

I-27 (from 45th Street to I-40)

OPEN HOUSE

Overview of Project Limits

The proposed project consists of operational improvements along I-27 from 45th Street to I-40 in Potter & Randall Counties. Improvements include auxiliary lanes, intersection improvements, ramp reconfigurations, and the reconstruction of grade separations over intersecting cross streets. The proposed project will also provide bike and pedestrian accommodations. Phased construction is anticipated dependent on the availability of funding.

The open house will provide exhibits which include the proposed preliminary configuration, ultimate configuration, bicycle and pedestrian accommodations, and the interim build configuration. The final determination of the ROW needed or residential/business relocation requirements will not be known until the schematic is refined.
