Dear Ms. Morel:

We request the inclusion of the following projects into the Texas Department of Transportation Statewide Transportation Improvement Program. Because some of our projects are Economical Recovery candidate projects, we have included all FY 2009 projects in this submittal. The FY 2009 projects would be considered amendments to our FY2009 to FY 2012 TIP, and the rest of the submittal would be our typical annual TIP submittal for the FY 2010 to FY 2013 STIP.

Included in this submittal we have identified the following projects as candidates for funding through the anticipated Economic Recovery Bill, and accordingly, we show them as FY 2009 projects. These projects could be awarded within 180 days, if funding becomes available through the anticipated Economic Recovery Bill:

TX Big Bend National Park; Rehab Chisos Basin Campground Roads (new)  
TX Big Bend National Park; IMR Pavement Preservation (new)

If funding for the above listed candidate projects is not possible through the noted Bill, these projects would then revert to the program year indicated on their individual TIP information sheets.
