Chapter VI

Public Transportation Services

Within North Central Texas, public transportation services are provided by private for-profit, private non-profit, and public entities such as transportation authorities, small urban providers, and rural providers. These entities coordinate the provision of transportation services to the general public in the Dallas-Fort Worth-Arlington Urbanized Area, Denton-Lewisville Urbanized Area, and McKinney Urbanized Area, as well as to residents of the region's nonurbanized areas.

As transportation authorities, Dallas Area Rapid Transit (DART) and the Fort Worth Transportation Authority (The T) provide services within the Dallas-Fort Worth-Arlington Urbanized Area. The Denton County Transportation Authority (DCTA) provides services within the Denton-Lewisville Urbanized Area. Collin County Area Regional Transit (CCART) provides services within the McKinney Urbanized Area, as well as the rest of Collin County.

DART operates a multi-modal system that includes bus, light rail, high occupancy vehicle (HOV) lanes, and vanpool services for its 13 member cities: Addison, Carrollton, Cockrell Hill, Dallas, Farmers Branch, Garland, Glenn Heights, Highland Park, Irving, Plano, Richardson, Rowlett, and University Park. Fixed route, express bus, and rider request services are provided to the cities of Fort Worth, Blue Mound, and Richland Hills by The T.

Together, DART and The T operate the Trinity Railway Express, a 34-mile commuter rail service linking downtown Dallas and downtown Fort Worth. The DCTA service plan indicates an initial focus on implementation of a regional rail system in its service area, which currently includes the cities of Denton, Lewisville, and Highland Village. DCTA also

provides fixed-route, commuter, and demand-responsive services.

In accordance with the Americans with Disabilities Act (ADA) of 1990, DART, The T, and DCTA provide ADA complementary service. DART Paratransit Services provides demand-responsive service to persons with disabilities who are unable to use DART buses or trains. In addition, DART offers a Travel Training Program that provides one-on-one specialized training to persons with disabilities in the use of public transportation. Mobility-Impaired Transportation Services (MITS), a demand-responsive service, is operated by The T for persons with disabilities unable to use its bus system. DCTA Access provides demand-responsive service to persons with disabilities unable to use its fixed route services in Denton, Lewisville, and Highland Village. DCTA also provides demand-responsive service throughout its service area to the elderly and persons with disabilities.

All three providers require potential paratransit passengers to complete an application and be certified as ADA eligible. A Memorandum of Understanding (MOU) among the three transportation authorities provides that once an individual is certified as paratransit eligible by one authority, that person may utilize all three paratransit services without the need for additional certification.

In addition to the region's three transportation authorities, a number of small urban transit providers operate within the Dallas-Fort Worth-Arlington Urbanized Area. The cities of Arlington (Handitran), Grand Prairie (The Grand Connection), and Mesquite (MTED) operate

demand-responsive services to meet the transportation needs of the elderly and persons with disabilities. Northeast Transportation Services (NETS) also provides demand-responsive service to

FUNDING

Federal funding for public transportation services is provided through the following Federal Transit Administration (FTA) programs:

Urbanized Area Formula Program

The Urbanized Area Formula Program funds public transportation projects in urbanized areas of over 50,000 in population. Funds are apportioned to the urbanized area by formula and provide capital, planning and operating assistance (under specific guidelines) to transit providers operating in the urbanized area. For areas of 50,000 to 199,999 in population, such as the McKinney Urbanized Area, the formula is based on population and population density. For areas with populations of 200,000 or more, including the Dallas-Fort Worth-Arlington Urbanized Area and Denton-Lewisville Urbanized Area, the formula is based on a combination of population, population density, revenue vehicle miles, and passenger miles. The Regional Transportation Council (RTC) selects the projects under this program. The American Recovery and Reinvestment Act of 2009 (ARRA) provided additional funding through the Urbanized Area Formula Program in FY 2009.

Transit Capital Investment Program

The Transit Capital Investment Program provides capital assistance for three primary activities: (1) new and replacement buses and facilities through the Bus and Bus Related Facilities Program, (2) modernization of existing rail systems through the Fixed Guideway Modernization Program and (3) new fixed Guideway systems through the New Starts and Small Starts Program. Generally, only transportation

the elderly and persons with disabilities in Bedford, Euless, Grapevine, Haltom City, Hurst, Keller, and North Richland Hills.

authorities receive funding under the program. The American Recovery and Reinvestment Act of 2009 (ARRA) provided additional funding through the Transit Capital Investment Program in FY 2009.

Nonurbanized Area Formula Program

The Nonurbanized Area Formula Program funds public transportation in nonurbanized areas (i.e., areas with populations less than 50,000). The goal of the program is to enhance the access of people in nonurbanized areas to health care, shopping, education, employment, public services, and recreation. In Texas, the program is administered by the Texas Department of Transportation (TxDOT). Funds are apportioned to the State by formula, and may be used for capital, operating, and administrative purposes.

North Central Texas providers receiving nonurbanized area formula funds include: City and Rural Rides – Central Texas Rural Transit District (Erath County), Cletran – City/County Transportation (Johnson County), Collin County Area Regional Transit (Collin County), Community Transit Service (Ellis and Navarro Counties), Kaufman Area Rural Transportation (Kaufman and Rockwall Counties), Public Transit Services (Parker and Palo Pinto Counties), Senior Center Resources and Public Transit (Hunt County), Special Programs for Aging Needs (Denton County), Texoma Area Paratransit System (Wise County), and The Transit System (Hood and Somervell Counties).

Elderly and Persons with Disabilities Program

The Elderly and Persons with Disabilities Program funds transportation projects for the elderly and

persons with disabilities in: metropolitan, urbanized, and nonurbanized areas. To administer the program, FTA allocates capital funds to TxDOT based on the State's population of elderly and persons with disabilities. Funds are distributed to the TxDOT Districts for capital projects, including the purchase of replacement vehicles, new vehicles for service expansion, and auxiliary equipment such as radios, vehicle shelters, wheelchair lifts and restraints, microcomputer hardware and software, etc. Existing metropolitan, urban, and nonurban transit providers serve as the primary recipients of funds for their service areas.

Job Access and Reverse Commute Program

The Job Access and Reverse Commute Program funds transportation projects that assist low-income persons in getting to and from jobs and employment-related activities, as well as projects that increase transportation to suburban employment opportunities. Public transportation operators, non-profit organizations and governmental entities are eligible to receive funding. Funds are apportioned directly to urbanized areas greater than 200,000 population and support capital, operating and planning activities. NCTCOG is the designated recipient for funds apportioned to the Dallas-Fort Worth-Arlington and Denton-Lewisville urbanized areas, with the Regional Transportation Council (RTC) competitively selecting projects for award. In urbanized areas with populations less than 200,000 and rural areas, the Texas Department of Transportation administers the program.

New Freedom Program

The New Freedom Program funds transportation projects that provide new services above and beyond what is required by the Americans with Disabilities Act of 1990. Public transportation operators, non-profit organizations and governmental entities are eligible to receive funding.

Funds are apportioned directly to urbanized areas greater than 200,000 population and support capital and operating activities. NCTCOG is the designated recipient for funds apportioned to the Dallas-Fort Worth-Arlington and Denton-Lewisville urbanized areas, with the RTC competitively selecting projects for award. In urbanized areas with populations less than 200,000 and rural areas, the Texas Department of Transportation administers the program.

Chapter VII Project Listings

The 2011-2014 Transportation Improvement Program (TIP) identifies roadway and transit projects programmed for funding and construction within the next four fiscal years in the Dallas-Fort Worth Metropolitan Area. These projects represent this region's commitment to improving mobility and air quality.

The project listings provided in this chapter are grouped by Texas Department of Transportation (TxDOT) District (Dallas, Fort Worth, and Paris). Within each district, separate listings are provided for roadway and transit projects; within each of these, projects are further delineated into federal, state, regional, and locally funded categories, as appropriate. Within each listing, projects are sorted by fiscal year of implementation, funding category, and CSJ number (when applicable). Explanations of the information included in these listings are provided below.

In addition, several project work types (i.e., safety improvements, road construction, bridge replacement) are included in statewide project codes that are programmed by TxDOT and are constrained at the State level. These projects are funded under statewide project codes in the Statewide TIP. They do not have to be listed individually in the 2011-2014 Dallas-Fort Worth TIP; however, a list of the statewide project codes are included in this chapter for reference.

Please note that Regional Transportation Council (RTC) approval of the 2011-2014 TIP will include some refinement to FY 2010 projects and the FY 2015-2020 projects that lie beyond the four-year window of the 2011-2014 TIP. For informational

purposes, the project commitments approved by the RTC through development of the 2011-2014 TIP are included as Appendix F. Appendix F includes projects approved only with Congestion Mitigation and Air Quality Improvement Program (CMAQ), Regional Toll Revenue (RTR), Surface Transportation Program -- Metropolitan Mobility (STP-MM), and RTC/Local funding. For the CMAQ, STP-MM, and RTC/Local projects identified as having various locations, the individual locations to be improved are provided in Appendix G, when applicable.

Please note that none of the projects in the 2011-2014 TIP listings have been identified as Transportation Control Measures (TCM's). New TCM's will be chosen through upcoming State Implementation Plan (SIP) & Conformity initiatives.

Transit Section 5309-Capital Program projects listed in Chapter VII do not represent approved funding, but rather an intent to pursue funding from Congress; necessary refinements, including additions or deletions, will be made upon final Congressional selection for this program each year. Also, Transit Section 5311-Nonurbanized Area Formula Program projects are selected by the TxDOT Public Transportation Division; therefore, approved Transit Section 5311 projects will be carried in the Statewide Transportation Improvement Program (STIP).

STIP Report Legend

DISTRICT/TxDOT DISTRICT NUMBER	Dallas or Fort Worth District Office of the Texas Department of Transportation
COUNTY	County in which project is located
CITY	City in which project is located
CONT-SECT-JOB (CSJ)	The Control Section Job Number is a TxDOT-assigned number given to track projects
MPO PROJECT ID/NUMBER	Project identification code assigned by the Metropolitan Planning Organization for local tracking/identification of projects
HWY	Project name or location (i.e., highway number)
LIMITS FROM	Cross-street or location identifying the initial limits of a project
LIMITS TO	Cross-street or location identifying the end limits of a project
TIP/PROJECT DESCRIPTION	Brief description of work to be performed on the project
PHASE	Identifies the phase of the project funded in the given fiscal year; E = Engineering, R = Right-of-Way Acquisition, C = Construction, T= Transfer of funds to the Federal Transit Administration (FTA)
FUNDING CATEGORY	Categories of funding for the project -- A description of the funding categories is included in Exhibit III-3 of Chapter III.
REV DATE/REVISION DATE	This entry refers to the revision date (i.e., the date a project is added or changed in the TIP/STIP). Most projects listed in the 2011-2014 TIP listings will have a 07/2010 revision date, which represents the date the project listings were submitted for State/Federal review. Subsequent TIP/STIP modification cycles will change the dates for affected projects of the 2011-2014 TIP/Statewide TIP.
LC/LOCAL CONTRIBUTION	Local funds contributed to a project in excess of the 20 percent match required to receive federal reimbursement on a project
MTP REFERENCE	All projects listed in the 2011-2014 TIP must be supported in the current Metropolitan Transportation Plan (MTP). The MTP Reference sites the location where the project or policy supporting the project is located in the Plan.
NOx/VOC (lbs/day)	All CMAQ funded projects in the 2011-2014 TIP must include an air quality benefit. This entry provides the emission reductions estimated for each project in terms of Nitrous Oxides (NOx) and Volatile Organic Compounds (VOCs) in pounds/day.
PROJECT HISTORY	Project changes over time
REMARKS	Any additional remarks that help clarify project (i.e., funding, status)

PROJECT SPONSER	Implementing agency for the project
TPC/TOTAL PROJECT COST INFORMATION SECTION	Detailed cost information for project, which includes the cost of preliminary engineering, right of way acquisition, construction, construction engineering, contingencies, indirect costs, and bond financing
COST OF APPROVED PHASES	Identifies the cost of approved phases of the project funded in the given fiscal year
YOE COST	Identifies the cost of the project funded in the year of expenditure
AUTHORIZED FUNDING BY CATEGORY/SHARE	Detailed funding information which identifies the funding source and amounts for each category of funding. This section also outlines how much funding in each category comes from federal, state, regional, and local funding sources. A description of the funding categories is included in Exhibit III-3 of Chapter III.
PROJECT TYPE	Identifies the project type in the transit TIP listing. These project types can be (Planning, Operations, or Capital)
PROJECT CONTRACT DATE	Identifies the year the transit project was or will be added to a grant with the Federal Transit Administration (FTA)
SEC 5309 ID NUMBER	Identifies the federal earmark number for the approved project with the Federal Transit Administration (FTA)
URBANIZED AREA	Identifies the urbanized area in which the approved project will serve or be located. The three urbanized areas (UZA's) in the region are Dallas-Fort Worth-Arlington, Denton-Lewisville, and McKinney
FISCAL YEAR	The fiscal year the approved project phase(s) will be implemented
FEDERAL FUNDING CATEGORY	Identifies the transit federal program that will be implemented with the project. A description of the funding categories is included in Exhibit III-3 of Chapter III
FEDERAL SHARE	Identifies the funding share that the federal program will provide to the project
STATE – TXDOT SHARE	Identifies the funding share the state is responsible for providing.
LOCAL SHARE	Identifies the funding share the local transit agency is responsible for providing.
TOTAL COST OF PROJECT (YOE)	Identifies the total funding for the project in year of expenditure dollars
TRANSPORTATION DEVELOPMENT CREDIT (TDC)	A financing tool approved by the Federal Highway Administration (FHWA) that allows states to use their federal obligation authority without the requirement of non-federal matching dollars.

Chapter VIII Financial Plan

According to the Metropolitan Planning regulations passed under the Intermodal Surface Transportation Efficiency Act of 1991 (ISTEA) (23 CFR Part 450.324(h)) and reaffirmed under the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU), the Transportation Improvement Program (TIP) “. . . shall include a financial plan that demonstrates how the approved TIP can be implemented, indicates resources from public and private sources that are reasonably expected to be made available to carry out the TIP, and recommends any additional financing strategies for needed projects and programs.” The financial plan of the 2011-2014 TIP was developed by the Metropolitan Planning Organization (MPO) in cooperation with the Texas Department of Transportation (TxDOT), local transportation agencies, and local government entities. Each funding program is financially balanced against available funds for FY 2011, FY 2012, FY2013, and FY 2014.

Through financial constraint, the TIP becomes a program of committed projects designed to achieve regional mobility and improved air quality, while addressing the economic and environmental goals of the region. In essence, the TIP serves as the region’s spending plan for federal and State transportation improvement funding as well as RTR. The first step in demonstrating financial constraint of the TIP is to determine the amount of funds expected to be allocated to the region for each year through all available sources. Funding program allocations for each fiscal year are taken from the apportionments outlined in the 2010 Unified Transportation Program (UTP). Unspent carryover funds from prior years are

then added to the available balance for each year. In addition, TxDOT administrative procedures allow for the use of funds from later work programs if needed. Next, the transportation priorities are determined and projects are programmed, while maintaining a four-year financial constraint. The prioritization of projects is carried out in an open and cooperative forum between funding recipients, TxDOT, transportation agencies, and the MPO.

The 12-County Metropolitan Area consists of Collin, Dallas, Denton, Rockwall, Ellis, Johnson, Kaufman, Parker, Hunt, Hood, Wise and Tarrant Counties, a total area of approximately 4,980 square miles. The Metropolitan Area boundary encompasses the existing urbanized area, the contiguous area expected to be urbanized by the year 2030, and a portion of the ozone nonattainment area. Financial summaries are included by TxDOT District for the projects located within the confines of the Metropolitan Area boundary.

Exhibits VIII-1 and VIII-2 are the Roadway Section financial summaries for the Fort Worth and Dallas Districts in the Metropolitan Area, respectively. Exhibits VIII-3 and VIII-4 are the Transit Section financial summaries for the Fort Worth and Dallas Districts in the Metropolitan Area, respectively. These exhibits show that the 2011-2014 TIP is financially constrained in FY 2011, FY 2012, FY 2013, and FY 2014 by category. Therefore, resources have been identified and are available to fund the projects included in these fiscal years.
