Parsons and HDR Inc. AGL is a North Texas-based team that has a vested interest in providing the community with improved mobility while minimizing disruption during construction. The JV Partnership has more than 10 years' experience working along the Interstate 35E corridor and \$9.2 billion of collective experience working together as a team.
