NOTIFICATION TO LAW ENFORCEMENT

We would like to announce there is now an updated version of CR-3 Excel available and compatible with Microsoft Office 2010 with a few added enhancements. Thank you to all who inquired, provided comments, and issues concerning of its availability. None of this was possible without your continued support.

I would also like to express my gratitude and appreciation to the new programmer who stepped in and was able to tackle the problems and brought new insight to the file. He has done a tremendous job.

The updated version of the Excel CR-3 form (Texas Peace Officer's Crash Report) has been posted on the Texas Department of Transportation website at:

http://www.dot.state.tx.us/txdot_library/drivers_vehicles/forms/crash_records.htm

This version is still compatible with Office 2003 (Service Pack 3 required) and Office 2007 (Service Pack 2 required).

Once again, we appreciate your assistance and if you have questions or need assistance regarding the CR-3, you may contact our office at (512) 486-5780 or TRF_CrashRecords@txdot.gov.

Sincerely,

Beatrice Pyle
Report Processing Branch Manager
Crash Records Section
