Introduction

The Texas Department of Transportation (TxDOT) conducted an Open House meeting regarding the proposed FM 890 project located in Wichita County on Tuesday, December 15, 2015. The open house was held specifically to solicit public input on the FM 890 project including the project's location, preliminary design, environmental constraints and possible impacts.

Project Summary

Project Study Area

The project study area includes the existing FM 890 facility and extends from I-44 to the west to SH 240 to the east. The project is approximately 1.2 miles in length.

Purpose and Need

The purpose of this project is to improve identified structural deficiencies and improve mobility and safety for the traveling public. The existing bridge facility on FM 890 over Spur 325 does not currently meet design and safety standards and is currently considered functionally obsolete due to the insufficient horizontal clearance. This bridge would be replaced with a structure that meets current design standards. The 2011 average daily traffic (ADT) volume on the roadway and bridge was approximately 4,800 vehicles per day (VPD). The forecasted ADT volume in 2031 is estimated to be approximately 7,400 VPD. FM 890 serves Sheppard Air Force Base. A widened roadway section would accommodate the projected increased traffic volumes. The new roadway section would also alleviate congestion in this area and provide the needed level of service to access Sheppard Air Force Base.

Proposed Improvements

This was the first Open House for the FM 890 project. The meeting was designed to introduce the project to the public as well as gather feedback from the public. The purpose of the proposed project is to accommodate existing and projected traffic volumes and to improve the safety of the existing facility by upgrading the roadway to meet current design standards.

It is anticipated that if any improvements are made, they would be accomplished in four phases:

- Phase I Addition of Shoulders and Sidewalk. Phase I would include the addition of eight-foot shoulders to FM 890 facility extending from the northbound frontage road of

Interstate 44 to the southbound frontage road of Spur 325. In addition, a five-foot wide sidewalk would be constructed on the south side of FM 890 between these limits.

- Phase II Construct Three-lane roadway and Sidewalk. Phase II would include the addition of a 16-foot two-way center turn lane from the northbound frontage road of IH 44 to approximately Evergreen Drive. East of Sheppard Access, FM 890 would include a two-way center turn lane that would extend to just east of Old Burk Highway. Left turn bays would be constructed on FM 890 at Sheppard Access and at SH 240. A five-foot wide sidewalk would be constructed on the north side of FM 890 extending from the northbound frontage road of IH 44 to Katherine Drive.
- Phase III Construct Five-Lane Roadway, Construct New Bridge over Spur 325, Construct Sidewalk. Phase III would construct a five-lane section by adding two additional 12-foot wide travel lanes in each direction and constructing a new bridge over Spur 325. The new bridge would be located immediately north of the existing bridge. A five-foot wide sidewalk would be constructed on the north side of FM 890 extending from the northbound frontage road of IH 44 to the southbound frontage road of Spur 325.
- Phase IV Construct Curb and Gutter Roadway with Raised Medians and Left Turn Bays. Phase IV would include the conversion/construction of the five lane roadway section to include curb and gutter with raised medians. Left turn bays would be located at various locations including Saramy Street, Sheppard Access, Old Burk Highway, and SH 240.

Currently TxDOT is planning to implement Phase I. Phase I would not require additional right-of-way (ROW); however, to accommodate Phases II through IV, it is anticipated that additional ROW would be needed along the north side of FM 890. Any proposed ROW acquisition would occur for the ultimate configuration and be in accordance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended.

Open House Information

Open House Date and Location

The Open House was held on Tuesday, December 15, 2015 at the Wichita Falls YMCA located at Spur 325, Wichita Falls, TX. A formal presentation was not provided; however, exhibits were on display and staff was available to answer questions.

Open House Notifications

A variety of methods were used to publicize the open house. These notifications included:

- Post Cards
 - Approximately 997 post cards were mailed to property owners located in zip codes within the project limits on December 1, 2015.

- Newspaper Advertisements
 - Display advertisements were published in the following newspaper.
 - *Times Record News*
 - Published Date: December 1, 2015

- Letters
 - Letters were mailed to elected officials on November 25, 2015.

- Website Postings
 - TxDOT posted information and details about the Open House on their website: <http://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings/wichita-falls/121515.html>

- Local Media
 - Channel 6 – KAUZ TV attended and reported on the Open House on the 10:00pm news report on December 15, 2015.

Documentation for each of the notifications mentioned above is available in **Attachment A**.

Open House Hand-outs and Exhibits

Upon arrival at the Open House, attendees were asked to sign-in to document attendance and were provided with a set of handouts which included:

- Fact Sheet
- Comment Card
- Study Area Map

Two project display boards and five roll plots were exhibited to provide information about the proposed study. They included the following boards/maps:

- One Welcome Board
- One Environmental Constraint Board
- Three FM 890 Phase One Improvement Study Roll Plots
- One FM 890 Phase Two Improvement Study Roll Plot
- One FM 890 Phase Three Improvement Study Roll Plot
- One FM 890 Phase Four Improvement Study Roll Plot

Tables were provided in the room for attendees to complete comment forms.

Copies of the hand-out materials are included in **Attachment B**. Display boards and maps are included in **Attachment C**. Photographs of the Open House, including documentation of the boards and maps, are included in **Attachment D**.

Open House Format

The Open House was held from 6:00 p.m. to 8:00 p.m., during which time the public was able to review project display boards and discuss the proposed project with project staff.

Open House Attendance

A total of 14 persons signed-in at the Open House. A copy of the open house sign-in sheet is included as **Attachment E**.

Public Comment and Response Summary

The public comment period for FM 890 study began on December 1, 2015 with the first publication of the open house notice in the *Times Record News*.

Comments were accepted at the meeting and by mail and fax following the Open House. Written comments were accepted by mailing to the Texas Department of Transportation, Wichita Falls District, 1601 Southwest Parkway, Wichita Falls, TX 76302. The public comment period concluded on January 6, 2016.

A total of three written comments were received during the comment period. In addition, four comment notes were placed on the exhibit by the public. All comments received during the comment period are included in **Attachment F**.

The verbatim comments received and a response to each comment follows in **Table 1**. Comments are listed in alphabetic order by last name.

Table 1: Public Comment Summary and Responses

Last Name	First Name	Date Received	Method Received	Comment (verbatim)	Response
█	█	12/15/2015	Written Comment	Need sidewalk for Airmen – they walk to Walmart from Sheppard. Love to have entrance ramp back onto spur – otherwise you have to drive down by Vet Clinic & go up ramp by MB Corral Bar. (On back): Bridge – approach road – iced road – slid backwards	Comment noted. Current design for Phase I of FM 890 improvements includes the addition of a five foot sidewalk on the south side of the roadway. Additional pedestrian accommodations will be evaluated during future project development.
█	█	12/15/2015	Comment Note On Phase 1 Exhibit	Open this up (arrow pointing to and circle around Kathrine Road).	Comment noted. This connection will be evaluated during future project development.
█	█	12/15/2015	Comment Note On Phase 1 Exhibit	Connect the ramp and connectivity (Citizen said once the LP 11 project was built they lost ability to get on Spur 325 until far north. They want a ramp from FM 890 heading north).	Comment noted. An access ramp at this location will be evaluated during future project development.
█	█	12/15/2015	Comment Note On Phase 1 Exhibit	Pedestrian traffic from the base (Arrow pointing toward dashed line next to intersection of SB Frontage Road and FM 890).	Comment noted. Current design for Phase I of FM 890 improvements includes the addition of a five foot sidewalk on the south side of the roadway. Additional pedestrian accommodations will be evaluated during future project development.
█	█	12/15/2015	Comment Note On Phase 3 Exhibit	Steep grade during icy conditions (Arrow pointing towards SB Frontage Road).	Comment noted. Roadway grades will be evaluated during future project development.
█	█	12/16/2015	Memorandum	SUBJECT: FM 890 to SP 325 Entrance Ramp Request There is a large number of SAFB personnel that live in the southwest area of Wichita Falls and utilize the LP 11 to SP 325 corridor to access SAFB. This	Comment noted. An access ramp at this location will be evaluated during future project development.

Last Name	First Name	Date Received	Method Received	Comment (verbatim)	Response
				<p>convenient and direct route to SAFB was interrupted when the ramp access from LP 11 to SP 325 was cut off by ramp reconfiguration a few years ago due to undesirable traffic merge conditions encountered at US 287. There is an opportunity to reestablish that severed connectivity with SAFB during Phase 1 of the FM 890 Widening by building an entrance from FM 890 onto SP 325.</p> <p>Please evaluate the feasibility of constructing an entrance ramp from FM 890 onto NB SP 325.</p>	
██████	██████	12/16/2015	Written Comment	<p>Please evaluate the feasibility of constructing an entrance ramp from FM 890 onto NB Spur 325 to provide connectivity to SAFB.</p>	<p>Comment Noted. An access ramp at this location will be evaluated during future project development.</p>

FM 890 IMPROVEMENT PROJECT

¡Está invitado! PROYECTO DE MEJORA DE LA FM 890

FM 890 Open House
Reunión pública sobre la FM 890
Tuesday, Dec. 15, 2015
Martes 15 de diciembre de 2015

6 p.m. - 8 p.m.

YMCA- 2600 Spur 325
Wichita Falls, TX 76306

(on frontage road just east of IH 44 and north of
Spur 325)
(En la vía paralela, justo al este de la IH 44 y al norte
de la Spur 325)

The Texas Department of Transportation (TxDOT) invites you to attend an Open House to learn about planned improvements to FM 890 from IH 44 to SH 240 in Wichita County. The ultimate facility would upgrade the roadway from two to four lanes and replace the bridge over Spur 325. Initial improvements will include new shoulders and sidewalks. The proposed project would meet current safety and design standards and improve mobility for the traveling public. Project team members will be available to answer questions about the proposed changes. No formal presentation will be given, and you can come and go at your convenience. For more information, please go to www.txdot.gov and search "FM 890" in the search bar.

El Departamento de Transporte de Texas (TxDOT) lo invita a asistir a una reunión pública para conocer las mejoras planificadas para la FM 890 desde la IH 44 hasta la SH 240 en el condado de Wichita. Estas últimas instalaciones ampliarían la carretera de dos a cuatro carriles y se reemplazaría el puente sobre la Spur 325. Las mejoras iniciales incluirán nuevos arcenes y aceras. El proyecto propuesto cumpliría con los estándares de diseño y seguridad actuales, y mejoraría la movilidad para el público circulante. Los miembros del equipo del proyecto estarán disponibles para responder preguntas sobre los cambios propuestos. No se hará una presentación formal, y usted puede entrar y salir según su conveniencia. Para obtener más información, visite www.txdot.gov y busque "FM 890" en la barra de búsqueda.

The Honorable [REDACTED]
United States Senator

[REDACTED]
Austin, Texas 78701

Farm-to-Market 890
From Interstate Highway 44 to State Highway 240
CSJ: 2582-01-015
County: Wichita

RE: Public Meeting for Proposed Improvements to Farm to Market 890

Dear [REDACTED]:

The Texas Department of Transportation (TxDOT) Wichita Falls District will be holding an open-house format Public Meeting for proposed improvements to Farm-to-Market 890 from Interstate Highway 44 to State Highway 240 in Wichita Falls, Texas. We invite you or a representative from your office to attend the meeting which will be held from **6:00 p.m. to 8:00 p.m. on Tuesday, December 15, 2015 at Wichita Falls YMCA located at 2600 TX-325 Spur, Wichita Falls, TX 76306. The YMCA is located on the frontage road just east of Interstate Highway 44 and north of Spur 325.**

The purpose of the Public Meeting is to provide information about the proposed project and gather input from the public. The proposed project consists of four phases generally described below:

- **Phase I: Addition of Shoulders and Sidewalk**
- **Phase II: Construct Three-lane Roadway Section**
- **Phase III: Construct Five-Lane Roadway, New Bridge over Spur 325, and Sidewalk**
- **Phase IV: Construct Curb and Gutter Roadway with Raised Medians and Left Turn Bays**

Currently TxDOT is planning to implement Phase I but would like to receive public input on all proposed phases of the project. Phase I would not require additional right-of-way (ROW); however, to accommodate Phases II through IV, additional ROW would be necessary. Any proposed ROW acquisition would occur for the ultimate configuration and be in accordance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended.

The public will be notified of the meeting by a variety of methods including local newspaper publication, post cards, and by social media. Please let TxDOT know if any other officials should be contacted about the project.

If you have any questions, please feel free to contact Mr. Shaun Barnes, P.E., TxDOT Project Manager, at (940) 720-7744.

Sincerely,

Larry D. Tegtmeyer, P.E.
District Engineer

FM 890 Improvements – Fact Sheet

Project Purpose

The Texas Department of Transportation (TxDOT) is planning improvements to FM 890 from IH 44 to SH 240 in Wichita County. The ultimate facility would upgrade the roadway from two to four lanes and replace the bridge over Spur 325. Initial improvements will include new shoulders and sidewalks. The proposed project would meet current safety and design standards and improve mobility for the traveling public. The proposed FM 890 project would be constructed in four phases – exact timing to be determined:

- **Phase I: Addition of Shoulders and Sidewalk**

Phase I includes the addition of 8-foot shoulders to FM 890 beginning at the northbound frontage road of IH 44 to the southbound frontage road of Spur 325. In addition, a 5-foot wide sidewalk would be constructed on the south side of FM 890 between these limits. No new right-of-way would be required for Phase I construction.

- **Phase II: Construct Three-lane Roadway and Sidewalk**

Phase II includes the addition of a 16-foot two-way center turn lane beginning at the northbound frontage road of IH 44 to approximately Evergreen Drive. East of Sheppard Access, FM 890 would include a two-way center turn lane that would extend to just east of Old Burk Highway. Left turn lanes would be constructed on FM 890 at Sheppard Access and at SH 240. A 5-foot wide sidewalk would also be constructed on the north side of FM 890 extending from the northbound frontage road of IH 44 to Katherine Drive. Proposed ROW would be needed along the north side of FM 890 to accommodate the proposed three-lane section.

- **Phase III: Construct Five-Lane Roadway, Construct New Bridge over Spur 325, Construct Sidewalk**

Phase III would construct a 5-lane section by adding two additional 12-foot wide travel lanes in each direction and constructing a new bridge over Spur 325. The new bridge would be located immediately north of the existing bridge. A 5-foot wide sidewalk would be constructed on the north side of FM 890 extending from the northbound frontage road of IH 44 to the southbound frontage road of Spur 325. Proposed ROW would be required along the north side of the facility.

- **Phase IV: Construct Curb and Gutter Roadway with Raised Medians and Left Turn Bays**

Phase IV would include the conversion/construction of the 5-lane roadway section to include a curb and gutter with raised medians. Left turn bays would be located at various locations including Saramy Street, Sheppard Access, Old Burk Highway, and SH 240. Proposed ROW would be required along the north side of the facility to accommodate the proposed improvements.

COMMENTS:

need sidewalk for Annem - they walk to Walmart from Sheppard

Love to have ~~exit~~ from Frontage Road entrance ramp back onto Spur -

otherwise you have to drive down by Vet Clinic & go up ramp by MB Corral Bar.

Bridge - approach road - Iced road
- slid backwards

Date: December 16, 2015

MEMORANDUM FOR

TO:

FROM:

SUBJECT: FM 890 to SP 325 Entrance Ramp Request

There is a large number of SAFB personnel that live in the southwest area of Wichita Falls and utilize the LP 11 to SP 325 corridor to access SAFB. This convenient and direct route to SAFB was interrupted when the ramp access from LP 11 to SP 325 was cut off by ramp reconfiguration a few years ago due to undesirable traffic merge conditions encountered at US 287. There is an opportunity to reestablish that severed connectivity with SAFB during Phase 1 of the FM 890 Widening by building an entrance from FM 890 onto SP 325.

Please evaluate the feasibility of constructing an entrance ramp from FM 890 onto NB SP 325.
