

US 183 from SH 71 to SH 130

The Texas Department of Transportation is conducting a Feasibility Study to explore potential improvements to US 183 from SH 71 to SH 130. These improvements would identify long-term safety and mobility solutions along US 183. Join us at an open house to learn more about the project and provide feedback.

The environmental review, consultation and other actions required by applicable Federal environmental laws for this project are being, or have been, carried out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 16, 2014, and executed by FHWA and TxDOT.

TxDOT makes every reasonable effort to accommodate the needs of the public. The open house will be conducted in English and an interpreter will be available. Persons interested in attending the open house who have special communication or accommodation needs are encouraged to call (512) 832-7192 at least two business days prior to the meeting.

Open House

Stop by anytime between 5 - 7 p.m. to review materials, ask questions and provide comments.

Thursday, Nov. 7, 2019
Creedmoor Community Center
