

State Highway 44 Robstown Route Study

PUBLIC OPEN HOUSE

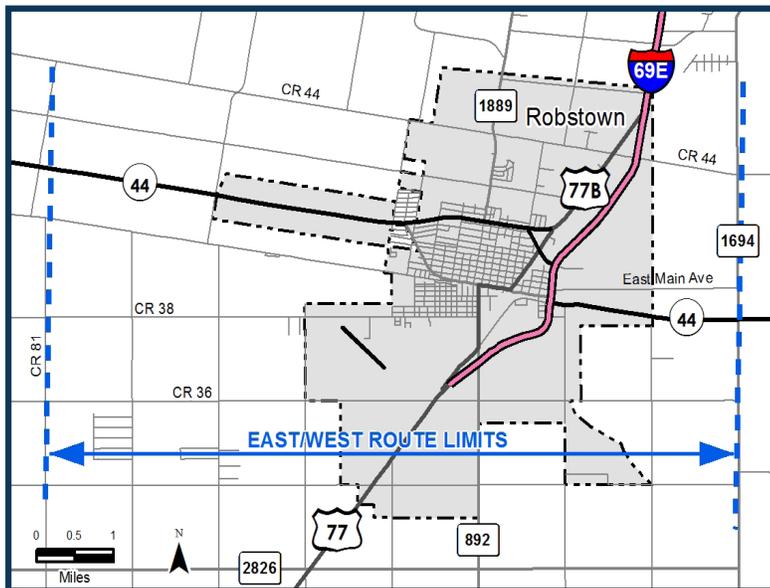

WE WANT TO HEAR FROM YOU

We would like to invite you to the State Highway (SH) 44 Robstown Route Study Open House. The Open House is open to the public and is a come and go as you please format. We look forward to seeing you at the Open House. If you have any questions or need any further information, please contact Victor Vourcos at the TxDOT Corpus Christi District, 361-808-2378 or Victor.Vourcos@txdot.gov. Or you can visit <http://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings.html>.

If you have special communication or accommodation needs, please contact Rickey Dailey at 361-808-2544 or Rickey.Dailey@txdot.gov at least five business days prior to the Open House. Every reasonable effort will be made to accommodate these needs.

OVERVIEW

In December 2015, a congressional law was passed that identified SH 44, from US 59 in Freer to SH 358 in Corpus Christi, to become part of the I-69 system as sections are upgraded to meet interstate standards. In response, TxDOT is undertaking a SH 44 Robstown Route Study to identify needs and route options for upgrading SH 44 to meet interstate standards in the Robstown area between Farm to Market Road (FM) 1694 and County Road (CR) 81. To meet interstate standards, a highway typically has a minimum of four lanes, continuous median, overpasses, and interchanges with no connecting driveways or at-grade intersections. Frontage roads may be included for local access.

TxDOT has already been developing projects east of Robstown to upgrade SH 44. The purpose of this study is to evaluate and identify the potential best route options for extending an upgraded SH 44 that meets interstate standards farther west in the Robstown area between FM 1694 and CR 81.

Once identified, the route options to be advanced for further detailed design and environmental study would be made available for additional public review and input. It is important to note that there is no current funding to complete the design, right-of-way acquisition and construction of this project.

Driven by Texans

TxDOT is hosting a Public Open House to discuss the State Highway 44 Robstown Route Study.

**Thursday, February 9, 2017
4 - 7 p.m.**

**Richard M. Borchard
Regional Fairgrounds
Ballroom A**

**1213 Terry Shamsie Blvd.
Robstown, TX 78380**

We need your input on the following:

- The purpose and need for improvements to SH 44 in the Robstown area
- Travel and traffic patterns and environmental and planning features that can influence the development of route options in Robstown
- Future growth, and development that could influence the route options
- Evaluation of the route options including local access needs, potential environmental effects (historic, archeological, potential residential and business displacements, wetlands and streams, community features, utilities and railroads), right-of-way needs, and costs
- Route option preferences
