

WE WANT TO HEAR FROM YOU

YOU ARE INVITED TO ATTEND A PUBLIC WORKSHOP FOR THE FREDERICKSBURG RELIEF ROUTE STUDY

Attendees will have the opportunity to interactively learn more about the relief route study, provide input on the potential US 290 relief route project, and suggest possible route options. The input received at the workshop will help to guide the planning for this important transportation improvement project. Come and go at your convenience.

WHEN:

ABOUT THE STUDY

The City of Fredericksburg and Gillespie County, acting through the Gillespie County Relief Route Task Force and with support from the Texas Department of Transportation, are exploring a potential US 290 Fredericksburg relief route. The potential route would relieve traffic and improve mobility in downtown Fredericksburg by giving people the option to travel around, rather than directly through the city. As traffic volumes and congestion continue to increase the need for a relief route has become an important safety and quality-of-life issue for the community.
