

NOTICE OF PUBLIC MEETING

Fort Bend County and the Texas Department of Transportation (TxDOT) will conduct a public meeting regarding the proposed design changes to FM 1093 from SH 99 to FM 1463 in Fort Bend County. The meeting will be held on July 31, 2014 at Seven Lakes High School, which is located at 9251 South Fry Road, Katy, Texas 77494. The meeting will be held in an open house format from 6:00 p.m. to 8:00 p.m.

FM 1093 within the project limits is currently a two-lane undivided rural roadway. The proposed project would consist of a four-lane divided tollway with non-tolled, two-lane continuous frontage roads. The proposed project received a Finding of No Significant Impact (FONSI) (environmental approval) from the Federal Highway Administration on May 8, 2014.

The purpose of the public meeting is to present the proposed design changes on FM 1093 from SH 99 to FM 1463. The proposed design changes include modifications to the proposed right-of-way required for the project and modification of toll road access points. The 2012 design schematic included with the FONSI and the current revised schematic (on aerial photography) will be on display.

Representatives from Fort Bend County, TxDOT, and their study team will be available to answer individual questions. Public comments are encouraged. The schematic plan showing the proposed design changes is on file and available for inspection at the Fort Bend County Offices at 1124 Blume Road, Rosenberg, Texas 77471 and the TxDOT Houston District Office at 7600 Washington Avenue, Houston, Texas 77007. TxDOT and County offices are open Monday through Friday, from 8:00 a.m. to 5:00 p.m., excluding state holidays.

Additional right-of-way would be required for the proposed design changes; however no displacements or relocations would be required from the design changes.

Persons interested in attending the public meeting who have special communication or accommodation needs are encouraged to contact TxDOT's Public Information Office at 713-802-5072 at least two working days prior to the meeting. Since the public meeting will be conducted in English, any requests for language interpreters or other special communication needs should also be made at least two working days prior to the public meeting. TxDOT will make every reasonable effort to accommodate these needs.

All interested citizens are invited to attend this public meeting. Written comments relative to the proposed project may be presented at the meeting or submitted to the Director of Project Development, Texas Department of Transportation, P.O. Box 1386, Houston, Texas 77251-1386, at any time on or before August 11, 2014. Comments may also be emailed on or before August 11, 2014 to HOU-PIOWebMail@txdot.gov.
