

# **Finding of No Significant Impact for a FHWA Project**

**Proposed Action:** 10/69 Interchanges Project

**Project Limits:** Interstate (I)-10: from Walden Road to 7th Street  
United States Highway (US) 69: from Fannett Road to 11th Street

**City:** Beaumont                      **County:** Jefferson                      **State:** Texas

**TxDOT CSJ(s):** 0028-13-135 & 0739-02-140

In accordance with 23 CFR Section 771.119 and Section 771.121, the Texas Department of Transportation (TxDOT) has determined that 10/69 Interchanges Project will not have a significant impact on the human or natural environment.

This Finding of No Significant Impact (FONSI) for the Preferred Alternative is based on the final Environmental Assessment (EA) dated July 2020 and the entire project record. This decision documents the selection of the Build Alternative, presented in the final EA as the Preferred Alternative, which is described as:

The Build Alternative includes reconstructing and expanding I-10 and US 69 where they converge in the city of Beaumont, Jefferson County, Texas. The project would widen the existing I-10 from Walden Road (CR 131) to 7th Street and existing US 69 from Fannett Road (SH 124) to 11th Street. Between the Cardinal Drive and Eastex Freeway interchanges, the roadway would be widened in each direction from four lanes to five lanes. The roadway approaches to the Cardinal Drive and Eastex Freeway interchanges on I-10 and US 69 would be widened in each direction from two lanes to three lanes. The project also includes new frontage roads for continuity throughout the limits, relocating I-10 ramps, and constructing two-lane direct connectors in each direction where I-10 and US 69 converge within the project limits. In addition, the project includes the removal of the Maury Meyers Bridge (Liberty/Laurel Overpass) to address a height constraint for freight movements and includes upgrading drainage infrastructure to current design standards.

Approximately 11 acres of additional ROW is anticipated as part of the proposed project, mostly within the Eastex Freeway interchange, including potential easements or ROW for drainage.

A Notice of Availability of the draft EA was issued on March 8, 2020. This in-person hearing was cancelled due to Covid-19 Pandemic and rescheduled as a virtual public hearing.

A Notice of Availability of the draft EA was reissued on April 12, 2020.

A virtual public hearing for this project was held on April 28, 2020.

No changes to the draft EA were made as a result of comments received on the draft EA during the posted comment period or from comments made at the public hearing

Virtual Public Hearing Documentation has been prepared and is available for review on request.

The final EA, and supporting technical reports and forms, and reports contained in the file of record have been independently evaluated by TxDOT and determined to adequately and accurately discuss the need, purpose, alternatives, environmental issues, impacts of the proposed project, and appropriate mitigation measures. These documents provide sufficient evidence and analysis for determining that preparation of an Environmental Impact Statement is not required. These documents are incorporated by reference into this decisional document.

**Finding of No Significant Impact for a FHWA Project**

Based upon TxDOT's review and consideration of the analysis and evaluation contained in the EA for this project, and after careful consideration of all social, economic, and environmental factors, including input from the public involvement process, TxDOT hereby issues this Finding of No Significant Impact for the 10/69 Interchanges Project, I-10: from Walden Road to 7th Street and US 69: from Fannett Road to 11th Street.

TxDOT will ensure adherence and completion of all project commitments described in the final EA July 2020, Section 8.0. TxDOT will ensure that any and all local, state, or federal permit requirements and conditions are met and otherwise complied with.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried out by TxDOT pursuant to 23 U.S.C. 327 and the Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

DocuSigned by:

*Carlos Swonke*

Re: Request for Project-Level Conformity Determination  
Jefferson County  
CSJ 0028-13-135, 0739-02-140  
IH10/US69 Interchanges Project (I10 from Alden Rd to 7<sup>th</sup> St) and US69 from Fannett Road  
(SH 124) to 11<sup>th</sup> St)

Dear Mrs. Maley:

Attached is the copy of the Transportation Conformity Report Form for your review and concurrence. If possible, TxDOT is respectfully requesting an expedited review prior to July 31, 2020.

A project-level conformity determination is requested from you. If you have questions regarding this project, please contact me at 512-483-1969.

Sincerely,

*Jackie Ploch*

Jackie Ploch  
HE Programs Manager  
Environmental Affairs Division
