

FM 565: Online Comment Opportunity

Participate in the FM 565 Online Comment Opportunity

What is the FM 565 Project About?

The Texas Department of Transportation (TxDOT) is proposing improvements along the existing Farm-to-Market (FM) 565 from State Highway (SH) 99 to SH 146 on the east side of Baytown in Chambers County. The approximately 2.9-mile proposed project would reconstruct and widen FM 565 from a two-lane rural roadway to a four-lane divided suburban roadway with a 16-foot center two-way left-turn lane and 10-foot shoulders between SH 99 and SH 146. A new FM 565 bridge is proposed to overpass the Union Pacific Railroad crossing, thus eliminating the at-grade crossing. No sidewalks are proposed as part of this project. The proposed project would require additional right of way from SH 146 to FM 1405; exact amount of right of way has yet to be determined.

How do I Participate Online?
