

DALLAS - FORT WORTH HIGH-SPEED RAIL CONNECTOR

Join us for an open house about a proposed high-performance rail service between Fort Worth and Dallas. The project envisions a faster, limited-stop rail service that could connect possible future high-speed rail lines currently being planned for both cities.

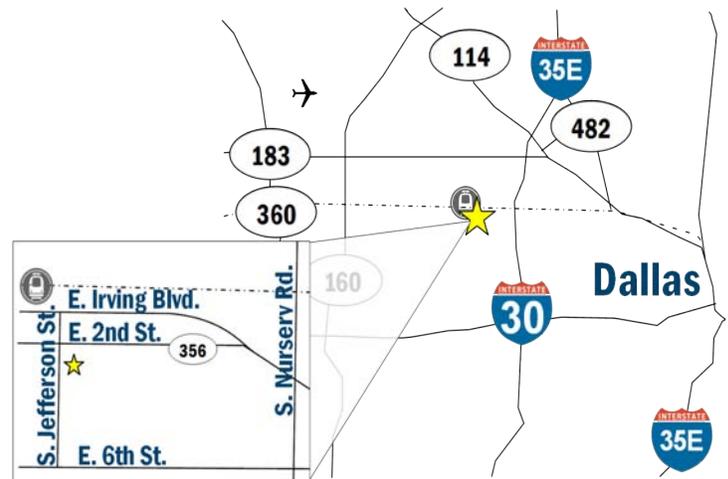

The meeting will focus on potential track locations in or near Fort Worth, Haltom City, Richland Hills, Euless, Irving, Arlington, Grand Prairie, and Dallas. We'll share the feedback we heard from citizens when we started the project late last year and welcome your comments.

The Texas Department of Transportation (TxDOT) and Federal Railroad Administration (FRA) are conducting the environmental study. For information about the Dallas - Fort Worth Core Express Service Project, visit the project webpage at www.TxDOT.gov and search "DFW Core Express," email DFWCoreExpress@txdot.gov; or call Melissa Neeley, (512) 416-3014.

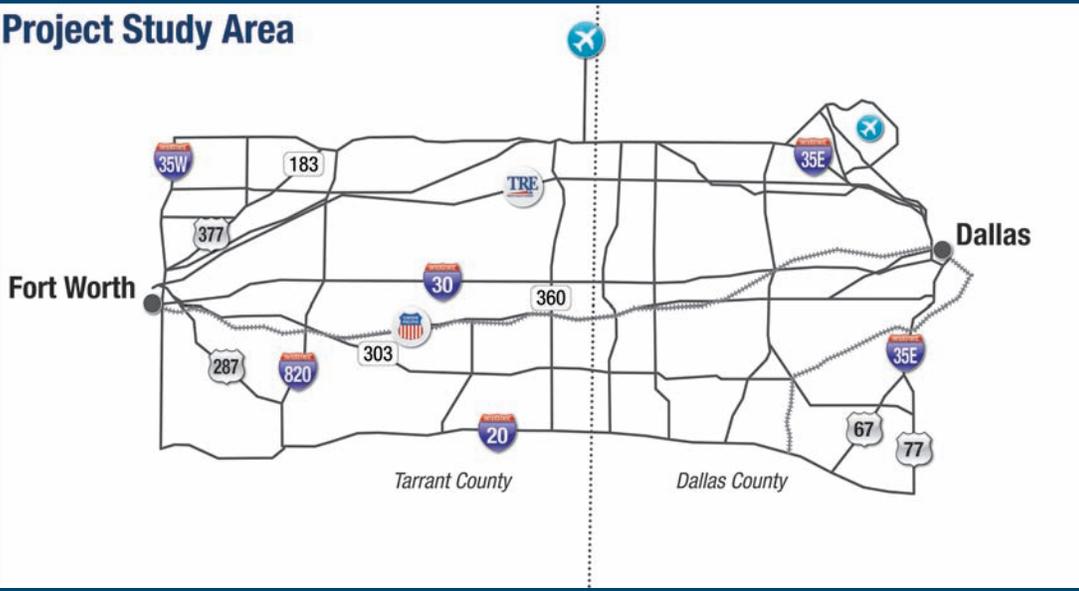

Need Assistance? If you or someone you know requires language translation, or other accommodations, please notify TxDOT at the contact provided above at least 48 hours prior to the meeting.

OPEN HOUSE JUNE 30 3:30 TO 7:30 PM

Heritage Senior Center
200 S. Jefferson St.
Irving, Texas 75060

Project Study Area

Parking and Transit Access

Free parking is available. The Heritage Senior Center is located near the Trinity Railway Express (TRE) Downtown Irving/Heritage Crossing station.

Can't make it? Meet us online!

You can get information about the project online anytime. Visit us at www.TxDOT.gov and search "DFW Core Express."
