

Welcome to the Texas Department of Transportation's 2019-2020 Educational Series

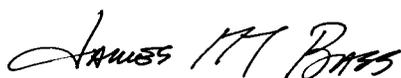

At the Texas Department of Transportation (TxDOT), it is our mission, through collaboration and leadership, to deliver a safe, reliable and integrated transportation system that enables the movement of people and goods. Our goals and objectives are to deliver the right projects, focus on the customer, foster stewardship, optimize system performance, preserve our assets, promote safety and value our employees.

Every biennium, TxDOT produces this educational series collection to provide the public and elected officials at the federal, state and local levels with information on the important activities, processes and policies shaping TxDOT's efforts to fulfill our mission. The 2019-2020 version reflects current law and practice, including legislation enacted by the 85th Texas Legislature and the 115th United States Congress. While the series may not address every transportation policy, program or effort of possible interest, it does highlight those issues of frequent inquiry and of important emphasis as Texans consider potential changes to state and federal transportation-related statutes and regulations.

The employees and leaders of TxDOT take our roles as public servants seriously. We know that the public, the Texas Legislature and Congress have entrusted us with the state's resources and that we must use those resources in a responsible and efficient manner. TxDOT's workforce is made up of engineers, administrators, financial experts, designers, architects, sign makers, accountants, purchasers, maintenance workers, travel counselors and many other professions. Our employees work together to realize the TxDOT mission, and to work efficiently and effectively to deliver transportation solutions for the people of Texas.

TxDOT stands ready to work with the public, elected officials and our transportation partners in the challenging but exciting tasks before us. Please feel free to contact TxDOT staff with any questions about the information in this collection or to continue our dialogue on the state of transportation in Texas. We look forward to serving you and the people of Texas together.

Sincerely,

James M. Bass

Executive Director

TEXAS DEPARTMENT OF TRANSPORTATION

VALUES:

People

People are the Department's most important customer, asset, and resource. The well-being, safety, and quality of life for Texans and the traveling public are of the utmost concern to the Department. We focus on relationship building, customer service, and partnerships.

Accountability

We accept responsibility for our actions and promote open communication and transparency at all times.

Trust

We strive to earn and maintain confidence through reliable and ethical decision-making.

Honesty

We conduct ourselves with the highest degree of integrity, respect, and truthfulness.

VISION:

A forward-thinking leader delivering mobility, enabling economic opportunity, and enhancing quality of life for all Texans.

MISSION:

Through collaboration and leadership, we deliver a safe, reliable, and integrated transportation system that enables the movement of people and goods.

GOALS AND OBJECTIVES:

- **Deliver the Right Projects** – Implement effective planning and forecasting processes that deliver the right projects on-time and on-budget.
- **Focus on the Customer** – People are at the center of everything we do.
- **Foster Stewardship** – Ensure efficient use of state resources.
- **Optimize System Performance** – Develop and operate an integrated transportation system that provides reliable and accessible mobility, and enables economic growth.
- **Preserve our Assets** – Deliver preventive maintenance for TxDOT's system and capital assets to protect our investments.
- **Promote Safety** – Champion a culture of safety.
- **Value our Employees** – Respect and care for the well-being and development of our employees.
