

DISTRICT PROFILE

The Lubbock District plans, designs, builds, operates and maintains the state transportation system in 17 Texas counties, including more than 12,000 lane miles of roadway. The Lubbock District experiences varying weather conditions from extreme heat to sub-freezing temperatures, which result in challenges for maintenance crews and designers to maintain assets and assure the safety of the traveling public.

FAST FACTS (FY 2018):

Population	488,876
Area (Sq. Miles)	15,861
Lane Miles	12,109
Daily Vehicle Miles	10,803,629
Registered Vehicles	434,971
TxDOT Employees	350
Construction/Maintenance Expenditures	\$184,657,010.11
Percentage of Highway Projects Completed On Time	78%
Percentage of Highway Projects Completed Under Budget	93%

MAJOR PROJECTS UNDERWAY:

- US 385 in Terry/Hockley counties: Adding passing lanes to US 385 between Brownfield and FM 300 in Hockley County. Work on the \$27.6 million project began in October.
- SH 349 in Dawson County: The \$17.1 million project is building a new roadway to directly connect SH 349 to US 87. Two new bridges are also being constructed. Est. completion date is summer 2019.

PLANNED MAJOR PROJECTS:

- Loop 88 in Lubbock County: Project development/construction of new freeway facility between US 84, southeast of Lubbock, to US 84, northwest of Lubbock, along the southern and western portions of Lubbock County. The project is currently in the Environment and Schematic

MAINTENANCE: The Lubbock District spends more than \$5 million annually to seal coat roadways in-house, which waterproofs the surface to prevent moisture from weakening roadbeds, which prolongs the life of the pavement and improves a non-skid surface in wet or icy conditions.

CORRIDORS: With Ports-to-Plains (I-27/US 87) running through the Lubbock District and connecting with La Entrada al Pacifico (SH 349) corridor, the district's roadways provide transportation facilities for industrial and agricultural commerce and for visitors passing through.

SAFETY: In 2018, the Lubbock District made more than \$3 million in roadway striping and \$14.06 million in contracted seal coating safety improvements to state-maintained roadways. More than 350 miles were included in the 2018 Lubbock District seat coat program.

Phase for segments one, two and four, and in the process of acquiring right of way for phase three, from US 87 to US 62/82 west of Wolfforth. Total est. cost is \$450 million.

- FM 179 in Lubbock County: Est. \$17 million project will widen roadway, north of Wolfforth from Donald Preston Drive to SH 114. Expected letting date February 2019.
- US 60 in Parmer County: Rehabilitation of existing roadway, from the New Mexico State Line to five miles west of Bovina. Est. project cost 23.3 million. Scheduled to let in March 2019.
- East Loop 289 in Lubbock County: Resurfacing roadway from US 84 to US 62/82. Est. project cost \$10 million. Scheduled let date is February 2019.

District Engineer
Steven P. Warren, P.E.
