

LOOP 360 PROGRAM COURTYARD DRIVE/RM 2222

WORKSHOP

WE WANT TO HEAR FROM YOU

Join us at a public workshop to learn more about proposed improvements for the Loop 360 at Courtyard Drive/RM 2222 intersections. Come and go at your convenience. Your input will help guide planning for this important transportation improvement project.

Loop 360 has severe and increasing traffic congestion, causing both mobility and safety concerns. The Loop 360 program will upgrade multiple intersections along the roadway. Proposed improvements at Loop 360 and Courtyard Drive/RM 2222 include

- Removal of the traffic signal from the Loop 360 mainlanes at Courtyard Drive and construction of an underpass.
- Construction of a diverging diamond intersection at RM 2222. To learn more about DDIs, visit Loop360Project.com and check out the FAQs page.
- Addition of a shared-use path and sidewalks within the project limits to improve bicycle and pedestrian accommodations.

Thursday
March 7, 2019
4 - 6:30 p.m.

Riverbend Church
(Community Center)
4214 N. Capital
of Texas Highway
Austin, TX
