

Texas Department of Transportation Open House
 For the Construction of Frontage Roads in Bowie County
 CSJ 0610-07-097

The Texas Department of Transportation (TxDOT) will conduct an open house meeting on Thursday, February 2, 2017, from 5 p.m. to 7 p.m. at Waggoner Creek Elementary School located at 6335 Gibson Lane in Texarkana, Texas. The purpose of this open house is to discuss the proposed construction of IH 30 one-way frontage roads, entrance and exit ramps, and turnarounds from FM 3419 to FM 989 in Bowie County. Approximately 6.7 acres of additional right-of-way would be required for this project.

All interested citizens are invited to attend this open house to express their views and discuss the project. The open house will feature a presentation that will begin at 6:00 p.m. TxDOT personnel will be available to answer questions and receive written comments from those in attendance. Written comments may be submitted for a period of 15 calendar days after the open house to Project Manager David Neshyba at 701 East Main, Atlanta, Texas 75551 or email at David.Neshyba@txdot.gov.

Those interested in attending the open house who have special communication or accommodation needs are encouraged to contact the Atlanta District Planning Office at (903) 799-1302 at least two days prior to the open house. Because the open house will be conducted in English, any requests for language interpreters or other special communication needs should also be made at least two days prior to the open house. TxDOT will make every effort to accommodate these needs.

Maps and drawings that will be exhibited at the open house are available for public review at TxDOT's Atlanta District Design Office located at 701 E. Main in Atlanta, Texas. Information on the proposed project can also be found at <http://www.txdot.gov>. Search key words "IH 30 Frontage Roads". For project information, please contact Project Manager David Neshyba at (903) 799-1201.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 16, 2014, and executed by FHWA and TxDOT.
