

# US 190 / I-10 Feasibility Study

## Public Comment Form

Welcome to the second and final series of public meetings for the *US 190/I-10 Feasibility Study*. Your comments and input are very important and will be considered in the evaluation of alternative transportation improvements and study findings.

1. In what city and county do you live? \_\_\_\_\_
2. The 10 conceptual alternatives that were developed and evaluated are presented at this open house. Please indicate your level of support for these alternatives. If you wish to provide additional comments on these alternatives, please do so on the back of this form.

Alternatives	Strongly Support	Support	Neutral	Do Not Support	Do Not Support At All	For a Specific Section? <i>(I-10, West US 190, Central US 190, East US 190)</i>
Total Freeway - Option 1	<input type="checkbox"/>					
Total Freeway - Option 2	<input type="checkbox"/>					
Four-Lane Highway - Option 1	<input type="checkbox"/>					
Four-Lane Highway - Option 2	<input type="checkbox"/>					
Four-Lane Highway - Option 3	<input type="checkbox"/>					
Fort-to-Port - Option 1	<input type="checkbox"/>					
Fort-to-Port - Option 2	<input type="checkbox"/>					
Evacuation	<input type="checkbox"/>					
Mobility/Safety - Option 1	<input type="checkbox"/>					
Mobility/Safety - Option 2	<input type="checkbox"/>					

3. **Interim/Local** transportation improvements are being considered along the US 190 corridor. Please indicate your level of support for the following improvements. For the interim improvements that you support, please list the location(s) where you think these improvement are needed.

Improvement	Strongly Support	Support	Neutral	Do Not Support	Do Not Support At All	Location <i>(Room for more comments on back)</i>
Overpasses/Interchanges	<input type="checkbox"/>					
Passing Lanes	<input type="checkbox"/>					
Additional Lanes/Roadway Widening	<input type="checkbox"/>					
Relief/Alternative Routes	<input type="checkbox"/>					
Traffic Signal Improvements	<input type="checkbox"/>					
Intersection Turn Lanes/Restrictions	<input type="checkbox"/>					
Eliminate Sharp Curves	<input type="checkbox"/>					
Standard Travel Lanes/Shoulder Widths	<input type="checkbox"/>					
Standard Bridge Clearances	<input type="checkbox"/>					
Intelligent Transportation Systems	<input type="checkbox"/>					
Other _____	<input type="checkbox"/>
