

# FM 812 from US 183 to SH 21

## FACT SHEET

### Project Overview

- Upgrades the existing two-lane undivided roadway to a four-lane divided roadway
- Divides the roadway with a center turn lane in developed areas and a grassy median in undeveloped areas
- Constructs a new segment of roadway from US 183 to FM 973
- Enhances access for bicyclists and pedestrians with the addition of a 10' shared-use path

### Timeline

The environmental study and schematic design began in spring 2017. The process will incorporate public input from ongoing stakeholder meetings including the first open house public meeting on October 12, 2017, a second public meeting, and a public hearing to be held in the future. The environmental study and schematic design are anticipated to be complete in the spring of 2019.
