

# DONIPHAN DRIVE CORRIDOR PLAN – FACT SHEET

## Primary Objective of the Plan

The Corridor Plan will document the community’s vision for Doniphan Drive as it relates to future transportation and development along the corridor through 2040. One of the results of this process will be the identification of a set of improvements for short-, medium-, and long-term implementation. The development of the Corridor Plan will be accomplished through a process of data collection, analysis of current and future transportation needs and agency/public outreach to identify potential projects.

## Study Limits

The TxDOT El Paso District is developing a Corridor Plan for a 15-mile section of Doniphan Drive between the Texas/New Mexico state line and Racetrack Drive in El Paso. Doniphan Drive is State Highway 20 from the Texas/New Mexico state line to Mesa Street in El Paso, and a City of El Paso roadway from Mesa Street to Racetrack Drive.

## Get Involved

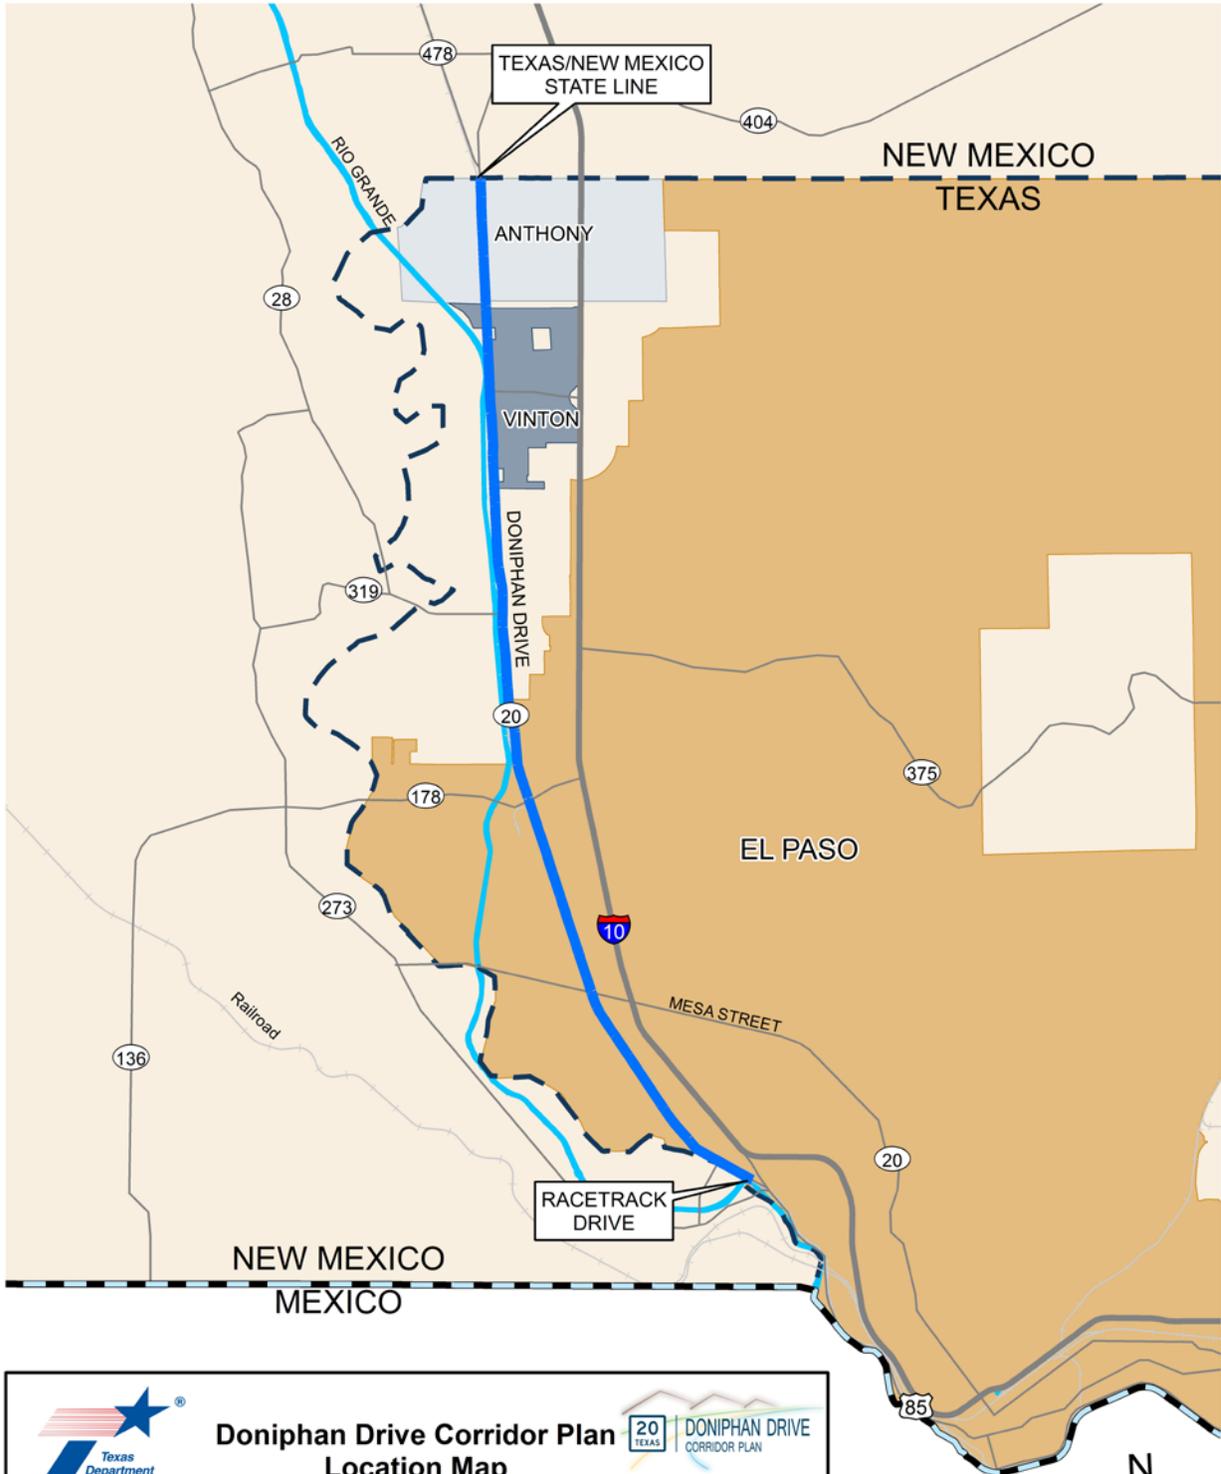

Public engagement is a key element to the success of this Corridor Plan. The development of this plan will include coordination with public stakeholders; elected officials; and local, state and federal agencies. We will request public input at key coordination points throughout the development of the Doniphan Drive Corridor Plan.
