## **MEETING SUMMARY**

- CSJs:** 0111-01-067 and 0111-03-031
- Meeting Date:** April 16, 2009  
Open House – 6:30 p.m. to 8:30 p.m.
- Meeting Location:** Laura Ingalls Wilder Elementary, 2225 Kingsley, Pearland, Texas 77584
- Meeting Purpose:** The objectives of the meeting were to 1) present and discuss three proposed design alternatives (Options A, B and C) for FM 521 from Beltway 8 to FM 2234 and 2) solicit public comments on environmental issues and plan design.
- Meeting Format:** The meeting consisted of an open house session with information stations for each design alternative (Options A, B, and C), environmental issues, right-of-way acquisition, and a table provided for public comments.
- Attendance:** 17 citizens, 2 elected officials
- Media:** Houston Chronicle – Notice published March 16 and April 6  
La Subasta – South Paper: Notice published March 16 and April 6  
La Subasta – South Central Paper: Notice published March 17 and April 7  
Pearland Journal – Notice published March 19 and April 9

## **BACKGROUND**

Public involvement is a vital component of the National Environmental Policy Act (NEPA) process. The Texas Department of Transportation (TxDOT) adopted a Public Involvement Program that offers opportunities for the public to participate in the process. A public meeting was held on April 16, 2009 in Pearland, Texas. TxDOT received comments from the public meeting regarding design alternatives for FM 521 from Beltway 8 to FM 2234. Public involvement is a continuous process and the participation of agencies, businesses, public representatives, and concerned citizens is always encouraged. Future public involvement techniques could include regular meetings of a municipal advisory committee, presentations to community groups, and solicitation of written comments.

## **DESCRIPTION OF MEETING**

On April 16, 2009, an open house meeting was held to discuss the proposed expansion of FM 521 from Beltway 8 to FM 2234 as the next phase of the NEPA public involvement process. The meeting took place at Laura Ingalls Wilder Elementary in Pearland, Texas.

The public meeting was announced and advertised through a variety of methods. Thirty days prior to the meeting, TxDOT engaged in an extensive effort to announce the meeting through mailings and published advertisements. Postcard notices (Appendix A) announcing the public meeting time, location, and purpose were mailed to a list of landowners with property adjacent to the existing right-of-way (Appendix B). An informational letter also announcing the public

meeting time, location, and purpose was sent to local elected officials (Appendix C). Advertisements (Appendix D) were published 30 days and 10 days in advance in newspapers with local and city-wide circulation, including the Houston Chronicle, Pearland Journal and La Subasta, a Spanish language paper.

As meeting attendees arrived, they were asked to sign-in (Appendix E) and each person was provided with a copy of the public meeting information sheet and a blank pre-addressed comment form (both in Appendix F). Sign-in sheets indicate that 17 citizens and 2 elected officials attended the meeting.

The meeting format was an open house session between 6:30 p.m. and 8:30 p.m. to allow the public to view reference materials and maps, and the opportunity to visit with project team members. Photographs from the public meeting are in Appendix G. The public was encouraged to visit information stations for design, environmental constraints, and right-of-way acquisition procedures. Several engineers, environmental professionals, and right-of-way experts were available at each station to provide information and answer any questions.

Throughout the meeting, attendees had the chance to submit written comments. Comment tables and comment drop boxes were set up in the open house area. Written comments could also be mailed-in or e-mailed by April 30, 2009.

### **SUMMARY OF COMMENTS**

By the conclusion of the comment period, TxDOT received nine (9) written comments (Appendix H). The comments received were generally in regards to design modifications or direct impacts associated with each design option. Of the comments received, two (2) were in favor of Option A as presented at the public meeting, four (4) were in favor of Option B as presented at the public meeting, one (1) was in favor of Option B with some design modifications, one (1) was in favor of Option C as presented at the public meeting, and one (1) was in favor of Option C with design modifications. Additionally, comments were received stating concerns regarding various environmental impacts including displacements, bicycle and pedestrian pathways, funding, and construction schedule and timing. Each comment, whether written or emailed, was considered equal. Each response to comment can be viewed in the "Response to Comments" (Appendix I) section of this report.

Based on preliminary environmental studies and comments received during the public meeting, TxDOT will determine which Option (A, B, or C) will be the Recommended Alternative. Once determined, the Recommended Alternative will be carried forward in the Environmental Assessment for further studies. The engineering, social, economic, and environmental studies will be conducted for the Recommended Alternative to indicate the significance of the proposed impacts on the human or natural environment.

**APPENDIX A:  
Postcard Notices**

The Texas Department of Transportation (TxDOT) will be conducting a public meeting to discuss the proposed expansion of Farm to Market (FM) 521 from Beltway 8 to FM 2234 in Harris and Fort Bend Counties, Texas. The proposed project includes the reconstruction and widening of the existing two-lane facility to a four-lane divided rural roadway, a railroad overpass, and improvements to the intersection at FM 2234. The purpose of this meeting is to present the proposed design options and to gather public input.

This meeting will be structured in an open house format from **6:30 pm to 8:30 pm on Thursday, April 16, 2009, at Laura Ingalls Wilder Elementary School, 2225 Kingsley Dr., Pearland, Texas 77584.** Exhibits will be displayed and representatives from TxDOT and their study team will be available to answer individual questions. Public comments are encouraged. Forms will be available to submit written comments, which should be postmarked by April 30, 2009 and sent to the Director of Project Development, Texas Department of Transportation, P.O. Box 1386, Houston, Texas 77251-1386. Comments may also be submitted by email to [HOU-PIOWEBMAIL@dot.state.tx.us](mailto:HOU-PIOWEBMAIL@dot.state.tx.us).

Persons interested in attending the public meeting who have **special communication or accommodation** needs should contact the **TxDOT District Public Information Officer** at **(713) 802-5072**. Since the public meeting will be conducted in English, any requests for language interpreters or other special communication needs should be made at least two working days prior to the meeting. TxDOT will make every reasonable effort to accommodate these needs.

El Departamento de Transporte de Texas (TxDOT) conducira una reunion publica con respecto ala ampliacion y expansion propuesta de la carretera FM 521 desde Beltway 8 hasta FM 2234 en los Condados de Harris y Fort Bend, Texas. El proyecto propuesto incluye la reedificación y ampliando del existir facilidad de dos carriles a una cuatro-senda calzada rural dividida, a un viaducto ferroviario, y a las mejoras al cruce en FM 2234. El propósito de esta reunión es de presentar las opciones propuestas de diseño y para reunir entrada pública.

El formato de exposicion sera informal (open house). La reunion se llevara a cabo de Jueves, 16 de Abril, de 2009 de las 6:30 a 8:30 de la tarde, en la Escuela Primaria, Laura Ingalls Wilder, 2225 Kingsley Dr., Pearland, Texas, 77584. Los informativos seran exhibidos y personal del TxDOT y miembros del equipo a cargo del proyecto asistirán a la reunion y estaran disponibles en este momenta para responder a las preguntas relacionadas con las mejoras propuestas. Todos los ciudadanos interesados estan invitados asistir esta reunion publica. Los comentarios escritos con respeto al proyecto propuesto se pueden presentar en la reunion o someter al: Director of Project Development, Texas Department of Transportation, PO Box 1386 Houston TX 77251-1386, en cualquier momenta antes del 30 de Abril del 2009. Los comentarios tambien pueden enviarse por correo electronico a [hou-piowebmail@dot.state.tx.us](mailto:hou-piowebmail@dot.state.tx.us).

Los individuos interesados en asistir la junta que tiene necesidades especiales de comunicacion o alojamiento son favorecidos a contactar la Oficina de Informacion Publica de TxDOT al 713-802-5072 por lo menos dos dias habiles antes de la reunion. Las oficinas del TxDOT se encuentran abiertas de lunes a viemes, de 8:00 AM a 5:00 PM, excluyendo los dias festivos. La reunion sera conducida en ingles. Cualquier pedido de interpretes y otras necesidades tambien deberian ser pedidos por lo menos a dos dias habiles antes de la junta. TxDOT had cada esfuerzo razonable para acomodar estas necesidades.

Dear «Salutation» «LastName»:

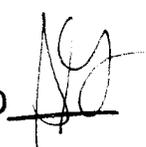

This letter is to notify you of an upcoming public meeting for the proposed widening of FM 521 from Beltway 8 to FM 2234 from a two-lane to a four-lane facility. The public meeting is being held to present the proposed design options as well as to seek comments from local officials and citizens. You, or your representative, are cordially invited to attend this meeting. The meeting will be held as follows:

**Laura Ingalls Wilder Elementary**  
**Thursday, April 16, 2009**  
**2225 Kingsley Drive**  
**Pearland, Texas 77584**  
**6:30 p.m. to 8:30 p.m.**

We are available to meet with you prior to the public meeting to answer any questions that you may have or to review the proposed project. If you have any questions in the interim, please contact Mr. Pat Henry, P.E., Director of Project Development, at (713) 802-5241.

Sincerely,

  
Delvin L. Dennis, P.E.  
District Engineer  
Houston District

## NOTICE OF PUBLIC MEETING FM 521: From Beltway 8 to FM 2234

The Texas Department of Transportation (TxDOT) will be conducting a public meeting to discuss the proposed expansion of Farm to Market (FM) 521 from Beltway 8 to FM 2234 in Harris and Fort Bend Counties, Texas. The proposed project includes the reconstruction and widening of the existing two-lane facility to a four-lane divided rural roadway, a railroad overpass, and improvements to the intersection at FM 2234. The purpose of this meeting is to present the proposed design options and to gather public input.

This meeting will be structured in an open house format from 6:30 p.m. to 8:30 p.m. on Thursday, April 16, 2009, at Laura Ingalls Wilder Elementary School, 2225 Kingsley Dr., Pearland, Texas 77584. Exhibits will be displayed and representatives from TxDOT and their study team will be available to answer individual questions. Public comments are encouraged. Forms will be available to submit written comments, which should be postmarked by April 30, 2009 and sent to the Director of Project Development, Texas Department of Transportation, P.O. Box 1386, Houston, Texas 77251-1386. Comments may also be submitted by email to [HOU-PIOWEBMAIL@dot.state.tx.us](mailto:HOU-PIOWEBMAIL@dot.state.tx.us).

Persons who have special communication, access, or accommodation needs should contact TxDOT office at (713) 802-5072 at least two working days prior to the meeting. TxDOT offices are open Monday - Friday 8:00 a.m. to 5:00 p.m., excluding national holidays. The public meeting will be conducted in English. Requests for language interpreters or other special communication needs should also be made at least two working days in advance of the meeting. TxDOT will make all reasonable efforts to accommodate these needs.

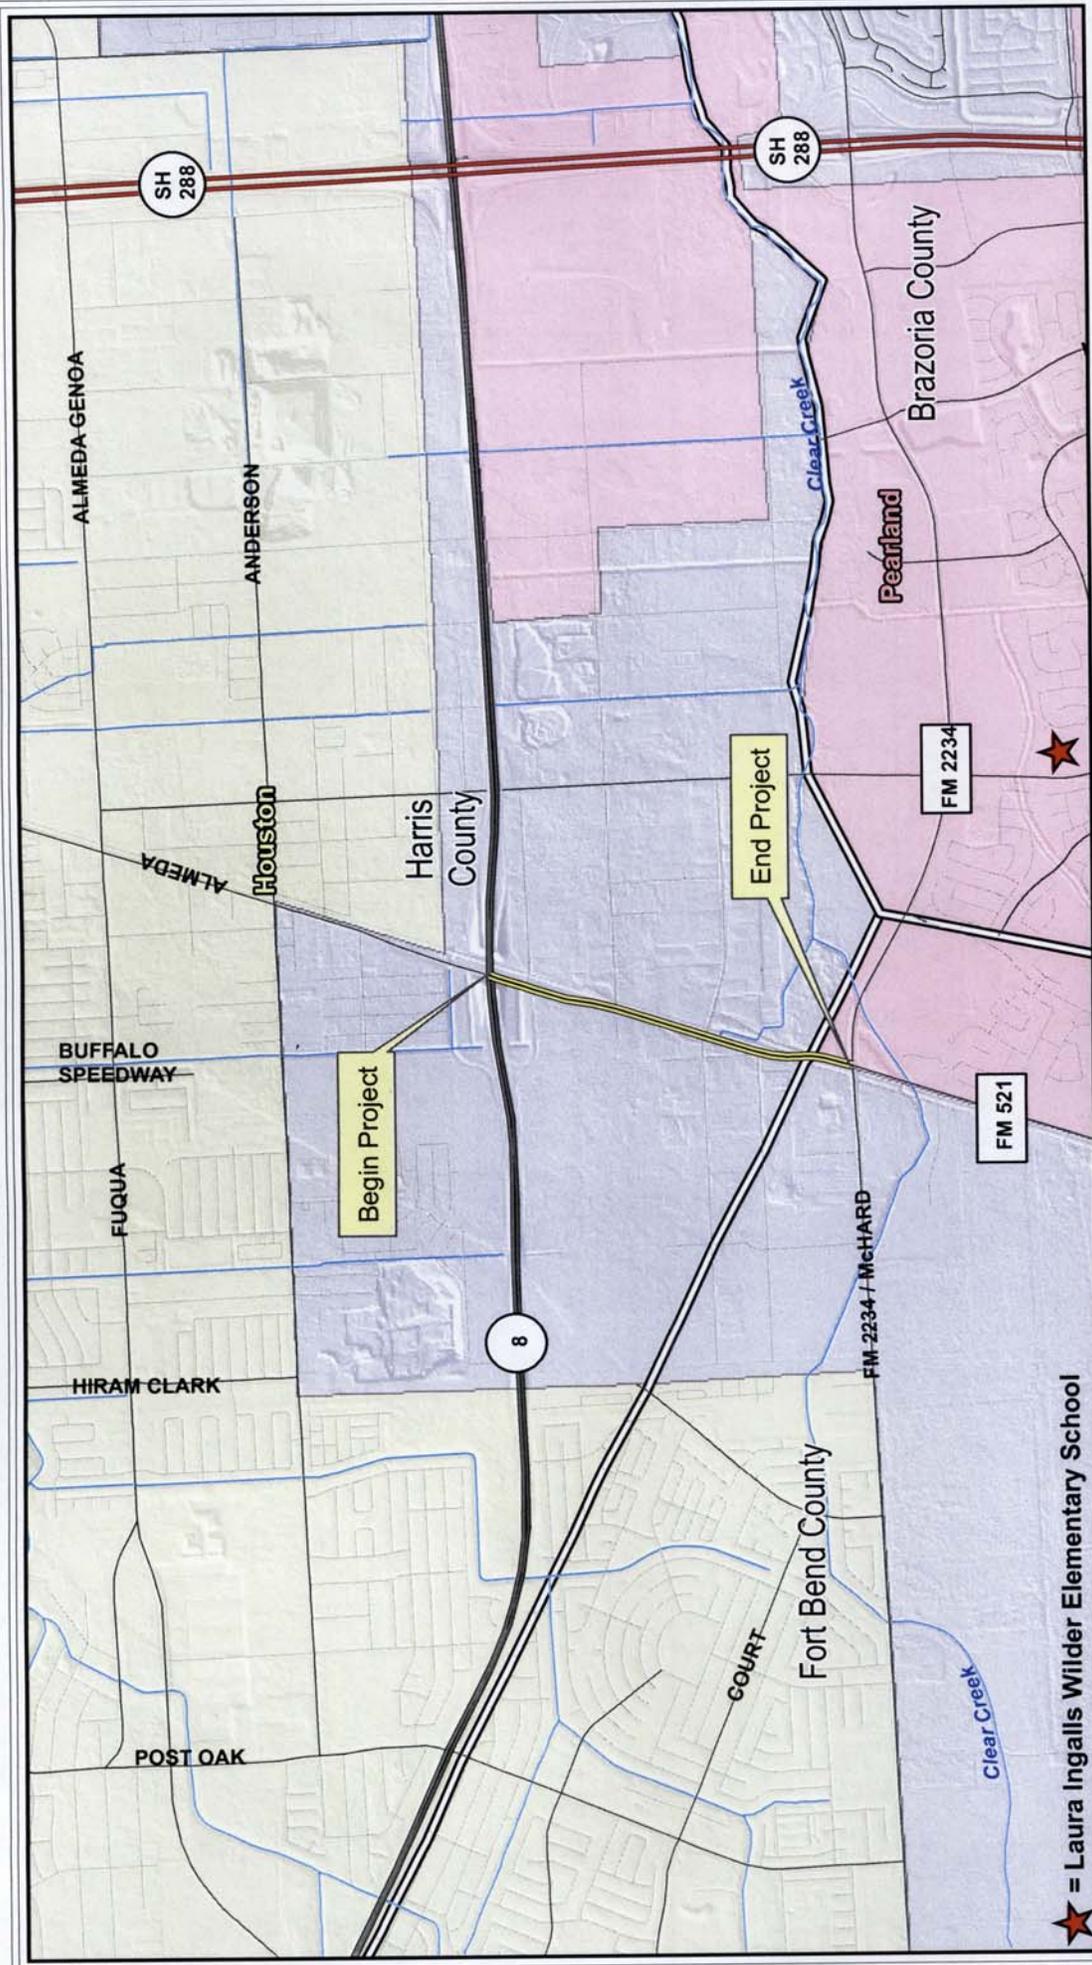

## AVISO DE REUNIÓN PÚBLICA FM 521 desde BW8 (S) hasta FM 2234

El Departamento de Transporte de Texas (TxDOT) conducirá una reunión pública con respecto a la ampliación y expansión propuesta de la carretera FM 521 desde Beltway 8 hasta FM 2234 en los Condados de Harris y Fort Bend, Texas. El proyecto propuesto incluye la reconstrucción y ampliación de la carretera existente de dos carriles a cuatro carriles con separación entre los carriles contrarios, construir un puente sobre el UP RR ferrocarril y mejoramientos al intercambio en FM 2234. El propósito de esta junta es presentar los diseños propuestos así como escuchar comentarios públicos y responder preguntas.

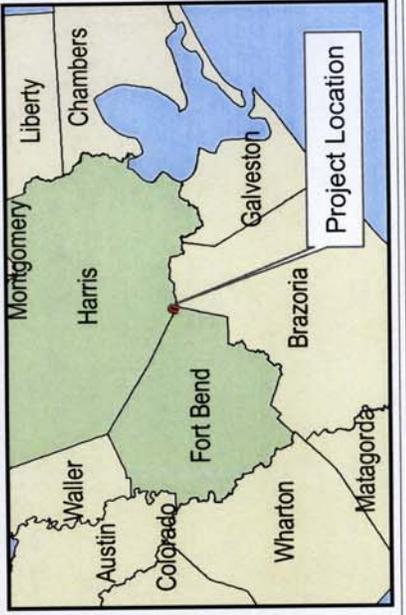

El formato de exposición será informal (open house). La reunión se llevará a cabo de Jueves, 16 de Abril, de 2009 de las 6:30 a 8:30 de la tarde, en la Escuela Primaria, Laura Ingalls Wilder, 2225 Kingsley Dr., Pearland, Texas, 77584. Los informativos serán exhibidos y personal del TxDOT y miembros del equipo a cargo del proyecto asistirán a la reunión y estarán disponibles en este momento para responder a las preguntas relacionadas con las mejoras propuestas. Todos los ciudadanos interesados están invitados a asistir esta reunión pública. Los comentarios escritos con respeto al proyecto propuesto se pueden presentar en la reunión o someter al: Director of Project Development, Texas Department of Transportation, PO Box 1386 Houston TX 77251-1386, en cualquier momento antes del 30 de Abril del 2009. Los comentarios también pueden enviarse por correo electrónico a [hou-piowebmail@dot.state.tx.us](mailto:hou-piowebmail@dot.state.tx.us).

Los individuos interesados en asistir la junta que tiene necesidades especiales de comunicación o alojamiento son favorecidos a contactar la Oficina de Información Pública de TxDOT al 713-802-5072 por lo menos dos días hábiles antes de la reunión. Las oficinas del TxDOT se encuentran abiertas de lunes a viernes, de 8:00 AM a 5:00 PM, excluyendo los días festivos. La reunión será conducida en inglés. Cualquier pedido de intérpretes y otras necesidades también deberían ser pedidos por lo menos a dos días hábiles antes de la junta. TxDOT hará cada esfuerzo razonable para acomodar estas necesidades.

JOHN DAVENPORT: SAN ANTONIO EXPRESS-NEWS

A Sunday of palms and prayers

ARCHBISHOP Jose Gomez enters San Fernando Cathedral in San Antonio at the beginning of Palm Sunday Mass. For Christians, Palm Sunday signifies the beginning of Holy Week, which ends before Easter Sunday.

SHERIFF: Investigative bodies joined

CONTINUED FROM PAGE B1 Robert Doguim said. Garcia combined investigators from the Internal Affairs Division with investigators from the previous OIG — which handled complaints against jailers — and added another 10 officers from other divisions. Commissioner Steve Radack complained the move will reduce public safety.

“I have a huge problem with that. If you’re going to arbitrarily say this person used to ride in a patrol car and now you put them inside the building in internal affairs, this does not meet muster with me,” said Radack, a former police officer and county constable. “This is the same guy who told you he’s going to put more boots on the ground, but what they’re doing is changing the boots and changing them into wing-tips.”

Radack also complained that Garcia disbanded the highly-trained Burglary Apprehension Response Squad, known as the BARS unit, which he said was successful in solving residential burglaries.

“You put a bunch of people in internal affairs, and those are people coming right off the streets — to say that

doesn’t affect public safety is either total ignorance, or a total lie,” he said.

Annette Baldwin, a west Houston business owner and a member of the Harris County Sheriff’s Office Civil Service Board, said there is a need to quickly and thoroughly investigate complaints against police officers.

“It’s definitely a different approach than the sheriff’s department has ever taken. It could be good thing. I know they needed internal affairs people, and some of the cases were getting pretty old,” said Baldwin, who praised the caliber of the officers directing the unit.

“But I don’t understand why internal affairs was the first priority, why people were pulled into IA from the districts (patrol units).”

Deadline of 180 days

Garcia said to restore public confidence in the complaint process, as well as ensure fairness to officers, he wants complaints investigated and resolved in 180 days or less.

“Just as much as employees were concerned about cases hanging out there, I don’t want to tell the public I can’t get to their complaints

because I don’t have the employees to do it,” Garcia said. “This is not intended to punish employees, but we are a public entity doing a public function, and we have to make a commitment to accountability and transparency.”

Doguim said the larger internal affairs office will not compromise public safety, nor was it intended to crack down on officers.

“Public safety is not being affected merely by the fact that we pulled people from the various bureaus to staff up OIG to what it should be like, for an agency this size — we’re talking 4,000 people,” he said.

Richard Newby, president of the Harris County Deputies Organization, said it was unfair to employees to endure long waits while complaints are investigated.

“Something had to be done, and there are times you have to bite the bullet and do it,” he said. “We transferred bodies to take care of the problem.

“This is at the expense of all the departments — detention, patrol, the detective bureau — everybody got hit a little bit.”

Male urination problems? Up at night having to “go”? Trouble starting your stream?

Revolutionary new drug-free formula helps you regain your youthful prostate function so you’ll urinate less often and sleep through the night!

Are you a man who has to get up once or more during the night to urinate? Do you sometimes have trouble getting your stream to start? Do you look for restrooms wherever you go? Do you ever worry that you won’t be able to hold it in? If you suffer with these types of prostate problems, don’t give up hope because now there’s good news!

Introducing Prostalex Plus, the amazing new all-natural supplement for men that helps solve your urination problems, improve prostate function, and boost prostate health so you won’t need to urinate as often, you’ll enhance urination function, and you’ll finally be able to sleep through the night without any trips to the bathroom!

Powerful new formula helps end your urination problems

The amazing new Prostalex Plus drug-free supplement has been scientifically formulated to reduce your need to urinate by combating the natural growth of your prostate, which occurs naturally as you age and is the cause of most urination problems in men.

Containing rare, high-potency, all-natural ingredients, the Prostalex Plus formula is unique because it not only stops your constant need to urinate, it helps improve your ability to urinate (so you’ll no longer have trouble getting your stream to start), and it helps you maintain a healthy prostate. That means, with Prostalex Plus you can enjoy the freedom of not having to search out a men’s room wherever you go, enjoy the luxury

of uninterrupted sleep, and enjoy the peace of mind that goes along with having a healthy, youthful, optimally-functioning prostate.

Countless men are raving about Prostalex Plus

Prostalex Plus is the safe, private, all-natural solution that’s giving men the results they want without drugs, surgery, or side effects. Just listen to what some of our satisfied customers are saying about Prostalex Plus:

“I used to get up more than 6 times a night. Now I don’t have to get up even once!” —Michael P.

“I almost had to quit my job as a truck driver, but now I can go for hours and hours without having to look for a bathroom.” —Larry D.

“All my urination problems—urgency, frequency, low flow, dribble—they’re totally gone now!” —Jonathan S.

If you want to regain your youthful prostate function, stop having to urinate all the time, and enjoy night after night of uninterrupted sleep, Prostalex Plus is perfect for you.

Risk-Free Trial

Call toll-free now for your risk-free trial of Prostalex Plus!

Contact your doctor or call the company directly toll-free now and you can get a risk-free trial of Prostalex Plus (sent to you in plain, discreet packaging). That way you can see for yourself how effective and powerful the Prostalex Plus formula really is! Call toll-free now at 1-800-617-4524.

### AVISO DE REUNIÓN PÚBLICA

FM 521 desde BW8 (S) hasta FM 2234

El Departamento de Transporte de Texas (TxDOT) conducirá una reunión pública con respecto a la ampliación y expansión propuesta de la carretera FM 521 desde Beltway 8 hasta FM 2234 en los Condados de Harris y Fort Bend, Texas. El proyecto propuesto incluye la reconstrucción y ampliación de la carretera existente de dos carriles a cuatro carriles con separación entre los carriles contrarios, construir un puente sobre el UP RR ferrocarril y mejoramientos al intercambio en FM 2234. El propósito de esta junta es presentar los diseños propuestos así como escuchar comentarios públicos y responder preguntas.

El formato de exposición será informal (open house). La reunión se llevará a cabo de Jueves, 16 de Abril, de 2009 de las 6:30 a 8:30 de la tarde, en la Escuela Primaria, Laura Ingalls Wilder, 2225 Kingsley Dr., Pearland, Texas, 77584. Los informativos serán exhibidos y personal del TxDOT y miembros del equipo a cargo del proyecto asistirán a la reunión y estarán disponibles en este momento para responder a las preguntas relacionadas con las mejoras propuestas. Todos los ciudadanos interesados están invitados a asistir a esta reunión pública. Los comentarios escritos con respecto al proyecto propuesto se pueden presentar en la reunión o someter al: Director of Project Development, Texas Department of Transportation, PO Box 1386 Houston TX 77251-1386, en cualquier momento antes del 30 de Abril del 2009. Los comentarios también pueden enviarse por correo electrónico a [hou-piowebmail@dot.state.tx.us](mailto:hou-piowebmail@dot.state.tx.us)

Los individuos interesados en asistir a la junta que tiene necesidades especiales de comunicación o alojamiento son favorecidos a contactar la Oficina de Información Pública de TxDOT al 713-802-5072 por lo menos dos días hábiles antes de la reunión. Las oficinas del TxDOT se encuentran abiertas de lunes a viernes, de 8:00 AM a 5:00 PM, excluyendo los días festivos. La reunión será conducida en inglés. Cualquier pedido de intérpretes y otras necesidades también deberían ser pedidos por lo menos a dos días hábiles antes de la junta. TxDOT hará cada esfuerzo razonable para acomodar estas necesidades.

**AVISO DE REUNIÓN PÚBLICA**  
FM 521 desde BW8 (S) hasta FM 2234

El Departamento de Transporte de Texas (TxDOT) conducirá una reunión pública con respecto a la ampliación y expansión propuesta de la carretera FM 521 desde Beltway 8 hasta FM 2234 en los Condados de Harris y Fort Bend, Texas. El proyecto propuesto incluye la reconstrucción y ampliación de la carretera existente de dos carriles a cuatro carriles con separación entre los carriles contrarios, construir un puente sobre el UP RR ferrocarril y mejoramientos al intercambio en FM 2234. El propósito de esta junta es presentar los diseños propuestos así como escuchar comentarios públicos y responder preguntas.

El formato de exposición será informal (open house). La reunión se llevará a cabo de Jueves, 16 de Abril, de 2009 de las 6:30 a 8:30 de la tarde, en la Escuela Primaria, Laura Ingalls Wilder, 2225 Kingsley Dr., Pearland, Texas, 77584. Los informativos serán exhibidos y personal del TxDOT y miembros del equipo a cargo del proyecto asistirán a la reunión y estarán disponibles en este momento para responder a las preguntas relacionadas con las mejoras propuestas. Todos los ciudadanos interesados están invitados asistir esta reunión pública. Los comentarios escritos con respecto al proyecto propuesto se pueden presentar en la reunión o someter al: Director of Project Development, Texas Department of Transportation, PO Box 1386 Houston TX 77251-1386, en cualquier momento antes del 30 de Abril del 2009. Los comentarios también pueden enviarse por correo electrónico a hou-piowebmail@dot.state.tx.us.

Los individuos interesados en asistir a la junta que tiene necesidades especiales de comunicación o alojamiento son favorecidos a contactar la Oficina de Información Pública de TxDOT al 713-802-5072 por lo menos dos días hábiles antes de la reunión. Las oficinas del TxDOT se encuentran abiertas de lunes a viernes, de 8:00 AM a 5:00 PM, excluyendo los días festivos. La reunión será conducida en inglés. Cualquier pedido de intérpretes y otras necesidades también deberían ser pedidos por lo menos a dos días hábiles antes de la junta. TxDOT hará cada esfuerzo razonable para acomodar estas necesidades.

**Material Handed Out at Public Meeting**

*Information Sheet*  
*Blank Comment Form*

**PUBLIC MEETING INFORMATION SHEET**

**FM 521: From Beltway 8 to FM 2234**

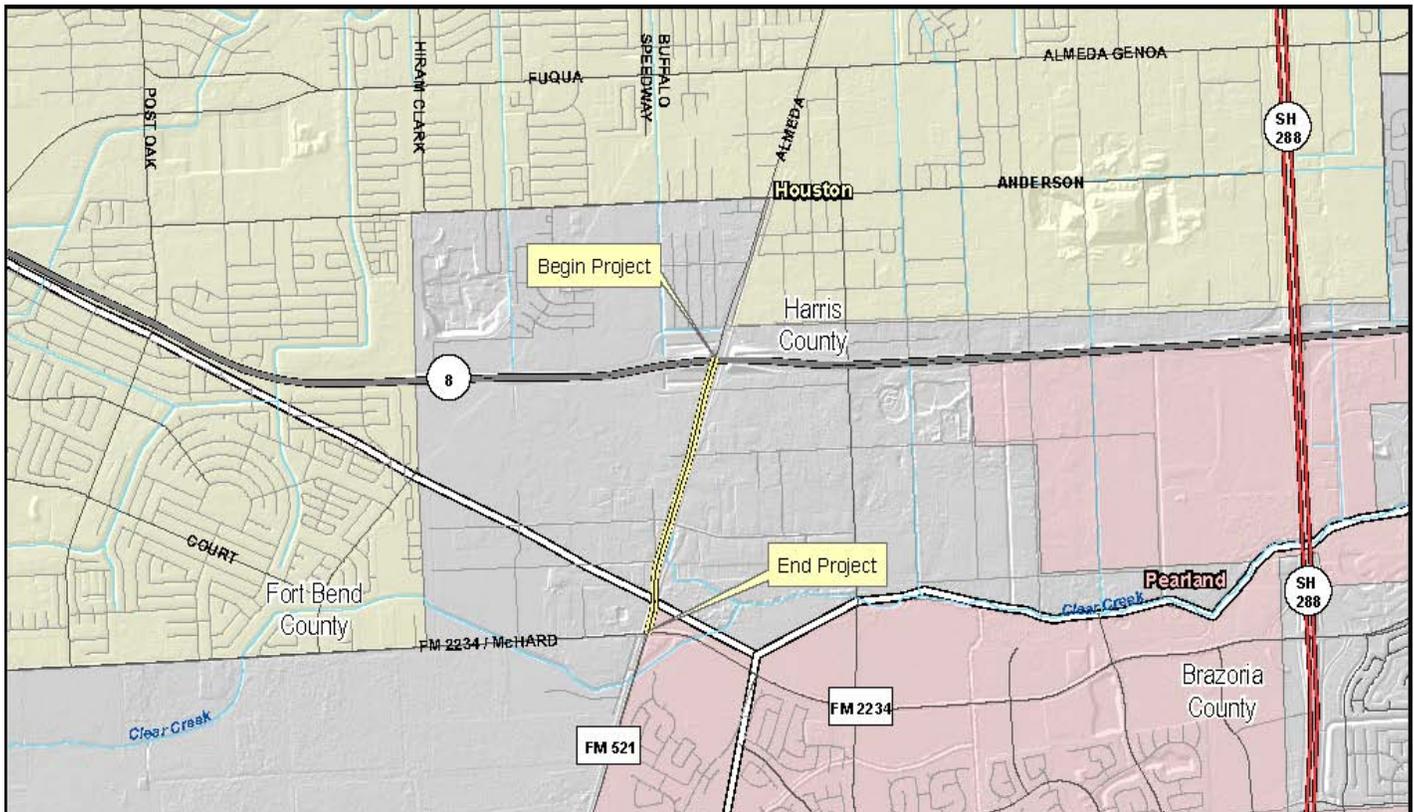

Harris and Fort Bend Counties, Texas

April 16, 2009

**Why do we have a public meeting?**

The National Environmental Policy Act of 1969 (NEPA) is the cornerstone of our Nation's environmental laws and was enacted to ensure that information on the environmental impacts of any Federal, or federally funded, action is available to public officials and citizens before decisions are made and before actions are taken. In order to fully understand the transportation issues regarding Farm to Market (FM) 521 and its surrounding communities, it is essential that the public be involved in every step of the decision-making process. The purpose of this public meeting is to present the proposed improvements to FM 521 from Beltway 8 to FM 2234 and to obtain public feedback on the proposed project.

**Project Study Area**

***PUBLIC MEETING INFORMATION SHEET***

**FM 521: From Beltway 8 to FM 2234**

Harris and Fort Bend Counties, Texas

April 16, 2009

***Description of Alternative Typical Sections***

**Option A**

- Widens FM 521 to a four lane divided curb and gutter section with a 16 foot raised median
- At-grade intersection capacity improvements (additional turn and through lanes) at FM 521 and FM 2234
- Railroad overpass on FM 521 thereby eliminating one of the two existing at-grade railroad crossings
- Access roads to maintain current access

**Option B**

- Widens FM 521 to a four lane divided curb and gutter section with a 16 foot raised median
- FM 521 and FM 2234 intersection improvements provide for a "jug-handle" option that creates two offset "T" intersection (one along FM 521 and one along FM 2234)
- Railroad overpass on FM 521 and FM 2234 thereby eliminating both existing at-grade railroad crossings
- Access roads to maintain current access

**Option C**

- Widens FM 521 to a four lane divided curb and gutter section with a 16 foot raised median
- Elevated signalized intersection and capacity improvements (additional turn and through lanes) at FM 521 and FM 2234
- Railroad overpass/elevated intersection eliminates existing at-grade railroad crossings on FM 521 and FM 2234
- Access roads to maintain current access

Existing and proposed typical sections can be seen in the following pages.

**How you can get involved**

The public is strongly encouraged to participate in the environmental study of FM 521. There are multiple ways in which you can get involved. You are invited to participate by one of the following means:

- 1) Fill out a comment form at the Public Meeting
- 2) Share your ideas with TxDOT or the Consultant Team at the Public Meeting
- 3) Call TxDOT and ask to be put on the mailing list, or
- 4) Send a letter with your comments or concerns. Letters to TxDOT should be addressed to: Director of Project Development, TxDOT, P.O. Box 1386, Houston, Texas 77251-1386.

- Newspaper / Periódico
- Told by Friend or Neighbor / Amigo o vecino
- Received Notice in Mail / Aviso por Correo

Other (please explain) / Otro modo (explique): City of Pearland web site or Shadowcreek Ranch HOA site.

**D2**

2. Do you have any comments about the project presented tonight? / ¿Tiene usted cualquiera comenta acerca de proyecto presentadas esta noche? Great representation by TXDOT, good location for mtg.

3. Do you have a preference regarding option A, B, or C? If yes, please explain? / ¿Tiene usted una preferencia con respecto a opción UNA, B, o C? ¿Si sí, explica por favor? B = I like that 2234 traffic will move over 521, allowing 521 continued flow. However, it would be best to decrease impact on the Humane Society's other areas as well. Important to work on signal timing as you drive north on 521.

1. How did you hear about this meeting? / ¿Cómo se informó de esta asamblea?

- Newspaper / Periódico       Told by Friend or Neighbor / Amigo o vecino       Received Notice in Mail / Aviso por Correo
- Other (please explain) / Otro modo (explique): \_\_\_\_\_

2. Do you have any comments about the project presented tonight? / ¿Tiene usted cualquiera comenta acerca de proyecto presentadas esta noche?

BROADWAY is in the process of being tied in to FM521 and will function as ~~the~~ one of our major thoroughfares out of Pearland. Extension of expansion to Broadway could reduce future impact on SH238 @ FM513 and C Beltway.

3. Do you have a preference regarding option A, B, or C? If yes, please explain? / ¿Tiene usted una preferencia con respecto a opción UNA, B, o C? ¿Si sí, explica por favor?

Option C with extension south to Broadway

**B8, B9**

(continue comments on the back of this form / siga comentarios al dorso de esta forma)

4. Do you want to be included on the mailing list for future meetings regarding this proposed project? / ¿Quiere usted ser incluido en la lista de envío y recibe notas de reuniones futuras para este proyecto propuesto?

City / Ciudad: *Houston* Zip Code / Código Postal: *77245*

DPD

PER YEAR

5. Additional Comments / Comentarios adicionales: We have 25,000 - 30,000 trucks that enter and leave our plant via McHard Rd (FM 2234). In addition, we have 225 employees that enter and leave daily. 20% of our traffic is west bound.

We need to have this traffic accommodated for safety.

**C2**

Some of the trucks leaving our plant are carrying loads that are 100' - 125' long.

PUBLIC MEETING COMMENT FORM

FM 521: FROM BELTWAY 8 TO FM 2234
PROPOSED IMPROVEMENTS AND ENVIRONMENTAL CONSTRAINTS

April 16, 2009
Open House 6:30 pm - 8:30 pm

Laura Ingalls Wilder Elementary, Pearland, Texas

Welcome to the Public Meeting for the proposed improvements to Farm to Market (FM) 521 from Beltway 8 to FM 2234. Your comments are important to the development of this project and will be taken into consideration. To submit written comments, please use the space provided below. You may submit this form tonight, or mail it to the address on the back. If mailed, written comments should be postmarked by April 30, 2009. Thank you. (To mail, please fold in half with this page on the inside and affix a postage stamp. Please tape closed, do not staple.)

Bienvenido al Público que Encuentra para las mejoras propuestas Cultivar para Vender (FM) 521 de la Carretera de Beltway8 a FM 2234. Sus comentarios son importantes al desarrollo de este proyecto y serán tomado en consideración. Para someterse comentarios escritos, utilizan por favor el espacio proporcionado abajo. Usted puede someterse esta forma esta noche, o enviarlo a la dirección en la espalda. Si comentarios enviados y escritos deben ser matasellados por el 30 de abril de 2009. Gracias. (Enviar, complacer dobles en la mitad con esta página por dentro y poner un sello de correo. Por favor cinta cerró, no cose con una grapa.)

1. How did you hear about this meeting? / ¿Cómo se informó de esta asamblea?

**APPENDIX I:  
Response to Public Comments**

## **Responses to Comments on Farm to Market (FM) 521 (from Beltway 8 to FM 2234) Public Meeting**

The Public Comment period for FM 521 (from Beltway 8 to FM 2234) was open from March 16, 2009 to April 30, 2009. During this time, the public was invited to submit comments in written format or by e-mail.

The tables below present 1) a list of commenters along with letter-number references for each comment made by that commenter, and 2) comments received along with responses from the Texas Department of Transportation (TxDOT) and the Federal Highway Administration (FHWA) (see Figure 1 for further explanation). Each of the comments below will be considered during the environmental process and each comment will be incorporated into the environmental document as appropriate.

For organizing responses (Table 2 below), comments were categorized into one of four categories, as follows:

- A. Need for and Purpose of the Project
- B. Alternatives
- C. Socioeconomic Issues
- D. General Comment

# Figure 1. How to Find Comments and Responses

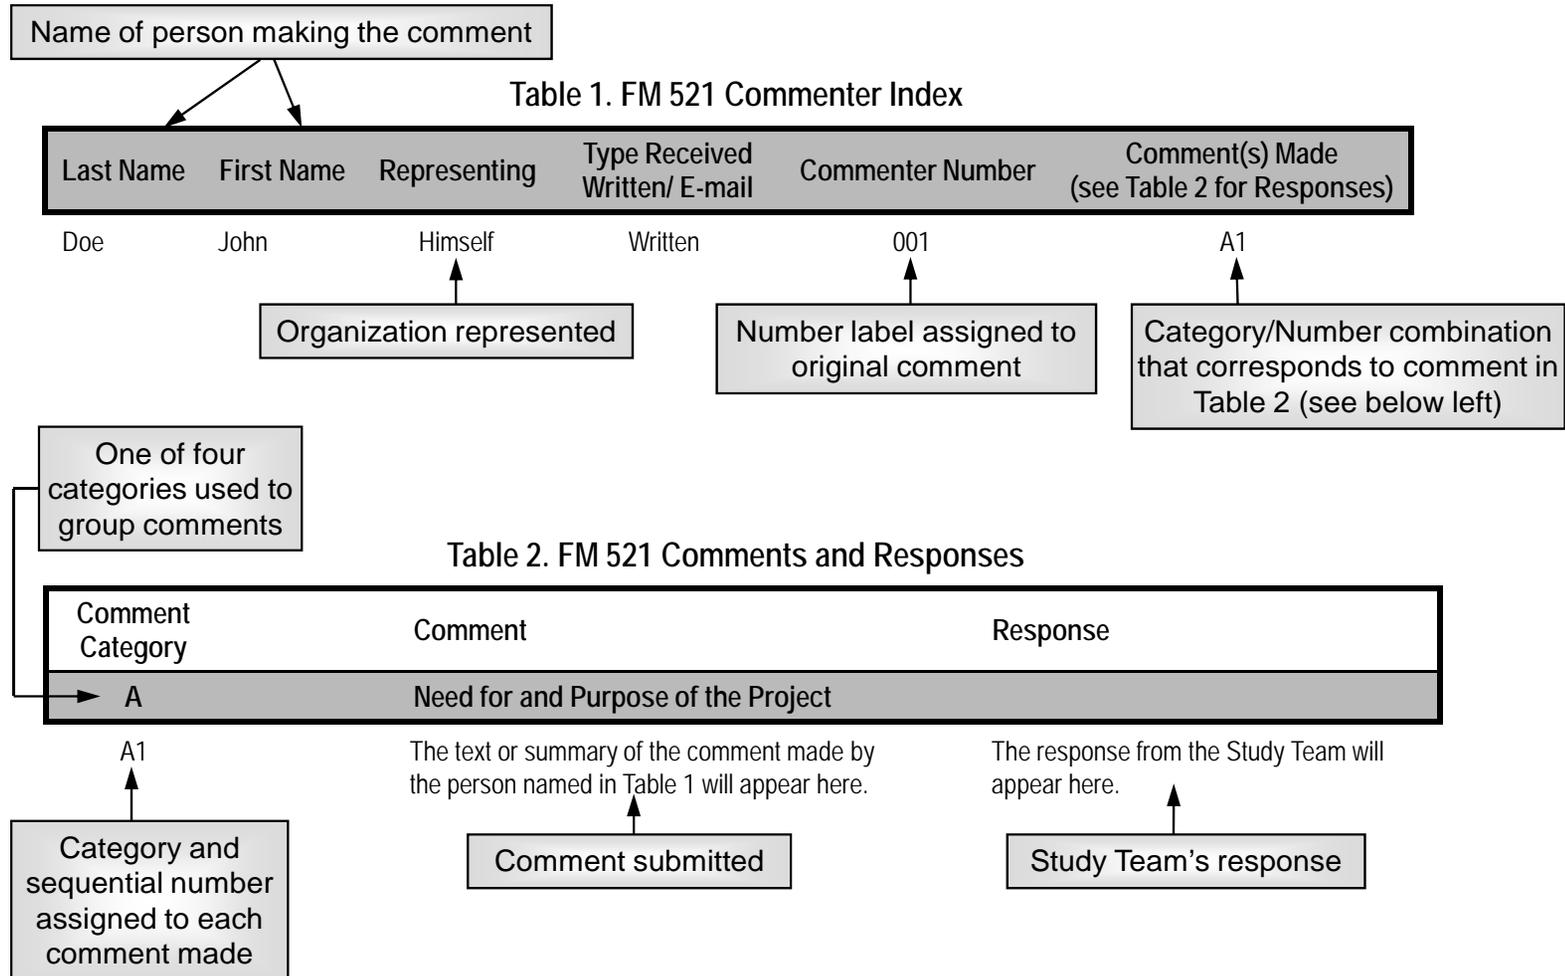

Table 1. FM 521 Commenter Index

Last Name	First Name	Representing	Type Received	Commenter Number <sup>1</sup>	Comment(s) Made <sup>2</sup> (See Table 2 for Responses)
Carreon	Rodrigo	Self	Written	001	B6
Daggett	Katie	Self	Written	002	B1, B3, B7, C1, D2
Narciso	Lisa	Self	Written	003	B8, B9, D1
Pelter	Drew	Self	Written	004	B1, B9
Phillips	Joe	Self	Written	005	A1, B10, C2, C3
Raley	Anna-Megan	Self	Written	006	A2, A3, A4, B5
Tyler	Larry & Karen	Selves	Written	007	B2, B4, D2, D3
Unknown	Unknown	Self	Written	008	B1
Zach	Steve	Self	Written	009	C4

Notes: <sup>1</sup> The "Commenter Number" (e.g., "001") is a label given to the original comment and is composed a number assigned to the comment.

<sup>2</sup> Each of the "Comment(s) Made" corresponds to a comment category and number shown in the far left column of Table 2. The letter (A through D) equals the category (e.g., "Need for and Purpose of the Project"), and the number equals the comment within that category.

Table 2. FM 521 Comments and Responses

Comment Category <sup>1</sup>	Comment	Response
A	Need for and Purpose of the Project	
A1	Commenter is concerned the project does not meet the needs for the project area.	<p><i>The Importance of Purpose and Need in Environmental Documents</i> (September 18, 1990) states that:</p> <p>The purpose and need section in the environmental document lays out why the proposed action, with its inherent costs and environmental impacts, is being pursued. If properly described, it also limits the range of alternatives, which may be considered reasonable, prudent, and practicable in compliance with the CEQ regulations, Section 4(f), the Executive Orders on Wetlands and Floodplains, and the Section 404(b)(1) guidelines. Furthermore, it demonstrates the problems that will result if the project is not implemented. There are three key points to remember relative to the purpose and need section of an environmental document. It should be:</p> <ol style="list-style-type: none"> <li>1. Justification of why the improvement must be implemented;</li> <li>2. As comprehensive and specific as possible; and,</li> <li>3. Reexamined and updated as appropriate throughout the project development process (<a href="http://www.environment.fhwa.dot.gov/projdev/tdmneed.asp">http://www.environment.fhwa.dot.gov/projdev/tdmneed.asp</a>).</li> </ol> <p>The need for the proposed project at FM 521 (from Beltway 8 to FM 2234) is based on both regional and local transportation deficiencies and goals. <i>The Houston-Galveston Area Council (HGAC) 2035 Regional Transportation Plan (RTP), the H-GAC 2008-2011 Transportation Improvement Program (TIP) and the Texas Department of Transportation (TxDOT) project needs are reference materials for this project.</i> The purpose of the FM 521 project (from Beltway 8 to FM 2234) is to expand capacity to enhance mobility, improve safety, improve railroad/ local traffic crossings, improve hurricane evacuation, and accommodate population and economic growth while minimizing impacts to the natural and social environment.</p>
A2	Commenter is concerned with the project schedule.	<p>Environmental studies will be conducted through the 1<sup>st</sup> and 2<sup>nd</sup> quarters of 2009. There will be continuous public involvement throughout the environmental process including an Opportunity for Public Hearing. After the environmental studies are complete, a Recommendation for Alternative Selection and for a FONSI from FHWA will be performed. Construction will only begin after all appropriate approvals are secured and ROW has been acquired. For up to date project status and construction schedule postings, please visit the TxDOT website at <a href="http://www.txdot.gov/">www.txdot.gov/</a>.</p>

Table 2. FM 521 Comments and Responses (Cont.)

Comment Category <sup>1</sup>	Comment	Response
A3	Commenter would like to understand the relationship between the City of Pearland and TxDOT during project coordination and process.	FHWA and TxDOT are very concerned about the opinions of and the impact to residents within the area. TxDOT has been and will continue to be open to any meeting with any person or group during the environmental process. The Environmental Assessment (EA) will document all public outreach efforts that occur throughout the life of the proposed project. Public Officials and Representatives of the City of Pearland will be notified of any project updates for the proposed improvements to FM 521. Officials and Representatives of the City of Pearland will be able to comment on the proposed improvements to FM 521, same as the public, throughout the entire environmental process.
A4	Commenter is concerned with funding for the proposed improvements to FM 521.	Funding for the project would be through Federal (80 percent) and State/local (20 percent) sources.
<b>B Alternatives</b>		
B1	Commenter supports Option B as presented at the public meeting on April 16, 2009.	Comment acknowledged.
B2	Commenter supports Option C as presented at the public meeting on April 16, 2009.	Comment acknowledged.
B3	Commenter likes the idea that FM 521 traffic will move over FM 2234, allowing continued flow.	Comment acknowledged.
B4	Commenter suggests not removing the signal light at W. Riley Road.	In all three Alternative Options A, B, and C as presented at the Public Meeting on April 16, 2009 the signal light at W. Riley Road will remain.
B5	Commenter supports Option A as presented at the public meeting on April 16, 2009.	Comment acknowledged.
B6	Commenter supports Option B as presented at the public meeting on April 16, 2009 with a proposed design modification at McIntyre Lane and modification to access to SH 288.	A single lane access to SH 288 as suggested by the commenter has been considered. This single lane would not lead directly to SH 288 as the commenter mentioned, but would tie to FM 521 before the Clear Creek bridge. This design modification would still need to be evaluated to make a determination of feasibility and practicality in regards to safety and added benefits. Currently, Corrie Kingsbury does not have direct access onto FM 521. Any proposed direct access to FM 521 would require an additional railroad crossing which violates the project need and purpose, specifically eliminating railroad crossing. Additionally the commenter requested a signal light at the proposed FM 2234 access road/ FM 2234 intersection. Any signal lights need to be evaluated during the design phase to see if they are warranted.

Table 2. FM 521 Comments and Responses (Cont.)

Comment Category <sup>1</sup>	Comment	Response
B7	Commenter states it is important to work on signal timing on northbound FM 521.	Comment acknowledged.
B8	Commenter supports Option C as presented at the public meeting on April 16, 2009 with a proposed design modification.	Comment acknowledged. See also response to Comment B9 in this table.
B9	Commenter suggests extending improvements on FM 521 to Broadway/ FM 518.	As presented in the H-GAC 2035 Regional Transportation Plan (RTP), FM 521 is proposed to be widened to a 4-lane divided roadway to south of Broadway in the Short Range Plan (2012-2017). FM 521 from south of Broadway to SH 6 is proposed to be widened to 4-6 lanes in the Long Range Plan (2018-2035). For additional information on FM 521 or other transportation projects, please refer to H-GAC RTP: <a href="http://www.h-gac.com/home/default.aspx">http://www.h-gac.com/home/default.aspx</a> .
B10	Commenter supports Option A in regards to least impacts and Option B in regards to overall relief of traffic congestion.	Comment acknowledged.
<b>C</b>	<b>Socioeconomic Issues</b>	
C1	Commenter is concerned with the impacts to the Humane Society.	<p>It is unfortunate that displacements will occur. It is also unfortunate that a relatively small group of individuals must bear the burdens of the negative impacts associated with public works projects while the community at large reaps the benefits. From a local, state, and national community perspective, although impacts to natural and human resources are expected to be caused by the project, the Need and Purpose section of the EA serves to justify why these impacts are acceptable based on the project's importance. However, from an individual perspective, this does not make those burdens and impacts any easier to bear.</p> <p>TxDOT offers relocation counseling and financial assistance to residences and businesses that are displaced by the acquisition of highway ROW in accordance with the Federal Uniform Relocation and Real Property Acquisition Policies Act of 1970 (PL 91-646). Once it has been determined that a structure must be acquired in order to construct the highway, the property owner and/or tenant is contacted by a relocation counselor who provides information on exactly what benefits for which the owner/tenant is eligible and who assists the owner/tenant in applying for those benefits. In general, the relocation counselor will provide listings of comparable housing, transportation to inspect the housing (especially for elderly and handicapped persons), and referrals to other agencies that provide assistance for relocated persons.</p> <p>The very real and human expense of a relocation is not taken lightly during the alignment location and design process. Every effort is made to avoid and/or minimize impacts to both the natural and human environment and, often times, it is a balancing act between the two.</p>

Table 2. FM 521 Comments and Responses (Cont.)

Comment Category <sup>1</sup>	Comment	Response
C2	Commenter is concerned with accident and traffic safety.	<p>The proposed improvements to FM 521 would improve regional and local safety for the traveling public by minimizing the number of at-grade railroad crossing, conditions that contribute to stop-and-go conditions, increased crash rates, and congestion during peak travel times, and emergency events.</p> <p>A Congestion Mitigation Analysis has been performed for the proposed project. Volume/ capacity (v/c) ratios or Level of Mobility (LOMs) were calculated for the proposed project, using the year 2009 volumes and capacities developed by H-GAC, verified against the actual 24-hour traffic counts from TxDOT, and projected traffic volume from H-GAC. Adjusted capacities were determined using H-GAC's capacity tables, which are based on the standard <i>Highway Capacity Manual</i> procedures for different facility types and number of lanes as well as other traffic-related factors.</p> <p>It should be noted that the No Build Alternative would not alter existing travel patterns or accessibility in the project area; however, linkages between the communities could be affected due to projected increases in traffic population over time.</p> <p>The Build Alternative would offer opportunities to not only link with existing roadway improvements but also provide joint opportunities with public agencies and private development, resulting in changes to the existing transportation patterns in the area and thus is anticipated to provide an adequate transportation system with improved traffic operations.</p>
C3	Commenter is concerned with impacts to Flexicore of Texas.	See response to Comment D1 in this table regarding impacts to individuals and businesses.
C4	Commenter would like to see a bike plan as part of the proposed improvements to FM 521.	<p>The 2035 RTP includes a Regional Bikeway Plan update that contains a listing of current and proposed bicycle facilities for the Houston area. On highways where bicycling may not be possible, such as along SH 288 in Brazoria County, there may be a parallel roadway, greenbelt or bayou that offers greater opportunities for bicyclist routes. The 1996 Regional Bikeway Plan identified example parallel roadways that could offer greater opportunities for bicyclist routes. For example, in Brazoria County, FM 521 parallels SH 288, and the shoulders could provide bicyclists a safe path to the Texas Medical Center. This portion of the FM 521 is not within the project limits. FM 521 (from Beltway 8 to FM 2234) is not a corridor identified in the plan to receive a future bicycle facility. FM 521 (from Beltway 8 to FM 2234) is not included in the City of Pearland trail master plan or conceptual trail system map.</p>

Table 2. FM 521 Comments and Responses (Cont.)

Comment Category <sup>1</sup>	Comment	Response
C4 (Cont.)	(Cont.)	(Cont.) The proposed project as proposed would accommodate existing and future crossings for both pedestrians and bicyclists at intersections, bridges, and over/underpasses affecting or providing direct access to designated pedestrian and/or bicycle facilities. In the event that a bicycle or pedestrian facility is in place prior to the proposed project, the facility would be reconstructed to maintain continuity and function. As currently designed, it is not anticipated that bicycle traffic would be accommodated in the proposed improvements. In the future, should the H-GAC RTP include a proposed bikeway corridor along FM 521 (from Beltway 8 to FM 2234), appropriate supplemental studies will be initiated.
<b>D</b>	<b>General Comments</b>	
D1	Commenter would like to set up a meeting with TxDOT and COP to discuss extending FM 521 to Broadway Street.	TxDOT's Public Informational Officer, Raquel Lewis, is available to answer any questions regarding ongoing TxDOT projects. The Public Information Officer can be contacted at 713-802-5072. See response to Comment B9 in this table regarding extending FM 521 to Broadway Street.
D2	Commenter states the meeting was well prepared and there was great representation to answer any questions.	Comment acknowledged.
D3	Commenter states that trains take approximately 18-20 minutes to completely pass through the proposed project area.	Comment acknowledged. See also response to Comment A1 regarding Need for and Purpose of proposed improvements.

Notes: <sup>1</sup> The "Comment Category" (e.g., "A") is described in bold in the gray rows and represents a topic used to divide the comments into logical groupings. Each Comment Category has a number of comments within it (e.g., comments A1 through A4) labeled in the far left column.
