The Texas Department of Transportation is proposing to widen Farm-to-Market 2304 (Manchaca Road) from Ravenscroft Drive to FM 1626, in Austin, Travis County, Texas. The proposed project would widen Manchaca Road to four travel lanes (two in each direction) with a center-turn lane, 6-foot bicycle lanes and sidewalks and provide drainage improvements within existing right of way (ROW).

The project is approximately 1.14 miles long. The purpose of the project is to improve mobility and connectivity, and provide additional roadway capacity to meet future traffic demands due to population growth.

The project would be constructed within the existing state owned ROW. Currently, there is no ROW acquisition needed, nor any residential or non-residential displacements as a result of the proposed project.

The open house is scheduled for Tuesday, Feb. 20, 2018 from 5:30 to 7:30 p.m. at the Manchaca Elementary School Cafeteria located at 12120 Manchaca, Austin, Texas 78748. TxDOT staff will be available to discuss the project, answer questions, and receive comments. The meeting will be an open house format so the public may come and go at their convenience.

TxDOT makes every reasonable effort to accommodate the needs of the public. The open house will be in English, if you have a special communication accommodation or need for an interpreter, a request can be made. If you have a disability and need assistance, special arrangements can also be made to accommodate most needs. Please call Jesse Bullard, P.E., TxDOT Project Manager at 512-832-7244 at least five working days in advance to request assistance. Please be aware that advance notice is requested as some accommodations may require time for TxDOT to arrange.
