FM 893 (Moore Ave.) Upgrade Project

Limits from CR 3685 (Stark Rd.) to 0.2 miles west of CR 79 (Gum Hollow)

Participate in the FM 893 Project :

- Follow the project online by visiting txdot.gov and search keywords "FM 893"
- Attend the open house
- Submit a comment to TxDOT at the open house or by mail, email, or phone. See contact information for TxDOT Environmental Coordinator.

What is the FM 893 Upgrade Project?

The proposed project would upgrade the roadway from two 12-ft travel lanes with 3-ft shoulders to a five lane section with curb and gutter including two 12-ft travel lanes in each direction, a 14-ft continuous center turn lane, and pedestrian facilities on either side of the roadway. Pedestrian facilities would include a 10-ft shared use path on the north side of the roadway and sections of 5-ft sidewalk connected to sections of 10-ft shared use path on the south side of the roadway. Additional right-of-way (ROW) would be required for the proposed project.

Project Goals:

- Enhance safety and mobility by providing additional travel lanes and shared use path/sidewalk

Project Details:

- Construct additional travel lanes in each direction and continuous center turn lane
- Construct shared use path/sidewalk
