ATTACHMENT C
Draft Renewal Memorandum of Understanding

THIS FIRST RENEWED MEMORANDUM OF UNDERSTANDING (hereinafter "MOU") is entered into by and between the FEDERAL HIGHWAY ADMINISTRATION (hereinafter "FHWA"), an administration in the UNITED STATES DEPARTMENT OF TRANSPORTATION (hereinafter "USDOT"), and the State of Texas, acting by and through its TEXAS DEPARTMENT OF TRANSPORTATION (hereinafter "TxDOT"), and hereby provides as follows:

WITNESSETH

Whereas, Section 327 of Title 23 of the U.S. Code (U.S.C.) establishes the Surface Transportation Project Delivery Program (hereinafter "Program") that allows the Secretary of the United States Department of Transportation (hereinafter "USDOT Secretary") to assign and States to assume the USDOT Secretary’s responsibilities under the National Environmental Policy Act of 1969 (42 U.S.C. 4321, et seq.) (hereinafter "NEPA"), and all or part of the USDOT Secretary’s responsibilities for environmental review, consultation, or other actions required under any Federal environmental law with respect to highway, public transportation, railroad, and multimodal projects within the State; and

Whereas, 23 U.S.C. 327(b)(2) requires a State to submit an application in order to participate in the Program; and

Whereas, the State of Texas expressed an interest in participating in the Program with respect to highway projects, and its legislature enacted laws to allow the State, by and through TxDOT, to participate in the Program; and

Whereas, on March 14, 2014, prior to submittal of its application to FHWA, TxDOT published notice of and solicited public comment on its intended application to the Program as required by 23 U.S.C. §327(b)(3), and revised the application based on comments received; and

Whereas, on May 29, 2014, the State of Texas, acting by and through the TxDOT, submitted its application to FHWA for participation in the Program with respect to highway projects; and

Whereas, on July 3, 2014, TxDOT submitted supplemental information making clarifications to its request based on FHWA’s input on the application; and

Whereas, on October 10, 2014, FHWA published a notice and provided an opportunity for comment on its preliminary decision to approve TxDOT’s request and solicited the views of other appropriate Federal agencies concerning TxDOT’s application as required by 23 U.S.C. 327(b)(5); and

Whereas, the USDOT Secretary, acting by and through FHWA, determined that TxDOT’s application met all of the requirements of 23 U.S.C. 327 with respect to the Federal environmental laws and highway projects identified in the Original MOU (defined below); and

Whereas, on December 16, 2014, following FHWA’s approval of TxDOT’s application, FHWA and the State of Texas, acting by and through TxDOT, entered into an original Memorandum of Understanding (hereinafter "Original MOU") under which TxDOT assumed and carried out the assigned duties and responsibilities of the USDOT Secretary under NEPA and other Federal environmental laws; and

Whereas, Section 13.1.1 of the Original MOU established a December 16, 2019 termination date, and

Whereas, FHWA conducted audits as required by the Original MOU and 23 U.S.C. 327(g)(1)(B) during the State’s participation in the Program; and
Whereas, FHWA has made the audit reports available to the public for comment through publication of notices in the Federal Register; and

Whereas, TxDOT has also conducted self-assessments and monthly reports on its performance on the Program; and

Whereas, FHWA’s audit reports are publicly available for inspection at https://www.environment.fhwa.dot.gov/nepa/program_assignment.aspx; and

Whereas, on October 15, 2018, TxDOT notified FHWA of its intent to renew participation in the Program with respect to highway projects, and the State of Texas still has laws to allow the State, by and through TxDOT, to participate in the Program; and

Whereas, FHWA’s audit reports are publicly available for inspection at https://www.environment.fhwa.dot.gov/nepa/program_assignment.aspx; and

Whereas, on [date], FHWA determined that a statewide notice and comment opportunity was unnecessary prior to the State's submission of its application for renewal and supplemental information (hereinafter "Renewal Package"); and

Whereas, pursuant to 23 C.F.R. 773.115(b), TxDOT coordinated with FHWA to determine if significant changes have occurred or new assignment responsibilities would be sought that would warrant a statewide notice and comment opportunity prior to the State's submission of its application for renewal and supplemental information (hereinafter "Renewal Package"); and

Whereas, pursuant to 23 C.F.R. 773.115(d), TxDOT submitted its Renewal Package to FHWA on [date] for approval to continue the assigned duties and responsibilities for highway projects pursuant to the Program; and

Whereas, on [date], after coordination between the agencies, FHWA determined that a statewide notice and comment opportunity was unnecessary prior to the State's submission of the Renewal Package; and

Whereas, pursuant to 23 C.F.R. 773.115(d), TxDOT submitted its Renewal Package to FHWA on [date] for approval to continue the assigned duties and responsibilities for highway projects pursuant to the Program; and

Whereas, on [date], FHWA published a Federal Register notice and provided an opportunity for comment on TxDOT's renewal request and solicited the views of the public and other Federal agencies concerning TxDOT's renewal request as required by 23 C.F.R. 773.115(f); and

Whereas, the USDOT Secretary, acting by and through FHWA, has considered the Renewal Package, comments received as a result of the Federal Register notice, auditing reports, and the State's overall performance in the Program as required by 23 C.F.R. 773.115(g) and has determined that TxDOT's Renewal Package meets all the requirements of 23 C.F.R. part 773 and 23 U.S.C. 327.

Now, therefore, FHWA and the State of Texas, acting by and through TxDOT, agree as follows:

PART 1. PURPOSE OF MEMORANDUM OF UNDERSTANDING

1.1 Purpose

1.1.1 This MOU officially approves TxDOT's application to renew participation in the Program and is the written agreement required pursuant to 23 U.S.C. 327(a)(2)(A) and (c) under which the USDOT Secretary may assign, and TxDOT may assume, the responsibilities of the USDOT Secretary for Federal environmental laws with respect to one or more highway projects within the State of Texas.

1.1.2 The FHWA's decision to execute this MOU is based upon the information, representations, and commitments contained in TxDOT's application received on [date] (hereinafter "Renewal Package"). As such, this MOU incorporates the Renewal Package. However, this MOU shall control to the extent there is any conflict between this MOU and the Renewal Package.

1.1.3 This MOU shall be effective upon expiration of the Original MOU (hereinafter the “Effective Date”).

1.1.4 On the Effective Date, the Programmatic Agreement between TxDOT and FHWA dated November 7, 2011, concerning the processing of categorical exclusions (CE), which was previously suspended by the Original MOU, will terminate.
PART 3. ASSIGNMENTS AND ASSUMPTIONS OF RESPONSIBILITY

3.1 Assignments and Assumptions of NEPA Responsibilities

3.1.1 Pursuant to 23 U.S.C. 327(a)(2)(A), on the Effective Date, FHWA assigns, and TxDOT assumes, subject to the terms and conditions set forth in 23 U.S.C. 327 and this MOU, all of the USDOT Secretary's responsibilities for compliance with the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. 4321 et seq. with respect to the highway projects specified under subpart 3.3. This includes statutory provisions, regulations, policies, and guidance related to the implementation of NEPA for Federal highway projects such as 23 U.S.C. 139, 40 CFR parts 1500-1508, DOT Order 5610.1C, and 23 CFR part 771 as applicable.

3.1.2 On the cover page of each environmental assessment (EA), finding of no significant impact (FONSI), environmental impact statement (EIS), and record of decision (ROD) prepared under the authority granted by this MOU, and for any memorandum corresponding to any categorical exclusion (CE) determination it makes, TxDOT shall insert the following language in a way that is conspicuous to the reader or include it in a CE project record:

"The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated [TO BE FILLED], and executed by FHWA and TxDOT."

3.1.3 TxDOT shall disclose to the public and agencies, as part of agency outreach and public involvement procedures, including any notice of intent or scoping meeting notice, the disclosure in subpart 3.1.2 above.

3.2 Assignments and Assumptions of Responsibilities to Comply with Federal Environmental Laws Other Than NEPA

3.2.1 Pursuant to 23 U.S.C. 327(a)(2)(B), on the Effective Date, FHWA assigns and TxDOT assumes, subject to the terms and conditions set forth in 23 U.S.C. 327 and this MOU, all of the USDOT Secretary's responsibilities for environmental review, reevaluation, consultation, or other action pertaining to the review or approval of highway projects specified under subpart 3.3 required under the following Federal environmental laws:

Air Quality

- Clean Air Act (CAA), 42 U.S.C. 7401-7671q, with the exception of any conformity determinations.

Noise

- Compliance with the noise regulations in 23 CFR part 772
Wildlife

• Marine Mammal Protection Act, 16 U.S.C. 1361-1423h
• Anadromous Fish Conservation Act, 16 U.S.C. 757a-757f
• Fish and Wildlife Coordination Act, 16 U.S.C. 661-667d
• Migratory Bird Treaty Act, 16 U.S.C. 703-712

Historic and Cultural Resources

• Archeological Resources Protection Act, 16 U.S.C. 470aa-mm
• Archeological and Historic Preservation Act of 1966, as amended, 16 U.S.C. 469-469c

Social and Economic Impacts

• American Indian Religious Freedom Act, 42 U.S.C. 1996
• Farmland Protection Policy Act (FPPA), 7 U.S.C. 4201-4209

Water Resources and Wetlands

• Clean Water Act, 33 U.S.C. 1251-1387 (Section 401, 402, 404, 408, and Section 319)
• Coastal Barrier Resources Act, 16 U.S.C. 3501-3510
• Coastal Zone Management Act, 16 U.S.C. 1451-1466
• Safe Drinking Water Act (SDWA), 42 U.S.C. 300f-300j-26
• General Bridge Act of 1946, 33 U.S.C. 525-533
• Rivers and Harbors Act of 1899, 33 U.S.C. 401-406
• Wild and Scenic Rivers Act, 16 U.S.C. 1271-1287
• Emergency Wetlands Resources Act, 16 U.S.C. 3921
• Wetlands Mitigation, 23 U.S.C. 119(g), 133(b)(14)
• Flood Disaster Protection Act, 42 U.S.C. 4001-4130

Parklands and Other Special Land Uses

• 23 U.S.C. 138 and 49 U.S.C. 303 (Section 4(f)) and implementing regulations at 23
CFR part 774.

**FHWA-Specific**

**Executive Orders Relating to Highway Projects**

- E.O. 11990, Protection of Wetlands
- E.O. 11988, Floodplain Management
- E.O. 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low Income Populations
- E.O. 13112, Invasive Species

3.2.2 Any FHWA environmental review responsibility not explicitly listed above and assumed by TxDOT shall remain the responsibility of FHWA unless the responsibility is added by written agreement of the parties through the amendment process established in Part 13 and pursuant to 23 CFR 773.113(b). This provision shall not be interpreted to abrogate TxDOT's responsibilities to comply with the requirements of any Federal environmental law that apply directly to TxDOT independent of FHWA's involvement (through Federal assistance or approval).

3.2.3 The USDOT Secretary's responsibilities for government-to-government consultation with Indian tribes as defined in 36 CFR 800.16(m) are not assigned to or assumed by TxDOT under this MOU. The FHWA remains responsible for all government-to-government consultation, including initiation of government-to-government consultation, unless otherwise agreed as described in this Part. A notice from TxDOT to an Indian tribe advising the tribe of a proposed activity is not considered "government-to-government consultation" within the meaning of this MOU. If a project-related concern or issue is raised in a government-to-government consultation process with an Indian tribe, as defined in 36 CFR 800.16(m), and is related to NEPA or another Federal environmental law for which TxDOT has assumed responsibilities under this MOU, and either the Indian tribe or FHWA determines that the issue or concern will not be satisfactorily resolved by TxDOT, then FHWA may withdraw the assignment of all or part of the responsibilities for processing the project. In this case, the provisions of subpart 9.1 concerning FHWA initiated withdrawal of assignment shall apply. This MOU is not intended to abrogate, or prevent future entry into, any agreement among TxDOT, FHWA, and an Indian tribe under which the tribe agrees to permit TxDOT to administer government-to-government consultation activities for FHWA. However, such agreements are administrative in nature and do not relieve the FHWA of its legal responsibility for government-to-government consultation.

3.2.4 Nothing in this MOU shall be construed to permit TxDOT's assumption of the USDOT Secretary's responsibilities for conformity determinations required under Section 176 of the Clean Air Act (42 U.S.C. 7506) or any responsibility under 23 U.S.C. 134 or 135, or under 49 U.S.C. 5303 or 5304.

3.2.5 On the cover page of each biological evaluation or assessment, historic properties or cultural resources report, section 4(f) evaluation, or other analyses prepared under the authority granted by this MOU, TxDOT shall insert the following language in a way that is conspicuous to the reader or include in a CE project record:
3/29/2019 DRAFT

"The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated [TO BE FILLED], and executed by FHWA and TxDOT."

3.2.6 TxDOT shall disclose to the public and agencies, as part of agency outreach and public involvement procedures, the disclosure in stipulation 3.2.5 above.

3.2.7 TxDOT will continue to adhere to the original terms of Biological Opinions (BO) coordinated between FHWA, TxDOT, and either the U.S. Fish and Wildlife Service (USFWS) or National Marine Fisheries Service (NMFS) or both USFWS and NMFS prior to the Effective Date of the Original MOU, so long as the original BO terms are not amended or revised. Any revisions or amendments to a BO made after the Effective Date of the Original MOU would be TxDOT's responsibility. TxDOT agrees to assume FHWA's environmental review role and responsibilities as identified in existing interagency agreements among TxDOT, USFWS, and FHWA, such as the Programmatic Agreement for Biological Evaluations, or negotiate new agreements with USFWS, if needed. TxDOT agrees to assume FHWA's ESA Section 7 responsibilities of consultations (formal and informal) ongoing as of the date of the MOU execution.

3.2.8 TxDOT will not make any determination that an action constitutes a constructive use of a publicly owned park, public recreation area, wildlife refuge, waterfowl refuge, or historic site under 49 U.S.C. 303/ 23 U.S.C. 138 (Section 4(f)) without first consulting with FHWA and obtaining FHWA's approval of such determination.

3.3 Highway Projects

3.3.1 Except as provided by subpart 3.3.2 below or otherwise specified in this subpart, the assignments and assumptions of the USDOT Secretary's and FHWA's responsibilities under subparts 3.1 and 3.2 above shall apply to the environmental review, consultation, or other action pertaining to the environmental review or approval of the following classes of highway projects located within the State of Texas. The definition of "highway project" is found at 23 CFR 773.103, and for purposes of this MOU, "highway project" includes eligible preventative maintenance activities. TxDOT shall conduct any reevaluations required under 23 CFR 771.129 for projects for which construction was not completed prior to the date of the Original MOU, in accordance with the provisions of this MOU and the Original MOU. Prior to approving any CE determination, FONSI, final EIS, or final EIS/ROD, the State shall ensure and document that for any proposed project the design concept, scope, and funding are consistent with the current Transportation Improvement Plan (TIP), Regional Transportation Plan (RTP), or Metropolitan Transportation Plan (MTP).

A. Projects requiring an EIS, both on the state highway system (SHS) and local government projects off the SHS that are funded by FHWA or require FHWA approvals.

B. Projects qualifying for CEs, both on the SHS and local government projects off the SHS that are funded by FHWA or require FHWA approvals.

C. Projects requiring EAs, both on the SHS and local government projects off the SHS that are funded by FHWA or require FHWA approvals.

D. Projects funded by other Federal agencies [or projects without any Federal funding] that also require FHWA approvals. For these projects, TxDOT would not assume the NEPA responsibilities of other Federal agencies. However, TxDOT may use or adopt other Federal agencies' NEPA analyses consistent with 40 CFR parts 1500 -- 1508, and USDOT and FHWA regulations, policies, and guidance.

3.3.2 The following are specifically excluded from the list in subpart 3.3.1 of highway projects and classes of highway projects:
A. Any highway projects authorized under 23 U.S.C. 202, 203, and 204 unless such projects will be designed and constructed by TxDOT.

B. Any project that crosses State boundaries and any project that crosses or is adjacent to international boundaries. For purposes of this agreement, a project is considered "adjacent to international boundaries" if it requires the issuance of a new, or the modification of an existing, Presidential Permit by the U.S. Department of State.

3.4 Limitations

3.4.1 As provided at 23 U.S.C. 327(e), TxDOT shall be solely responsible and solely liable for carrying out all of the responsibilities it has assumed under this Part.

3.4.2 As provided at 23 U.S.C. 327(a)(2)(D), any highway project or responsibility of the USDOT Secretary or FHWA that is not explicitly assumed by TxDOT under subpart 3.3.1 in this MOU remains the responsibility of the USDOT Secretary or FHWA, as applicable.

PART 4. CERTIFICATIONS AND ACCEPTANCE OF JURISDICTION

4.1 Certifications

4.1.1 TxDOT hereby makes the following certifications:

A. TxDOT has the legal authority to accept all the assumptions of responsibility identified in Part 3 of this MOU;

B. TxDOT has the legal authority to take all actions necessary to carry out all of the responsibilities it has assumed under this MOU;

C. TxDOT has the legal authority to execute this MOU;

D. The State of Texas currently has laws in effect that are comparable to 5 U.S.C. 552, and those laws are located at Texas Government Code § 552.001, et seq. (the Texas Public Information Act); and

E. The Texas Public Information Act provides that any decision regarding the public availability of a document under that Act is reviewable by a Texas court of competent jurisdiction.

4.2 State Commitment of Resources

4.2.1 As provided at 23 U.S.C. 327(c)(3)(D), TxDOT will maintain the financial resources necessary to carry out the responsibilities it is assuming. TxDOT’s substantial compliance with the Original MOU demonstrates that TxDOT's financial resources are adequate for the purpose of fulfilling the terms of this MOU. Should FHWA determine, after consultation with TxDOT, that TxDOT's financial resources are inadequate to carry out the USDOT Secretary's or FHWA's responsibilities, TxDOT will take appropriate action to obtain the additional financial resources needed to carry out these responsibilities. If TxDOT is unable to obtain the necessary additional financial resources, TxDOT shall inform FHWA, and this MOU will be amended to assign only the responsibilities that are commensurate with TxDOT's financial resources.

4.2.2 TxDOT will maintain adequate organizational and staff capability, including competent and qualified consultants where necessary or desirable, to effectively carry out the responsibilities it has assumed under this MOU. This includes, without limitation:

A. Using appropriate environmental, technical, legal, and managerial expertise;

B. Devoting adequate staff resources; and
C. Demonstrating, in a consistent manner, the capacity to perform TxDOT’s assumed responsibilities under this MOU and applicable Federal laws.

TxDOT’s substantial compliance with the Original MOU demonstrates that TxDOT maintains adequate organizational and staff capability for the purpose of fulfilling the terms of this MOU. Should FHWA determine, after consultation with TxDOT, that TxDOT’s organizational and staff capability is inadequate to carry out the USDOT Secretary’s or FHWA’s responsibilities, TxDOT will take appropriate action to obtain adequate organizational and staff capability to carry out these responsibilities. If TxDOT is unable to obtain adequate organizational and staff capability, TxDOT shall inform FHWA and the MOU will be amended to assign only the responsibilities that are commensurate with TxDOT’s available organizational and staff capability. Should TxDOT choose to meet these requirements, in whole or in part, with consultant services, including outside counsel, TxDOT shall maintain on its staff an adequate number of trained and qualified personnel, including counsel, to oversee the consulting work.

4.2.3 When carrying out the requirements of Section 106 of the National Historic Preservation Act, as amended, TxDOT staff (including consultants) shall comply with 36 CFR 800.2(a)(1). All actions that involve the identification, evaluation, analysis, recording, treatment, monitoring, or disposition of historic properties, or that involve the reporting or documentation of such actions in the form of reports, forms, or other records, shall be carried out by or under the direct supervision of a person or persons who meet the Secretary of Interior’s Professional Qualifications Standards (published at 48 FR 44738-39, Sept. 29, 1983). TxDOT shall ensure that all documentation required under 36 CFR 800.11 is reviewed and approved by a staff member or consultant who meets the Professional Qualifications Standards.

4.3 Federal Court Jurisdiction

4.3.1 As provided at 23 U.S.C. 327(c)(3)(B), and pursuant to Section 201.6035 of Title 6 of the Texas Transportation Code, TxDOT hereby expressly consents, on behalf of the State of Texas, to accept the jurisdiction of the Federal courts for the compliance, discharge, and enforcement of any responsibility of the USDOT Secretary assumed by TxDOT under this MOU. This consent to Federal court jurisdiction shall remain valid after termination of this MOU, or FHWA’s withdrawal of assignment of the USDOT Secretary’s responsibilities, for any decision or approval made by TxDOT pursuant to an assumption of responsibility under this MOU. TxDOT understands and agrees that, in accordance with 23 U.S.C. 327, this acceptance constitutes a waiver of the State of Texas’s immunity under the Eleventh Amendment to the U.S. Constitution for the limited purposes of carrying out the USDOT Secretary’s responsibilities that have been assumed under this MOU.

PART 5. APPLICABILITY OF FEDERAL LAW

5.1 Procedural and Substantive Requirements

5.1.1 As provided at 23 U.S.C. 327(a)(2)(C), in assuming the USDOT Secretary's responsibilities under this MOU, TxDOT shall be subject to the same procedural and substantive requirements that apply to the USDOT Secretary in carrying out these responsibilities. Such procedural and substantive requirements include Federal statutes and regulations, Executive Orders issued by the President of the United States, USDOT Orders, Council on Environmental Quality (CEQ) Regulations for Implementing the Procedural Provisions of NEPA (40 CFR parts 1500 - 1508), FHWA Orders, official guidance and policy issued by the CEQ, USDOT, or the FHWA, and any applicable Federal court decisions, and, subject to subpart 5.1.4 below, interagency agreements such as programmatic agreements, memoranda of understanding, memoranda of agreement, and other similar documents that relate to the environmental review process [e.g., the MOU between the USDOT and the US Coast Guard and the MOA between FHWA and the US Coast Guard].

5.1.2 Official USDOT and FHWA formal guidance and policies relating to environmental review are posted on the FHWA’s website, contained in the FHWA Environmental Guidebook, published in the
5.1.3 After the Effective Date of this MOU, FHWA will use its best efforts to ensure that any new or revised Federal policies and guidance that are final and applicable to USDOT Secretary’s or FHWA’s responsibilities under NEPA and other environmental laws that are assumed by TxDOT under this MOU are communicated to TxDOT within 10 calendar days of issuance. Delivery may be accomplished by e-mail, web posting (with email or mail to TxDOT notifying of web posting), mail, or publication in the Federal Register (with email or mail to TxDOT notifying of publication). If communicated to TxDOT by e-mail or mail, such material will be sent to TxDOT’s Director of the Environmental Affairs Division. In the event that a new or revised Federal policy or guidance is not made available to TxDOT as described in the preceding sentence, and if TxDOT had no actual knowledge of such policy or guidance, then a failure by TxDOT to comply with such Federal policy or guidance will not be a basis for termination under this MOU.

5.1.4 TxDOT will work with all other appropriate Federal agencies concerning the laws, guidance, and policies that such other Federal agencies are responsible for administering.

5.1.5 Upon termination of this MOU, FHWA and TxDOT shall contact the relevant third party to any interagency agreement and determine whether the interagency agreement should be amended or reinstated as it was on the Effective Date of this MOU.

5.2 Rulemaking

5.2.1 As provided at 23 U.S.C. 327(l), nothing in this MOU permits TxDOT to assume any rulemaking authority of the USDOT Secretary. Additionally, TxDOT may not establish policy and guidance on behalf of the USDOT Secretary or FHWA for highway projects covered in this MOU. TxDOT’s authority to establish State regulations, policy, and guidance concerning the State environmental review of State highway projects shall not supersede applicable Federal environmental review regulations, policy, or guidance established by or applicable to the USDOT Secretary or FHWA.

5.3 Effect of Assumption

5.3.1 For purposes of carrying out the responsibilities assumed under this MOU, and subject to the limitations contained in 23 U.S.C. 327 and this MOU, TxDOT shall be deemed to be acting as FHWA or the USDOT Secretary, as applicable, with respect to the environmental review, consultation, and other action required under those responsibilities.

5.4 Other Federal Agencies

5.4.1 As provided at 23 U.S.C. 327(a)(2)(E), nothing in this MOU preempts or interferes with any power, jurisdiction, responsibility, or authority of an agency other than the USDOT (including FHWA), under applicable statutes and regulations with respect to a project.

PART 6. LITIGATION

6.1 Responsibility and Liability

6.1.1 As provided in 23 U.S.C. 327(e), TxDOT shall be solely liable and solely responsible for carrying out the responsibilities assumed under this MOU. The FHWA and USDOT shall have no responsibility or liability for the performance of the responsibilities assumed by TxDOT, including any decision or approval made by TxDOT in the course of participating in the Program.

6.2 Litigation

6.2.1 Nothing in this MOU affects the United States Department of Justice’s (hereinafter “DOJ”) authority to litigate claims, including the authority to approve a settlement on behalf of the United States if either FHWA or another agency of the United States is named in such litigation or if the United States intervenes pursuant to 23 U.S.C. 327(d)(3). In the event FHWA or any other Federal
agency is named in litigation related to matters under this MOU or the United States intervenes in the litigation, TxDOT agrees to coordinate with DOJ in the defense of that action.

6.2.2 TxDOT shall defend all claims brought in connection with its discharge of any responsibility assumed under this MOU. In the event of litigation, TxDOT shall provide qualified and competent legal counsel, including outside counsel if necessary. TxDOT shall provide the defense at its own expense, subject to 23 U.S.C. 327(a)(2)(G) concerning Federal-aid participation in attorney's fees for TxDOT's counsel. TxDOT shall be responsible for opposing party's attorney's fees and court costs if a court awards those costs to an opposing party; or in the event those costs are part of a settlement agreement.

6.2.3 TxDOT will notify FHWA's Texas Division Office and DOJ's Assistant Attorney General for the Environment and Natural Resources Division, within seven (7) calendar days of TxDOT's receipt of service of any complaint, concerning discharge of any responsibility assumed under this MOU. TxDOT's notification to FHWA and DOJ shall be made prior to its response to the complaint. In addition, TxDOT shall notify FHWA's Texas Division Office within seven (7) calendar days of receipt of any notice of intent to sue concerning its discharge of any responsibility assumed under this MOU.

6.2.4 TxDOT will provide FHWA's Texas Division Office and DOJ copies of any motions, pleadings, briefs, or other such documents filed in any case concerning its discharge of any responsibility assumed under this MOU. TxDOT will provide such copies to the FHWA and DOJ within seven (7) calendar days of service of any document, or in the case of any documents filed by or on behalf of TxDOT, within seven (7) calendar days of the date of filing.

6.2.5 TxDOT will notify the FHWA's Texas Division Office and DOJ prior to settling any lawsuit, in whole or in part, and shall provide the FHWA and DOJ with a reasonable amount of time of at least ten (10) calendar days, to be extended at the request of FHWA or DOJ, if feasible based on the context of the lawsuit, up to a maximum of thirty (30) total calendar days, to review and comment on the proposed settlement. TxDOT will not execute any settlement agreement until: (1) FHWA and DOJ have provided comments on the proposed settlement; (2) FHWA and DOJ have indicated that they will not provide comments on the proposed settlement; or (3) the review period has expired, whichever occurs first.

6.2.6 Within seven (7) calendar days of receipt by TxDOT, TxDOT will provide notice to FHWA's Texas Division Office and DOJ of any court decision on the merits, judgment, and notice of appeal arising out of or relating to the responsibilities TxDOT has assumed under this MOU. TxDOT shall notify FHWA's Texas Division Office and DOJ within five (5) days of filing a notice of appeal of a court decision. TxDOT shall confer with FHWA and DOJ regarding the appeal at least forty-five (45) days before filing an appeal brief in the case.

6.2.7 TxDOT's notification to FHWA and DOJ in subparts 6.2.3, 6.2.4, 6.2.5, and 6.2.6, shall be made by electronic mail to FHWA_assignment_lit@dot.gov and NRSDOT.enrd@doj.gov, unless otherwise specified by FHWA and DOJ. For copies of motions, pleadings, briefs, and other documents filed in a case, as identified in subpart 6.2.4, TxDOT may opt to either send the materials to the email addresses identified above, send hardcopies to the mail address below, or add to the distribution list in the court's electronic filing system (e.g., PACER) the following two email addresses: FHWA_assignment_lit@dot.gov and efile_rns.enrd@usdoj.gov. FHWA and DOJ's comments under subpart 6.2.5 and 6.2.6 shall be made by electronic mail to rich.oconnell@txdot.gov unless otherwise specified by TxDOT. In the event that regular mail is determined necessary, mail should be sent by overnight mail service to:

For DOJ: Assistant Attorney General for the Environment and Natural Resources Division at 950 Pennsylvania Avenue, NW, Room 2143, Washington, DC, 20530.

For FHWA: Division Administrator, FHWA Texas Division, 300 East 8th Street, Room 826, Austin, TX 78701.

6.3 Conflict Resolution
6.3.1 In discharging any of the USDOT Secretary's responsibilities under this MOU, TxDOT agrees to comply with any applicable requirements of USDOT and FHWA statute, regulation, guidance or policy regarding conflict resolution. This includes the USDOT Secretary's responsibilities for issue resolution under 23 U.S.C. 139(h), with the exception of the USDOT Secretary's responsibilities under 23 U.S.C. 139(h)(6) regarding financial penalties.

6.3.2 TxDOT agrees to follow 40 CFR part 1504 in the event of predecision referrals to CEQ for Federal actions determined to be environmentally unsatisfactory. TxDOT also agrees to coordinate and work with CEQ on matters brought to CEQ with regards the environmental review responsibilities for Federal highway projects TxDOT has assumed.

PART 7. INVOLVEMENT WITH OTHER AGENCIES

7.1 Coordination

7.1.1 TxDOT agrees to seek early and appropriate coordination with all appropriate Federal, State, and local agencies in carrying out any of the responsibilities for highway projects assumed under this MOU.

7.2 Processes and Procedures

7.2.1 TxDOT will ensure that it has appropriate processes and procedures in place that provide for proactive and timely consultation, coordination, and communication with all appropriate Federal agencies in order to carry out any of the responsibilities assumed under this MOU, including the submission of all environmental impact statements together with comments and responses to the Environmental Protection Agency as required at 40 CFR 1506.9 and for EPA's review as required by section 309 of the Clean Air Act. These processes and procedures shall be formally documented. Such formal documentation may be in the form of a formal executed interagency agreement or in other such form as appropriate.

PART 8. INVOLVEMENT WITH FHWA

8.1 Generally

8.1.1 Except as specifically provided otherwise in this MOU, FHWA will not provide any project-level assistance to TxDOT in carrying out any of the responsibilities it has assumed under this MOU. Project-level assistance shall include any advice, consultation, or document review with respect to the discharge of such responsibility for a particular highway project. However, project-level assistance does not include process or program level assistance as provided in subpart 8.1.5, discussions concerning issues addressed in prior projects, interpretations of any applicable law contained in 23 U.S.C. or 49 U.S.C., interpretations of any FHWA or USDOT regulation, or interpretations of FHWA or USDOT policies or guidance.

8.1.2 The FHWA will not intervene, broker, act as intermediary, or be otherwise involved in any issue involving TxDOT's consultation or coordination with another Federal agency with respect to TxDOT's discharge of any of the responsibilities assumed under this MOU for any particular highway project. However, the FHWA may attend meetings between TxDOT and other Federal agencies and submit comments to TxDOT and the other Federal agency in the following extraordinary circumstances:

A. FHWA reasonably believes that TxDOT is not in compliance with this MOU;

B. FHWA determines that an issue between TxDOT and the other Federal agency concerns emerging national policy issues under development by the USDOT; or

C. Upon request by either TxDOT or the other Federal agency and agreement by FHWA.
The FHWA will notify both TxDOT and the relevant Federal agency prior to attending any meetings between TxDOT and such other Federal agency.

8.1.3 Other Federal agencies may raise concerns regarding the compliance with this MOU by TxDOT and may communicate these concerns to the FHWA. The FHWA will review the concerns and any information provided to FHWA by such other Federal agency. If, after reviewing these concerns, FHWA and such other Federal agency still have concerns regarding TxDOT's compliance, FHWA will notify TxDOT of the potential compliance issue and will work with both TxDOT and the relevant Federal agency to resolve the issue and, if necessary, take appropriate action to ensure compliance with this MOU.

8.1.4 At TxDOT’s request, FHWA may assist TxDOT in evaluating its environmental program and developing or modifying any of its processes or procedures to carry out the responsibilities it has assumed under this MOU, including, but not limited to, those processes and procedures concerning TxDOT’s consultation, coordination, and communication with other Federal agencies.

8.1.5 TxDOT's obligations and responsibilities under 23 CFR 1.5 are not altered in any way by executing this MOU.

8.2 MOU Monitoring and Oversight

8.2.1 Pursuant to 23 U.S.C. 327(h), the FHWA shall monitor TxDOT’s performance in order to ensure TxDOT’s compliance with the MOU and all applicable Federal laws and policies, and to evaluate whether TxDOT is meeting the performance measures listed in Part 10 of the MOU. The FHWA's monitoring program will consist of monitoring reviews, which will be coordinated with TxDOT and take into account TxDOT's self-monitoring and the FHWA Texas Division's annual risk assessments. FHWA shall provide its draft and final annual risk assessments to TxDOT for review and comment on matters pertaining to TxDOT's performance under this MOU.

8.2.2 In order to minimize the impact of the monitoring reviews on TxDOT's day-to-day project delivery workload, the FHWA and TxDOT will coordinate when scheduling joint monitoring reviews. Normally, the FHWA expects to complete two monitoring reviews during the term of the MOU, although the FHWA may conduct additional reviews if deemed necessary. TxDOT and the FHWA Texas Division Office will each designate a point of contact, who will be responsible for coordinating monitoring review schedules, requests for information and organizing meetings.

8.2.3 In order to evaluate whether TxDOT is meeting the performance measures listed in Part 10 of this MOU, TxDOT shall make available for inspection by the FHWA any project files, general administrative files, and letters or comments received from governmental agencies and the public which pertain to TxDOT’s discharge of the responsibilities it has assumed under this MOU. TxDOT will work with the FHWA to provide documents electronically to the extent it does not create an undue burden. TxDOT environmental staff will be available for interviews as part of the monitoring reviews.

8.2.4 Pursuant to 23 U.S.C. 327(c)(4), TxDOT is responsible for providing to the FHWA any information the FHWA reasonably considers necessary to ensure that TxDOT is adequately carrying out the responsibilities assigned. At the request of the FHWA, TxDOT will (within five business days or a mutually agreeable time frame), provide the FHWA with any information the FHWA considers necessary to ensure that TxDOT is adequately carrying out the responsibilities assigned to TxDOT.

8.2.5 Monthly from the Effective Date of this MOU, TxDOT shall provide a report to the FHWA Texas Division Office listing any approvals and decisions TxDOT has made with respect to the responsibilities TxDOT has assumed under Part 3 of this MOU.

8.2.6 In carrying out the responsibilities assumed under Part 3 of this MOU, TxDOT agrees to carry
out regular quality assurance and quality control (QA/QC) activities to ensure the assumed responsibilities are being conducted in accordance with applicable laws and this MOU. At a minimum, TxDOT’s QA/QC activities will include the review and monitoring of its processes relating to project decisions, environmental analysis, project file documentation, checking for errors and omissions, legal sufficiency reviews, and taking appropriate corrective action as needed.

8.2.7 TxDOT shall perform annual monitoring of its QA/QC process to determine whether the process is working as intended, to identify any areas needing improvements in the process, and to take any corrective actions necessary to address the areas needing improvement. TxDOT shall transmit a report on the results of this self-monitoring to the FHWA Texas Division office and make the report available for public inspection.

8.2.8 Monitoring review reports, be they prepared by the FHWA or TxDOT, shall include a description of the scope of the monitoring reviews, the compliance areas reviewed, a description of the monitoring process, and a list of areas identified as needing improvement. The FHWA reports shall identify findings that require corrective actions and the TxDOT reports shall discuss corrective actions that have been or will be implemented.

8.2.9 Prior to making any monitoring review report available to the public, the FHWA will transmit to TxDOT a draft of the report and allow TxDOT at least 14 calendar days to respond in writing. The FHWA will grant any reasonable request by TxDOT to extend this response period up to a total of 30 calendar days. The FHWA will review the comments and revise the draft monitoring report, as appropriate.

8.2.10 TxDOT agrees to post all monitoring reports on the TxDOT Environmental Affairs Division website in order to make them available to the public.

8.3 Record Retention

8.3.1 TxDOT will retain project files and general administrative files pertaining to its discharge of the responsibilities it has assumed under this MOU in accordance with the FHWA Records Disposition Manual (Field Offices) Chapter 4, FHWA Order No. 1324.1B, issued July 29, 2013, or in accordance with any subsequent order that supersedes or replaces Order No. 1324.1 B.

8.3.2 In addition to the period of time specified in subpart 8.3.1, TxDOT will ensure that the following retention periods are maintained for each specified type of record:

A. Environment Correspondence Files: Environment correspondence files include correspondence between FHWA and TxDOT relative to the interpretation, administration, and execution of environmental aspects of the Federal-aid Highway Program. Environmental correspondence files shall be maintained by TxDOT for a period of 3 years after the resolution of the particular issue for which the file is created. After 3 years, TxDOT shall transmit environmental correspondence files to the FHWA to be stored at the Federal Records Center. When environmental correspondence files are 8 years old, the FHWA will transfer the files to the Federal Records Center for permanent storage.

B. Environmental Impact Statements and/or Section 4(f) Statements- FHWA: Files containing reviews and approval of EIS's and Section 4(f) statements for which TxDOT, in assuming the FHWA’s responsibilities, is the lead agency shall be maintained by TxDOT for a period of 8 years after approval of the final statement. After 8 years, TxDOT shall transmit its EIS and/or section 4(f) files to FHWA to be stored at the Federal Records Center. After a period of 13 years from the date of approval of the final statement, EIS and/or section 4(f) files will be destroyed.

C. Environmental Impact Statements - Other Agencies: Files containing reviews and comments furnished by TxDOT to other Federal agencies following reviews of an EIS for which another
Federal agency is the lead agency shall be maintained by TxDOT for a period of 5 years. After 5 years, TxDOT may destroy these files when no longer needed.

D. Fish and Wildlife Coordination: Files containing correspondence with the fish and wildlife resource agencies early in project development may be destroyed by TxDOT when no longer needed.

E. Noise Barriers: To comply with 23 CFR 772.13(f) regarding noise abatement measures reporting, files containing correspondence, publications, presentations, installation reports for wall barriers, and design of different types of wall barriers by private industry shall be maintained by TxDOT for a period of 4 years after the end of the Federal fiscal year in which the particular file is closed.

8.3.3. The periods of time stated in subpart 8.3.2 are contained in the FHWA Records Disposition Manual, FHWA Order M1324.1B. In case of any conflict in the periods of time in subpart 8.3.2 and the FHWA Records Disposition Manual, subpart 8.3.2 shall control.

8.3.4. Nothing contained in this MOU is intended to relieve TxDOT of its recordkeeping responsibilities under 49 CFR 18.42 or other applicable laws.

8.4 Federal Register

8.4.1 For any documents that are required to be published in the Federal Register, such as the Notice of Intent under 23 C.F.R. 771.123(a) and Notice of Final Agency Action under 23 U.S.C. 139(j), TxDOT shall transmit such document to the FHWA’s Texas Division Office and the FHWA will cause such document to be published in the Federal Register on behalf of TxDOT and will submit such document to the Federal Register within 5 calendar days of receipt of such document from TxDOT. TxDOT shall, upon request by FHWA, reimburse FHWA for the expenses associated with publishing such documents in the Federal Register (excluding FHWA’s overhead). To the extent that the operating procedures of the Government Printing Office and the Federal Register agree, TxDOT will take over the procedures described above from the FHWA Texas Division Office.

8.5 Participation in Resource Agency Reports

8.5.1 TxDOT agrees to provide data and information requested by the FHWA Office of Project Development and Environmental Review and resource agencies for the preparation of national reports to the extent that the information relates to determinations, findings, and proceedings associated with projects processed under this MOU. Such reports include but are not limited to:

A. Information on the completion of and duration to complete environmental documentation of all NEPA types (EIS, EA, CE);

B. Archeology Reports requested by the National Park Service;

C. Endangered Species Act Expenditure Reports requested by the U.S. Fish and Wildlife Service and the National Marine Fisheries Service;

D. NEPA Litigation Reports requested by CEQ; and

E. Environmental Conflict Resolution reports requested by the Office of Management and Budget and CEQ.

F. Project status and information for EAs and EISs for use on the searchable website maintained under section 41003(b) of the FAST Act [Fixing America’s Surface Transportation Act, 42 U.S.C. 4370m-2(b) and 23 U.S.C. 139(o)] (Federal Permitting Dashboard) to be submitted in accordance with current and any future reporting standard issued by U.S. DOT pursuant to such provisions;
8.6 Conformity Determinations

8.6.1 Pursuant to 23 U.S.C. 327(a)(2)(B)(iv)(II), for any project requiring a project-level conformity determination under the Federal Clean Air Act and its implementing regulations, the FHWA's Texas Division Office will document the project level conformity determination. FHWA's Texas Division Office will restrict its review to only that data, analyses, applicable comments and responses, and other relevant documentation that enable FHWA to make the project-level conformity determination.

8.7 Certification of NEPA Compliance

8.7.1 For projects funded by FHWA, prior to the execution of any Federal-aid project agreement for a physical construction contract, a design-build contract, or a contract for final design services, the Director of TxDOT's Environmental Affairs Division will submit a certification for each individual project to the FHWA Texas Division Office specifying that TxDOT has fully carried out all responsibilities assumed under this MOU in accordance with this MOU and applicable Federal laws, regulations, and policies. The Director of TxDOT's Environmental Affairs Division may delegate the authority to make the certification required under this subpart to other qualified and duly authorized TxDOT personnel.

8.8 Enforcement

8.8.1 Should FHWA determine that TxDOT is not in compliance with this MOU, then FHWA shall take appropriate action to ensure TxDOT's compliance, including appropriate remedies provided at 23 CFR 1.36 for violations of or failure to comply with Federal law or the regulations at 23 CFR with respect to a project, withdrawing assignment of any responsibilities that have been assumed as provided in Part 9 of this MOU, or terminating TxDOT's participation in the Project Delivery Program as provided in Part 12 of this MOU.

PART 9. WITHDRAWAL OF ASSIGNED RESPONSIBILITIES

9.1 FHWA-Initiated Withdrawal of Assigned Projects

9.1.1 The FHWA may, at any time, withdraw the assignment of all or part of the USDOT Secretary's responsibilities that have been assumed by TxDOT under this MOU for any highway project or highway projects upon FHWA's determination that:

A. With respect to that particular highway project or those particular highway projects, TxDOT is not in compliance with a material term of this MOU or applicable Federal laws or policies, and TxDOT has not taken sufficient corrective action to the satisfaction of FHWA;

B. The highway project or highway projects involve significant or unique national policy interests for which TxDOT's assumption of the USDOT Secretary's responsibilities would be inappropriate; or

C. TxDOT cannot satisfactorily resolve an issue or concern raised in a government-to-government consultation process, as provided in subpart 3.2.3.

9.1.2 Upon the FHWA's determination to withdraw assignment of the USDOT Secretary's responsibilities under subpart 9.1.1, FHWA will informally notify TxDOT of FHWA's determination. After informally notifying TxDOT of its determination, FHWA will provide TxDOT written notice of its determination including the reasons for its determination. Upon receipt of this written notice, TxDOT may submit any comments or objections to FHWA within 30 calendar days, unless FHWA agrees to an extended period of time. Upon receipt of TxDOT's comments or objections, FHWA will make a final determination within 30 calendar days, unless extended by FHWA for cause, and notify TxDOT of its decision. In making its determination, FHWA will consider TxDOT's comments or objections, the
effect the withdrawal of assignment will have on the Program, the amount of disruption to the
project concerned, the effect on other projects, confusion the withdrawal of assignment may cause
to the public, the potential burden to other Federal agencies, and the overall public interest.

9.1.3 The FHWA shall withdraw assignment of the responsibilities TxDOT has assumed for any highway
project when the preferred alternative that is identified in the environmental assessment or final
environmental impact statement is a highway project that is specifically excluded in subpart 3.3.2.
In such case, subpart 9.1.2 shall not apply.

9.2 TxDOT-Initiated Withdrawal of Assignment of Projects

9.2.1 TxDOT may, at any time, request FHWA to withdraw all or part of the USDOT Secretary's and/or
FHWA's responsibilities TxDOT has assumed under this MOU for any existing or future highway
project or highway projects.

9.2.2 Upon TxDOT’s decision to request FHWA to withdraw the assignment of the USDOT Secretary's
and/or FHWA's responsibilities under subpart 9.2.1, TxDOT shall informally notify FHWA of its
desire for FHWA to withdraw assignment of such responsibilities. After informally notifying FHWA of
its desire, TxDOT will provide FHWA written notice of its desire, including the reasons for wanting
FHWA to withdraw assignment of the responsibilities. Upon receipt of this written notice, the FHWA
will have 30 calendar days, unless extended by FHWA for cause, to determine whether it will
withdraw assignment of the responsibilities requested. In making its determination, FHWA will
consider the reasons TxDOT desires FHWA to withdraw assignment of the responsibilities, the
effect the withdrawal of assignment will have on the Program, amount of disruption to the project
concerned, the effect on other projects, confusion the withdrawal of assignment may cause to the
public, the potential burden to other Federal agencies, and the overall public interest.

PART 10. PERFORMANCE MEASURES

10.1 General

10.1.1 Both FHWA and TxDOT have determined that it is desirable to mutually establish a set of
performance measures that FHWA can take into account in its evaluation of TxDOT’s administration
of the responsibilities it has assumed under this MOU.

10.1.2 TxDOT’s attainment of the performance measures indicated in this Part 10 will be considered during
the FHWA monitoring, which is required under 23 U.S.C. 327(h).

10.1.3 TxDOT shall collect and maintain all necessary and appropriate data related to the attainment of the
performance measures. In collecting this data, TxDOT shall monitor its progress toward meeting the
performance measures and include its progress in the self-assessment summary provided under
subpart 8.2.5 of this MOU. The summary shall be made available to the FHWA as provided in
subpart 8.2.5.

10.2 Performance Measures

10.2.1 The performance measures applicable to TxDOT in carrying-out the responsibilities it has assumed
under this MOU are as follows:

A. Compliance with NEPA and other Federal environmental statutes and regulations:

   i. Maintain documented compliance with procedures and processes set forth in this MOU for
      the environmental responsibilities assumed under the Program.

   ii. Maintain documented compliance with requirements of all applicable Federal statutes and
       regulations for which responsibility is assumed (Section 106, Section 7, etc).
3/29/2019 DRAFT

iii. Maintain and apply internal quality control and assurance measures and processes.

iv. Maintain documented legal sufficiency determinations made by counsel; this shall include the legal sufficiency reviews of Notices of Intent and Notices of Final Agency Action as required by law, policy, or guidance.

v. Completeness and adequacy of documentation of project records for projects done under the Program.

B. Relationships with agencies and the general public:

i. Assess change in communication among TxDOT, Federal and State resource agencies and the public resulting from assumption of responsibilities under this MOU.

ii. Maintain effective responsiveness to substantive comments received from the public, agencies and interest groups on NEPA documents and environmental concerns.

iii. Maintain effective NEPA conflict resolution processes whenever appropriate.

C. Efficiency and timeliness in completion of NEPA process:

i. Monitor time of completion for NEPA approvals under this MOU and the Original MOU.

ii. Monitor time to completion for key interagency consultation formerly requiring FHWA participation (e.g., Section 7 biological opinions, Section 106 resolution of adverse effects) under this MOU and the Original MOU.

PART 11. TRAINING

11.1 The FHWA will provide TxDOT available training, to the extent FHWA and TxDOT deem necessary, in all appropriate areas with respect to the environmental responsibilities that TxDOT has assumed. Such training may be provided by either FHWA or another Federal agency or other parties as may be appropriate. TxDOT agrees to have all appropriate employees (including consultants hired for the purpose of carrying out the USDOT Secretary’s responsibilities) attend such training.

11.2 TxDOT, in consultation with FHWA and other Federal agencies as appropriate, will update its training plan annually during the term of this MOU. While TxDOT and FHWA may take other agencies’ recommendations into account in determining training needs, TxDOT and FHWA will jointly determine the training required under this MOU.

PART 12. TERM, TERMINATION AND RENEWAL

12.1 Term

12.1.1 This MOU has a term of 5 years from the Effective Date.

12.2 Termination by the FHWA

12.2.1 As provided at 23 U.S.C. 327(j)(1), FHWA may terminate TxDOT’s participation in the Program, in whole or in part, at any time subject to the procedural requirements in 23 U.S.C. 327 and subpart 12.2.2 below. Failure to adequately carry out the responsibilities may include, but not be limited to:

A. Persistent neglect of, or noncompliance with, any Federal laws, regulations, and policies;

B. Failure to cooperate with FHWA in conducting monitoring or any oversight or audit activity;

C. Failure to secure or maintain adequate personnel and financial resources to carry out the responsibilities assumed;
3/29/2019 DRAFT

D. Substantial noncompliance with this MOU; or

E. Persistent failure to adequately consult, coordinate, and/or take the concerns of other Federal agencies, as well as State Historic Preservation Officers, into account in carrying out the responsibilities assumed.

12.2.2 If FHWA determines that TxDOT is not adequately carrying out the responsibilities assigned to TxDOT, then:

A. The FHWA shall provide to TxDOT a written notification of its determination;

B. The FHWA shall provide TxDOT a period of at least 120 calendar days to take such corrective action as the FHWA determines is necessary to comply with this MOU; and

C. TxDOT, after notification and the period provided under subpart 12.2.2(B), fails to take satisfactory corrective action, FHWA shall provide notice to TxDOT of its determination whether or not to implement the FHWA-initiated termination. Any responsibilities identified to be terminated in the notice that have been assumed by TxDOT of this MOU shall transfer to FHWA.

12.3 Termination by TxDOT

12.3.1 TxDOT may terminate its participation in the Program, in whole or in part, at any time by providing to FHWA a notice at least ninety (90) calendar days prior to the date that TxDOT seeks to terminate its participation in this program, and subject to such terms and conditions as FHWA may provide.

12.3.2 The Texas Legislature or the Governor may, at any time, terminate TxDOT's authority granted to participate in this Program. In that event, FHWA and TxDOT shall develop a plan to transition the responsibilities that TxDOT has assumed back to FHWA and the USDOT Secretary, as applicable, so as to minimize disruption to projects, minimize confusion to the public, and minimize burdens to other affected Federal, State, and local agencies. The plan shall be approved by both FHWA and TxDOT.

12.3.3. Any such withdrawal of assignment which FHWA and TxDOT have agreed to under a transition plan shall not be subject to the procedures or limitations provided for in Part 9 of this MOU and shall be valid as agreed to in the transition plan.

12.4 Validity of TxDOT Actions

12.4.1 Any environmental approvals made by TxDOT pursuant to the responsibilities TxDOT has assumed under this MOU shall remain valid after termination of TxDOT's participation in the Program or withdrawal of assignment by FHWA. As among the USDOT Secretary, FHWA and TxDOT, TxDOT shall remain solely liable and solely responsible for any environmental approvals it makes pursuant to any of the responsibilities it has assumed under this MOU and the Original MOU.

12.5 Renewal

This MOU is renewable in accordance with 23 U.S.C. 327 and implementing regulations, as in effect at the time of the renewal.

PART13. AMENDMENTS

13.1 Generally

13.1.1 This MOU may be amended at any time upon mutual agreement in writing by both the FHWA and the State of Texas, acting by and through TxDOT, pursuant to 23 CFR 773.113(b).

13.2 Additional Projects, Classes of Projects and Environmental Review Responsibilities
13.2.1 The FHWA may assign, and TxDOT may assume, responsibility for additional projects, and additional environmental review responsibilities beyond those identified in Part 3 of this MOU by executing an amendment to this MOU.

13.2.2 Should TxDOT decide to request this MOU to be amended to add responsibility for additional projects or classes of projects, or additional environmental review responsibilities beyond those identified in Part 3 of this MOU, such request shall be treated as an amendment to TxDOT's Renewal Package that was submitted to FHWA pursuant to 23 U.S.C. 327(b) and 23 C.F.R. part 773. In developing the amendment, TxDOT shall identify the additional projects, classes of projects, and environmental review responsibilities it wishes to assume and make any appropriate adjustments to the information contained in TxDOT's Renewal Package, including the verification of personnel and financial resources.

IN WITNESS THEREOF, the parties hereto have caused this MOU to be duly executed in duplicate as of the date of the last signature written below.
