NOTIFICATION TO LAW ENFORCEMENT

Effective July 1, 2011 the CR-3 Alternate form (Rev. 07/01/2011) and CR-3 Alternate Manual (Rev. 07/01/2011) will be posted and available for law enforcement use **only**.

This form and instruction manual **does not** replace the current CR-3 (Rev. 01/01/2010) and the CR-100 (Rev. 05/10/2010).

The CR-3 Alternate form is a four page PDF printable crash report which includes embedded codes placed directly on the form; versus the CR-3 (Rev. 01/01/2010) which is a two page crash report requiring the use of Code Sheet (CR-3CS-Rev. 01/01/2010). This form is only intended for those agencies that provide handwritten reports.

If your agency chooses to use the CR-3 Alternate, please do not submit the version that includes the "**DRAFT**" watermark across the page or **the crash report will be returned to your agency**.

For explanation, you may reference the final adoption notice in the Texas Register (Publication Date of 06/10/11):

Title 43, Transportation Part 1,
Texas Department of Transportation
Chapter 25, Traffic Operations, Subchapter O,
Crash Records Information System
