

## Galveston Ferry Emergency Exit

When you arrive aboard the ferry vessel, you will hear an audio announcement advising you to take notice of the **black and yellow directional signs (arrows)** located throughout the vessel that in the event of an announced emergency you are to exit your vehicle and follow these directional arrows leading you to either end of the car deck (passenger muster areas), and that once at the designated location you will receive further instructions from the crewmembers.

## Port Aransas Ferry Emergency Exit

When an emergency exit is necessary, the captain will announce that passengers should exit their car and proceed to the proper exit point or muster area. Crew members will provide additional guidance and will assist the hearing impaired and handicapped passengers to the correct muster area.
