The advertisement below ran in the Austin American-Statesman newspaper on May 9, 2007.

The Texas Department of Transportation (TxDOT) supports the Cooperative Procurement Pilot Program, established in Section 166 of the Federal Transit Administration general provisions, Consolidated Appropriations Act, 2004, and has identified the quantities of transit vehicles to be purchased by participants in this national effort as reported to TxDOT. Due to statewide interest in cooperative and group purchasing of transit vehicles, types and quantities of vehicles to be purchased by public transportation agencies thru recent capital grant awards have also been identified. This information can be found under "CPPP" at:
