Notice

Opportunity for a Public Hearing

STATE HIGHWAY 155

From 0.3 Miles East of US 259 to Glendia Drive

CSJs: 0520-05-040

Upshur County, Texas

The Texas Department of Transportation (TxDOT) is proposing to widen State Highway (SH) 155 from 0.3 miles east of US Highway 259 to Glendia Drive in Upshur County, Texas. The total length of the project is approximately 0.69 miles. Pursuant to Texas Administrative Code, Title 43, §2.106 this notice is affording an opportunity for a public hearing on the proposed project. The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 16, 2014, and executed by FHWA and TxDOT.

The purpose of this project is to widen SH 155 from a two-lane roadway to a four-lane roadway with a center left turn to improve safety and mobility for the traveling public. The existing SH 155 roadway varies in width from 42 ft to 76 ft with varying configurations from two lanes to four lanes divided by a flush median. The proposed roadway would consist of four 12 ft travel lanes, a 14 ft median, with 4 ft paved shoulders. A six ft sidewalk would be constructed on the south side of SH 155 throughout the project. The proposed roadway would have a typical right-of-way width varying from 120 ft to 150 ft. Approximately 0.26 acres of additional right-of-way would be required for this project. Although additional right-of-way is required, no residential or non-residential structures would be displaced. Information concerning services and benefits available to affected property owners and information about the tentative schedule for right-of-way acquisition may be obtained from the district office at the address listed below.

Any environmental documentation or studies, maps showing the project location and design, tentative construction schedules, and other information regarding the project are on file and available for inspection Monday through Friday between the hours of 8:00 a.m. and 5:00 p.m. at the TxDOT Atlanta District Office located at 701 E Main Street, Atlanta, Texas 75551.

Any interested person may submit comments or request a public hearing covering the social, economic and environmental effects of the proposed location and design for this project. Comments and requests for a public hearing must be submitted in writing on or before March 17, 2018, to the TxDOT Atlanta District Office, Katie Martin, P.E., Project Manager, 701 E Main Street, Atlanta, Texas, 75551
