

PUBLIC MEETING NOTICE

I-10/US 69 Interchange Improvement Project

Tuesday, April 16, 2019

The Texas Department of Transportation (TxDOT) Beaumont District will host a Public Meeting to gather input on the proposed Interstate 10 (I-10)/US 69 Interchange Improvement project, which includes reconstructing and expanding I-10 and US 69 where they converge in Beaumont, Jefferson County, Texas. The approximately five-mile project would widen the existing I-10 and US 69 roadways from Walden Road (County Road 131) north to US 90 (College Street), and then also from Hollywood Overpass east to 7th Street in each direction from four to six lanes. The project also includes relocating I-10 ramps and constructing two-lane direct connectors, or elevated flyover ramps, where I-10 and US 69 converge. In addition, changes to the Maury Meyers Bridge (Liberty/Laurel Overpass) may be necessary to meet freight standards. The project would improve mobility, reduce congestion, and improve emergency evacuation.

Additional right of way may be needed, but the exact amount is not yet known, which could potentially displace residential and commercial properties. Information about the TxDOT Relocation Assistance Program concerning services and benefits for displaced persons and businesses will be available.

The Public Meeting will be an open house format with informational displays so attendees can come-and-go; no formal presentation will be provided. The Public Meeting will be conducted in English. Persons interested in attending who have special communication or accommodation needs or require an interpreter are encouraged to contact TxDOT Public Information Officer Sarah Dupre at (409) 898-5745. Requests should be made at least five days before the event. Every reasonable effort will be made to accommodate these needs.
