The meeting will be an open house format so the public may come and go at their convenience and staff will be available to answer questions. The meeting details are as follows:

**Thursday, September 28, 2017  
Barbers Hill ISD  
Professional Development Center (PDC)  
9600 Eagle Drive  
Mont Belvieu, TX 77523  
Open House: 4:30 P.M. – 6:30 P.M.**

The purpose of the public meeting is to gather input on three proposed projects including the intersection of I-10 at FM 3180, as well as improvements for FM 3180 along approximately 2.28 miles, and FM 2354 along approximately 3.22 miles in length. The project includes reconstructing the I-10 and FM 3180 intersection, in which I-10 will be rebuilt as an overpass across FM 3180; currently, FM 3180 is an overpass across I-10. The second proposed project includes improving FM 3180 with a traffic signal and widening FM 3180 to a four-lane section with a two-way left turn lane at the I-10 intersection. The third proposed project includes widening FM 2354 and adding a two-way left turn lane and a northbound left-turn lane at Fisher Road.

The purpose of these projects is to reduce crashes, support existing and future development, improve traffic operations and reduce congestion by improving travel time. The project will be constructed within the existing Right-of-Way (ROW); no additional ROW will be required.

Maps and other information concerning these projects will be available at the open house. This information will also be available for public inspection Monday through Friday between the hours of 8:00 A.M. and 5:00 P.M. at the TxDOT Beaumont District Office located at 8350 Eastex Freeway, Beaumont, Texas 77708-1701.
