

El Paso/Santa Teresa – Chihuahua Border Master Plan

Appendix C* Public Comments

* No comments were received for the first public event meeting.

COMMENT SHEET

I have the following comments, questions, or concerns about this project:

About criteria & weights - it appears much too complex. Keep the major weights on left but omit the % on right -
 Right - These are examples of types of considerations that comprise ~~the~~ the
 Good/Bad ~~the~~ Yes/No Decision for the Left Category. If ~~the~~ Category answer is Good/Yes -> project gets full points for category. If Bad/No = zero points. ~~over~~

Please use the back of this comment sheet for additional comments.

and all types
of other types

COMMENT SHEET

I have the following comments, questions, or concerns about this project:

Project Criteria - @ Rail. - Regional Impacts & other
criteria - Word all criteria so that good facts are given
pos. weight and bad facts are given 0 weight ~~or~~ or Negative
weight. Also, ~~each~~ each criteria point ~~is~~ answered either Yes or No.
on both i) info ~~is~~ avail, and 2) facts show positive results
and if Yes on gets assigned weight. If Yes

~~example~~ Regional Impact: Analysis shows no adverse environmental impact. ~~Y/N~~
Analysis shows no adverse community impact. ~~Y/N~~

Analysis shows no adverse geographic impact. ~~Y/N~~

Please use the back of this comment sheet for additional comments.

Contact information: If Yes - get pts per weight. If no data = 0. If data
shows bad impact = Negative points.

COMMENT SHEET

I have the following comments, questions, or concerns about this project:

- Regional Impact Language - Needs change or definition
- "Environmental Impact" - = EPA Envir Impact Statement type definition?
- "Community Impact" = Vicinity? Citizen support or opposition?
- "Geographic Impact" = Will this significantly alter the geographic landscape?

Please use the back of this comment sheet for additional comments.

COMMENT SHEET

I have the following comments, questions, or concerns about this project:

No more bridges between Bridge of the Americas
& Garrisonville. Too many more. No bridge at
York road rd after Zakra road

Please us the back of this comment sheet for additional comments.

COMMENT SHEET

I have the following comments, questions, or concerns about this project:

We need more people/public
at these meetings. We might
be able to help get word to
MX papers. Let us know.

Please us the back of this comment sheet for additional comments.

COMMENT SHEET

I have the following comments, questions, or concerns about this project:

① PLEASE REMOVE NEW INTERNATIONAL PEDESTRIAN/NOVA-MOTORIZED
POE TO BE CONSTRUCTED AT BOUNDARY MARKER #1.
TREMENDOUS HISTORICAL & NATURAL POTENTIAL OF
THIS AREA NEEDS TO BE EXPLOITED ESPECIALLY WITH THE
PROXIMITY TO A RENOWNED ASPHALT/EC PASADUNUS EGG MUSEUM!

Please us the back of this comment sheet for additional comments.

COMMENT SHEET

I have the following comments, questions, or concerns about this project:

2 I AM CONCERNED ABOUT INCREASED

DEVELOPMENT OF US 67 - PRESIDIO/JINAGA,

MAINTAINING / STRENGTHENING CURRENT ROADWAY

RAIL IS NEEDED, BUT NOT TO THE EXTENT THAT

THE NATURAL - OR HUMAN - ENVIRONMENT IS SEVERELY DISRUPTED. ALREADY AIR POLLUTION CREATES UNPLEASANT / HAZARDOUS

Please us the back of this comment sheet for additional comments. SKIES IN REMOTE AREAS LIKE BIG BEND N.P. MORE DEVELOPMENT WOULD ONLY INTENSIFY WORSE QUALITY.

COMMENT SHEET

I have the following comments, questions, or concerns about this project:

5) WHILE THE YACOROUGH / PRADA POE SEEMS COMMITTED, A
 NEW POE @ OUTER LOOP NEED TO BE PLANNED FOR IMPLEMENTATION:
 SAUER - SAN ERI POE WITH LOOP THROUGH CUNT-ACICIZAN - (MONTAÑA SWD
 TAVIKS - CHAMARRAL - ANTHONY GAP - I-10 WILL BE OF INTEREST) -
 MABLE VALVE AS OUR REGION CONTINUES TO GROW

Please us the back of this comment sheet for additional comments.

COMMENT SHEET

I have the following comments, questions, or concerns about this project:

① As always, our state highways should be the vanguard of multi-modal use (specifically for non-motorized vehicles - bicycles in particular); US 62 - 180 to Carlsbad, I-10 EFW, US 54 N to Alamogordo, US 70 Las Cruces East, US 82 E from Alamogordo are good examples.

Please use the back of this comment sheet for additional comments. HOWEVER, US 82

Contact information: (Paisano Dane) & TX 20 from Paisano to County Club are really bad. Breat shame the road

COMMENT SHEET

I have the following comments, questions, or concerns about this project:

5) I REALLY APPRECIATE THE SIGNS NEGATING BICYCLE USE OF SPUR GOING/USING EXPRESSWAY BEING REMOVED. THIS IS PERHAPS ONE OF THE FINEST BICYCLE ROUTES I'VE EVER PEPALED ANYWHERE ON EARTH. THANK YOU!

Please use the back of this comment sheet for additional comments.

COMMENT SHEET

I have the following comments, questions, or concerns about this project:

WITH INCREASED MOTOR VEHICLES USING THE PUBLIC THOROUGHFARES, POLLUTION INCREASES. AS MOTOR FUEL PRICES INCREASES, RELIANCE UPON PUBLIC TRANSIT INCREASES. HOWEVER, BIGGER AND MORE BUSES ALSO INCREASE POLLUTION. BACK TO THE STREET TROLLEYS (AND EVENTUAL RETURN OF THE FABLED WELL-USED INTERNATIONAL STREET CARS ON BLACK BRIDGE) AND AN EXCELLENT

EXAMPLE IS RENEWASHA, WISCONSIN FOR DOWNTOWN. 'FURTHER AWAY, MELBOURNE, AUSTRALIA; COPENHAGEN, DENMARK; ST. PETERSBURG, RUSSIA; PROVIDE EXCELLENT MODELS.

SOCORRO ROAD: THIS ROUTE NOT ONLY CONNECTED THE MISSIONS & PRESIDIO ALONG THE RIO BLANCO/RIO GRANDE FROM FT. MANCOCIE/INDIAN HOT SPRINGS TO SAN ELI TO SOCORRO TO VELETA TO GUADALUPE (ED. JUMER) TO MESILLA, IT IS ALSO HISTORICALLY SIGNIFICANT. ONATE'S 1ST THANKSGIVING (1598), POPE REVOLT (1680), THE SALT WARS (MID-1800S) DEPENDENT UPON THIS CURVILINEAR ROAD THAT TYPIFIED ANCIENT ROUTING. IT NEEDS TO BE

COMMENT SHEET

I have the following comments, questions, or concerns about this project: UPDATED THROUGHOUT TO ACCOMMODATE 21ST CENTURY VEHICULAR USE; SPECIFICALLY, THE LANES NEED TO BE BROADENED - 3 LANES (ALREADY EXISTANT IN MANY PLACES) THE OUTSIDE LANES FOR MAIN EAST & WEST TRAVEL, A CENTER DOUBLE-LEFT-TURN LANE, AND SHOULDERS WIDE ENOUGH FOR BICYCLES. ADDITIONALLY, A CUT-CURB SIDEWALK NEEDS TO BE INSTALLED ALONG BOTH SIDES. A MINIMUM OF 38 FEET WOULD PROVIDE ADEQUATE CLEARANCE: CUT-CURB SIDEWALK - 5'; SHOULDER - 5'; MAIN LANE EAST - 9'; DOUBLE-LEFT TURN, CENTER - 9'; MAIN LANE WEST - 9'; SHOULDER - 5'; CUT-CURB SIDEWALK - 5'. SOME PLACES ALONG THIS GORGEOUS MISSION TRAIL ARE TIGHT, HEMMED IN BY RESIDENCES & TELEPHONE POLES, BUT MUCH OF IT IS ADJACENT TO USABLE (PSB) SPACE. IT'S PRESERVATION IS

CRITICAL AS A LOW-SPEED HISTORIC CONNECTAL-HIGHWAY SPEED HEAVIER TRAFFIC SHOULD USE ALAMEDA OR NORTON ROAD (WHICH, INCIDENTALLY, ARE ALSO GOOD BIKE ROUTES).

COMMENTS: I was expecting more information
interested to know:

- Each POE has a strength...
- which ones are for commercial vehicles which are not
- volumes of crossings
- Rankings between them.
- Which one is the fastest to cross vs. the more congested etc. etc.

The Master plan to cover the needs
of the public demands.... what are those
Demands
