The grant amount is the sum of the certified tuition and fees each semester plus a stipend **based upon the student's documented financial need**. The maximum amount for each semester is \$3,000 or \$6,000 per year.

What are the requirements for the Conditional Grant Program?

Once accepted into the program, you must:

- maintain a minimum of 12 hours per semester;
- maintain a minimum overall (cumulative) GPA of 2.5 on a 4.00 scale;
- work for the Texas Department of Transportation for at least two years immediately following the date of your receipt of a baccalaureate degree.

Important Note

If you:

- Do not graduate
- Do not maintain an overall (cumulative) 2.50 GPA
- Do not maintain a minimum of 12 hours per semester
- Drop out of school
- Change major to a non-approved field of study, or
- Do not work at the Texas Department of Transportation for the required time, **you must repay the full amount of the grant expended.**

Freshman Year

A freshman status is any student who has completed less than a total of 30 semester college hours, regardless of whether you are a transfer student.

If a grant recipient during the freshman year does not maintain the program requirements, or decides to no longer participate before entering their sophomore year, upon the approval of the program administrator may be released without penalty. However, should the recipient who has completed a total of 30 semester college hours remains in the program, and fails to maintain the minimum requirements the recipient will be in default and be required to repay the full amount of the grant expended.

Note: Any combination of 30 transfer hours accepted by your attending university will be considered as total hours to determine your academic status.
